Lamshaw 2.84mm pins distance

Lamshaw Magnetic Smart Watch Charger Instruction Manual

Model: 2.84mm Pins Distance Charger

1. PRODUCT OVERVIEW

The Lamshaw Magnetic Smart Watch Charger provides a convenient and efficient solution for charging your compatible smartwatch. This charger features a magnetic connection for secure alignment and a durable design for long-lasting use. It is designed for portability, allowing for charging wherever a USB power source is available.

Image 1.1: Two Lamshaw Magnetic Smart Watch Chargers. Each charger consists of a USB-A connector on one end and a magnetic charging puck with two pins on the other, connected by a black cable.

Key Features:

- **Magnetic Cable Design:** Ensures a secure and stable connection to your smartwatch without precise alignment.
- **Durable and Tangle-Free:** Constructed with high-quality materials for wear resistance and easy storage.
- **USB Connectivity:** Compatible with various USB power sources such as laptops, power banks, and wall adapters.
- **Compact and Portable:** Lightweight design for easy transport and on-the-go charging.

2. COMPATIBILITY

This charger is designed to be compatible with specific SOUYIE smartwatch models. Please verify your smartwatch model and pin distance for correct charger selection.

- **2.84mm Charger:** Compatible with SOUYIE GTX19 Smart Watch.
- **4mm Charger:** Compatible with SOUYIE H69, P109, T98 Smart Watch.

This specific product variant is the 2.84mm pins distance charger.

3. SETUP AND OPERATION

3.1 Connecting the Charger

1. Identify the charging port on your compatible smartwatch.
2. Align the magnetic charging puck of the Lamshaw charger with the charging contacts on your smartwatch. The magnetic connection will help guide the puck into the correct position.
3. Ensure the pins on the charger make proper contact with the smartwatch's charging points.

Strong Magnetic Charging for Smart Watch

Immediately Charge Once Touch

Image 3.2: Close-up view of the charger's USB-A connector and the magnetic charging puck with its two gold-plated pins.

3.2 Charging Your Smartwatch

1. Plug the USB-A end of the charger into a compatible USB power source (e.g., laptop, power bank, wall adapter).
2. Once connected, your smartwatch should indicate that it is charging.
3. A full charge typically takes approximately 2.5 hours when using a 1A output current.

4. MAINTENANCE

To ensure the longevity and optimal performance of your Lamshaw Magnetic Smart Watch Charger, follow these maintenance guidelines:

- **Cleaning:** Gently wipe the magnetic charging pins and cable with a dry, soft cloth to remove any dust or debris. Avoid using liquid cleaners directly on the pins.
- **Storage:** Store the charger in a cool, dry place away from direct sunlight and extreme temperatures. The tangle-free design allows for easy coiling and storage.
- **Handling:** Avoid bending the cable sharply or applying excessive force to the connectors, as this can damage the internal wiring.

5. TROUBLESHOOTING

If you encounter issues with your Lamshaw Magnetic Smart Watch Charger, please refer to the following common troubleshooting steps:

- **Charger Not Working:**

- Ensure the charger's magnetic pins are clean and free of debris.
- Verify that the charger is securely connected to both the smartwatch and the USB power source.
- Try a different USB power source (e.g., another USB port on your laptop, a different wall adapter) to rule out issues with the power supply.
- Confirm that your smartwatch model is listed as compatible with the 2.84mm pin distance charger.

- **Incompatible or Incorrect Polarity:**

- Some smartwatches may have different magnetic polarities or pin configurations. Ensure your smartwatch is specifically listed as compatible.
- If the charger does not snap securely or the watch does not charge, it may indicate an incompatibility issue with the pin distance or magnetic polarity.

- **Slow Charging:**
 - Ensure your USB power source provides sufficient current (e.g., a 1A output current is recommended for optimal charging speed).
 - Avoid charging through unpowered USB hubs or older USB ports that may provide lower power output.

6. SPECIFICATIONS

Feature	Detail
Brand	Lamshaw
Connector Type	2-Pin Magnetic, USB-A
Cable Type	Flexible PVC
Compatible Devices	SOUYIE Smart Watches (GTX19, H69, P109, T98)
Special Feature	Lightweight, Magnetic Connection
Recommended Uses	Charging Smartwatches
Color	Black (2 Pack-Black+Black variant)
Connector Gender	Male-to-Male
Number of Pins	2
Unit Count	2.0 Count (for this variant)
Indoor/Outdoor Usage	Indoor
Product Dimensions	0.5 x 0.5 x 0.5 inches (charger head)
Item Weight	1.23 ounces
Model Number	1
First Available	February 7, 2025

7. WARRANTY AND SUPPORT

This product comes with a 90-day warranty coverage. For any product-related inquiries, technical support, or warranty claims, please contact the seller through the platform where the purchase was made. Ensure to provide your order details for efficient assistance.
