## SETUP

### 1. Charging the Earbuds and Case

Before first use, fully charge both the earbuds and the charging case. The charging case features an LED power display to indicate the battery level.

1. Place the earbuds into the charging case.
2. Connect the charging case to a power source using the provided USB charging cable.
3. The LED display on the case will show the charging status. A full charge for the case takes approximately 1.5 hours.
4. Earbuds will charge automatically when placed in the case. A full charge for the earbuds takes approximately 1 hour.

A fully charged case can provide about 4 recharges for the earbuds, offering up to 40 hours of total playtime (8 hours per earbud charge).

## 2. Pairing with Your Device

The Jxrev J53 earbuds utilize Bluetooth 5.4 for a fast and stable connection.

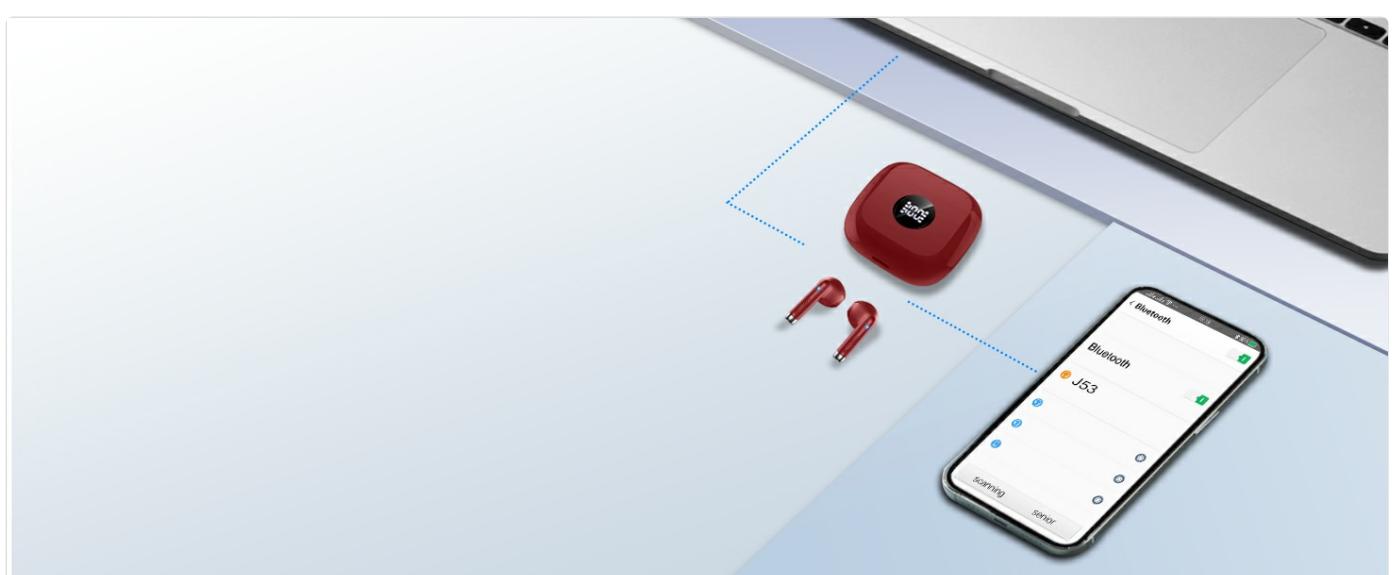

1. Ensure the earbuds are charged.
2. Open the lid of the charging case. The earbuds will automatically enter pairing mode.
3. On your device (smartphone, tablet, computer), go to the Bluetooth settings.
4. Search for available devices and select "**J53**" from the list.
5. Once connected, you will hear a confirmation tone, and the earbuds will be ready for use.
6. For subsequent connections, simply open the charging case, and the earbuds will automatically reconnect to the last paired device.

## OPERATING INSTRUCTIONS

### Touch Controls

Each earbud features a sensitive touch control area. Refer to the diagram below for specific functions:

Image: A diagram illustrating the touch control functions of the Jxrev J53 earbuds, including actions for music playback, calls, volume, and voice assistant.

- **Play/Pause:** Single tap on either earbud.
- **Next Track:** Double tap the right earbud.
- **Previous Track:** Double tap the left earbud.
- **Answer/End Call:** Single tap on either earbud.
- **Reject Call:** Press and hold either earbud for 2 seconds.
- **Activate Voice Assistant:** Triple tap on either earbud.
- **Volume Up:** Press and hold the right earbud.
- **Volume Down:** Press and hold the left earbud.

## Single Earbud Mode

The earbuds can be used independently. Simply take one earbud out of the case, and it will connect to your device. The other earbud can remain in the case or be used by another person.

## MAINTENANCE

### Water Resistance (IP7)

The Jxrev J53 earbuds are rated IP7 waterproof, meaning they are protected against immersion in water up to 1 meter for up to 30 minutes. This makes them suitable for sports and use in light rain. However, they are not designed for swimming or prolonged submersion.

- Do not intentionally submerge the earbuds.
- Wipe dry immediately if exposed to water or sweat.
- Ensure the charging port is dry before charging.

Image: The Jxrev J53 earbuds partially submerged in water, with bubbles, illustrating their IP7 waterproof capability.

### Cleaning

Regularly clean your earbuds and charging case to ensure optimal performance and hygiene.

- Use a soft, dry, lint-free cloth to wipe the earbuds and charging case.
- Do not use abrasive cleaners or solvents.
- Gently clean the charging contacts on both the earbuds and the case with a dry cotton swab if necessary.

## TROUBLESHOOTING

If you encounter any issues with your Jxrev J53 earbuds, please refer to the following common solutions:

Problem	Solution
---------	----------

Problem	Solution
Earbuds not pairing	<ul style="list-style-type: none"> <li>Ensure earbuds and case are charged.</li> <li>Turn off and on Bluetooth on your device.</li> <li>Forget "J53" from your device's Bluetooth list and try pairing again.</li> <li>Place earbuds back in the case, close the lid, wait a few seconds, then open to re-enter pairing mode.</li> </ul>
Only one earbud working	<ul style="list-style-type: none"> <li>Ensure both earbuds are charged.</li> <li>Place both earbuds back in the charging case, close the lid, then open it again.</li> <li>Try resetting the earbuds (refer to manufacturer's specific reset instructions if available, otherwise, forgetting and re-pairing often resolves this).</li> </ul>
Low volume or poor sound quality	<ul style="list-style-type: none"> <li>Adjust the volume on both your device and the earbuds.</li> <li>Clean any debris from the earbud speaker mesh.</li> <li>Ensure the earbuds are properly seated in your ears.</li> </ul>
Charging case not charging	<ul style="list-style-type: none"> <li>Check the charging cable and adapter. Try a different cable or power source.</li> <li>Ensure the charging port on the case is clean and free of debris.</li> </ul>

## SPECIFICATIONS
