

ZIUTY A1

ZIUTY A1 Bluetooth Wireless Earbuds User Manual

Model: A1

INTRODUCTION

Thank you for purchasing the ZIUTY A1 Bluetooth Wireless Earbuds. This manual provides detailed instructions on how to set up, operate, maintain, and troubleshoot your earbuds. Please read this manual carefully before use to ensure optimal performance and longevity of your device.

The ZIUTY A1 earbuds are designed for comfort and high-quality audio, featuring a lightweight design (approximately 3.9g per earbud), Bluetooth 5.3 connectivity, advanced noise reduction, and a long-lasting battery.

PRODUCT OVERVIEW

The ZIUTY A1 earbuds offer a blend of comfort, advanced audio technology, and user-friendly features. Key components include the earbuds and the charging case.

Key Features:

- **Lightweight Design:** Each earbud weighs approximately 3.9g for extended comfort.
- **Ergonomic Fit:** Dual-oval shape design for a secure and comfortable fit.
- **Bluetooth 5.3:** Ensures stable connection, lower power consumption, and improved audio-video synchronization.
- **ENC+CVC8.0 Noise Reduction:** Enhances call clarity by reducing environmental noise.
- **14.5mm Large Diameter Driver:** Delivers rich, detailed sound with deep bass.
- **Extended Playback:** Up to 6-8 hours on a single charge, and up to 36 hours with the charging case.

- **Type-C Fast Charging:** Quick and efficient charging for the case and earbuds.
- **LED Battery Display:** Clear digital display on the charging case shows remaining battery percentage.
- **Automatic Pairing:** Simplifies connection process after initial setup.
- **IPX7 Waterproof:** Provides protection against sweat and rain.
- **Intuitive Touch Controls:** Manage music, calls, and voice assistant with simple taps.
- **Wide Compatibility:** Works with iOS, Android, and Windows devices.

SETUP

1. Initial Charging

Before first use, fully charge the earbuds and the charging case. Connect the provided Type-C cable to the charging case and a USB power source. The LED display on the case will show the battery percentage during charging.

2. Selecting Ear Tips

The earbuds come with three sizes of ear tips (S, M, L). Choose the size that provides the most comfortable and secure fit for your ears to ensure optimal sound quality and noise isolation.

3. Pairing with Your Device

1. Ensure the earbuds are charged and placed inside the charging case.
2. Open the charging case. The earbuds will automatically power on and enter pairing mode.
3. On your device (smartphone, tablet, computer), enable Bluetooth.

4. Search for available Bluetooth devices and select "A1" from the list.
5. Once connected, you will hear a confirmation tone, and the earbuds will be ready for use.

After the initial pairing, the earbuds will automatically connect to the last paired device when taken out of the charging case, provided Bluetooth is enabled on your device.

OPERATING INSTRUCTIONS

The ZIUTY A1 earbuds feature intuitive touch controls on each earbud. The following table outlines the

basic operations:

| Function | Action |
|--------------------------|---|
| Power On | Take earbuds out of the charging case. |
| Power Off | Place earbuds back into the charging case. |
| Play/Pause Music | Single tap on either earbud. |
| Next Track | Double tap on the right earbud. |
| Previous Track | Double tap on the left earbud. |
| Answer/End Call | Single tap on either earbud. |
| Reject Call | Press and hold either earbud for 2 seconds. |
| Volume Up | Triple tap on the right earbud. |
| Volume Down | Triple tap on the left earbud. |
| Activate Voice Assistant | Press and hold either earbud for 3 seconds. |

Single Earbud Use

You can use either the left or right earbud independently. Simply take one earbud out of the case, and it will automatically connect to your device if it has been previously paired.

MAINTENANCE

Cleaning

Regularly clean your earbuds and charging case to maintain optimal performance and hygiene. Use a soft, dry, lint-free cloth to wipe the surfaces. For ear tips, remove them from the earbuds and clean with a mild soap solution, then rinse thoroughly and dry completely before reattaching.

Do not use abrasive materials, alcohol, or chemical cleaners, as these may damage the device.

Storage

When not in use, store the earbuds in their charging case to protect them from dust, dirt, and physical damage. Store the charging case in a cool, dry place, away from direct sunlight and extreme temperatures.

Water Resistance (IPX7)

The ZIUTY A1 earbuds are rated IPX7, meaning they are protected against immersion in water up to 1 meter for up to 30 minutes. This makes them suitable for workouts and use in light rain or splashes. However, they are not designed for swimming or prolonged submersion. Ensure the earbuds are dry before placing them back into the charging case to prevent damage.

TROUBLESHOOTING

If you encounter any issues with your ZIUTY A1 earbuds, please refer to the following common problems and solutions:

| Problem | Solution |
|----------------------------------|---|
| Earbuds do not power on. | Ensure the earbuds are charged. Place them in the charging case and close the lid, then open it again. |
| Earbuds do not pair with device. | Make sure Bluetooth is enabled on your device. Forget "A1" from your device's Bluetooth list and try pairing again. Ensure earbuds are in pairing mode (taken out of case). |
| Only one earbud is working. | Place both earbuds back into the charging case, close the lid, then open it again and take them out simultaneously. Ensure both earbuds are charged. |
| No sound or low volume. | Check the volume level on both your device and the earbuds. Ensure earbuds are properly seated in your ears. Clean any debris from the earbud speakers. |
| Charging case not charging. | Ensure the Type-C cable is securely connected to both the case and the power source. Try a different cable or power adapter. |
| Minimum volume is too loud. | Adjust the volume directly on your connected device. Some devices offer finer volume control than the earbuds themselves. |

Resetting the Earbuds

If you experience persistent issues, you may need to reset the earbuds. Refer to the product's official support page or contact customer service for specific reset instructions, as this process can vary.
