

# Jxrev J53 Wireless Earbuds User Manual

Model: J53

---

## 1. INTRODUCTION

---

Thank you for choosing the Jxrev J53 Wireless Earbuds. This manual provides detailed instructions for setting up, operating, and maintaining your earbuds to ensure optimal performance and longevity. Please read this manual thoroughly before use.

The Jxrev J53 Wireless Earbuds feature Bluetooth 5.4 technology for stable connections, Hi-Fi stereo sound with 13mm dynamic drivers, and ENC noise-cancelling microphones for clear calls. They offer up to 40 hours of total playback with the charging case and are IP7 waterproof, making them suitable for various activities.

---

## 2. WHAT'S IN THE Box

---

Upon opening your Jxrev J53 Wireless Earbuds package, you should find the following items:

- Wireless Earbuds (2 units)
- Charging Case (1 unit)
- Type-C Charging Cable (1 unit)
- User Manual (This document)

### 3. SETUP

#### 3.1 Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case.

1. Place both earbuds into the charging case. Ensure they are correctly seated; magnetic contacts will align them.
2. Connect the provided Type-C charging cable to the charging port on the case and the other end to a USB power source (e.g., wall adapter, computer USB port).
3. The LED display on the charging case will show the battery percentage of the case, and indicator bars will show the charging status of each earbud.
4. A full charge for the earbuds takes approximately 1 hour, providing up to 8 hours of playback. The charging case provides an additional 32 hours of charge, totaling 40 hours of playback. The case itself charges fully in about 1 hour.
5. When the earbuds are low on power, a quick 10-minute charge can provide approximately 2 hours of playback.

### 3.2 Pairing with Your Device

The Jxrev J53 earbuds feature one-step pairing for convenience.

#### 1. First-time Pairing:

- Open the charging case. The earbuds will automatically power on and enter pairing mode.
- On your device (smartphone, tablet, computer), go to the Bluetooth settings.
- Search for "J53" in the list of available devices and select it to connect.
- Once connected, you will hear an audible confirmation, and the earbuds will be ready for use.

#### 2. Automatic Reconnection:

- After the initial pairing, the earbuds will automatically connect to the last paired device when you open the charging case, provided Bluetooth is enabled on your device.

#### 3. Single Earbud Use:

- Either earbud can be used independently. Simply take one earbud out of the case, and it will connect to your device. The other earbud can remain in the case or be used later.

# ADVANCED BLUETOOTH 5.4

Connecting and pairing in 1 second once you open the charging case.

### 4.2 Wearing the Earbuds

For optimal sound quality and comfort, ensure the earbuds are properly seated in your ears.

- Identify the left (L) and right (R) earbuds.
- Gently insert each earbud into the corresponding ear canal and rotate slightly until it feels secure and comfortable.
- The ergonomic design ensures a snug fit for most users.

## 5. MAINTENANCE

### 5.1 Cleaning

- Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.
- Do not use harsh chemicals, cleaning solvents, or strong detergents.
- Ensure charging contacts on both earbuds and the case are free from dust and debris to maintain proper charging.

### 5.2 Water Resistance

The Jxrev J53 earbuds feature an IP7 nano-coating, providing protection against sweat and light rain. This makes them suitable for workouts and outdoor activities.

- Do not submerge the earbuds in water.
- Avoid exposing them to high-pressure water streams.
- Ensure the earbuds are dry before placing them back into the charging case to prevent damage to the charging contacts.

## 6. TROUBLESHOOTING

If you encounter any issues with your Jxrev J53 Wireless Earbuds, please refer to the following common solutions:

- **Earbuds not pairing:**

- Ensure both earbuds are fully charged.
- Place both earbuds back into the charging case, close the lid, wait a few seconds, then open the lid again to re-enter pairing mode.
- Turn off and on Bluetooth on your device.
- If the issue persists, try forgetting "J53" from your device's Bluetooth list and re-pairing.

- **Only one earbud working:**

- Ensure both earbuds are charged.
- Place both earbuds back into the charging case, close the lid, and then open it again. This often resets the connection between the two earbuds.
- Clean the charging contacts on both earbuds and inside the case.

- **No sound or low volume:**

- Check the volume levels on both your device and the earbuds.
- Ensure the earbuds are properly connected to your device.
- Try playing audio from a different application or source.

- **Charging case not charging:**

- Ensure the Type-C charging cable is securely connected to both the case and the power source.
- Try using a different charging cable or power adapter.
- Verify the power source is active.

## 7. SPECIFICATIONS
