MAINTENANCE

Regular maintenance will prolong the life and appearance of your gaming chair:

- **Cleaning:** For velvet fabric, gently vacuum regularly to remove dust. For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild fabric cleaner and test on an inconspicuous area first.
- **Hardware Check:** Periodically check all screws and bolts to ensure they are tight. Re-tighten if any looseness is detected.
- **Moving the Chair:** When moving the chair, lift it rather than dragging it to prevent damage to the base and floor.

- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading of the fabric.

TROUBLESHOOTING

If you encounter any issues with your chair, please refer to the following common solutions:
