2. SAFETY INFORMATION

Please read and understand all safety instructions before assembling and using the chair. Keep this manual for future reference.

- **Maximum Weight Capacity:** The chair is designed to support a maximum weight of **400 lbs (181 kg)**. Do not exceed this limit to prevent damage or injury.
- Ensure all screws and bolts are securely tightened before use and periodically check for looseness.
- Do not stand on the chair or use it as a step stool.
- Keep children and pets away from the chair during assembly.
- Avoid exposing the chair to direct sunlight or extreme temperatures, which can damage the PU leather.

3. PACKAGE CONTENTS

Before assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Backrest Assembly
- Seat Cushion Assembly with Footrest
- Armrests (2)
- Gas Lift Cylinder
- Star Base
- Casters (5)
- Mechanism Plate
- Headrest Pillow
- Lumbar Support Pillow (integrated pocket springs)
- Hardware Pack (screws, washers, Allen wrench)
- Instruction Manual

4. SETUP AND ASSEMBLY

Assembly typically takes 20-30 minutes. All necessary hardware and tools are included. For best results, assemble on a soft, clean surface to prevent scratching.

1. **Attach Casters to Base:** Insert the five casters into the holes at the end of each leg of the star base until they click securely into place.
2. **Insert Gas Lift:** Place the gas lift cylinder into the center hole of the star base.
3. **Attach Mechanism Plate:** Secure the mechanism plate to the underside of the seat cushion using the provided screws. Ensure the front of the mechanism faces the front of the seat.
4. **Attach Armrests:** Fasten the armrests to the seat cushion and backrest using the designated screws. Ensure they are firmly attached.
5. **Connect Seat to Base:** Carefully place the assembled seat cushion onto the gas lift cylinder, ensuring it is centered and stable.
6. **Attach Headrest and Lumbar Pillow:** The headrest pillow is integrated. The lumbar support pillow is built-in with pocket springs.

Upgraded Adjustable Armrests

3.15" Height adjustable armrest prevent elbow fatigue and keep you comfortable while you work or play.

Image 2: Visual representation of the chair's sturdy metal base, silent casters for smooth movement, and the SGS-certified Class 4 gas lift for reliable height adjustment.

5. OPERATING INSTRUCTIONS

5.1. Height Adjustment

To adjust the chair's height, locate the "LIFT" lever on the right side under the seat. Pull the lever upwards while seated to lower the chair, or pull it upwards while standing to raise the chair. Release the lever at your desired height.

5.2. Reclining Function

The chair features a 90°-150° adjustable reclining function. To recline, locate the "RCL" lever on the left side under the seat. Pull the lever upwards and lean back to your desired angle. Release the lever to lock the backrest in place. To return to an upright position, pull the lever again and lean forward.

90°-150° Adjustable Reclining Function

Armrests Can Be Adjusted by 3.15in to Continuously Support Your Elbows.

Image 3: The chair demonstrating its 90°-150° reclining capability, highlighting the adjustable armrests that move with the recline.

5.3. Adjustable Armrests

The armrests are height-adjustable by 3.15 inches. To adjust, locate the button on the side of each armrest. Press the button and move the armrest up or down to your preferred height. Release the button to lock it.

Image 4: A close-up view of the chair's adjustable armrests, illustrating their 3.15-inch height adjustment range for optimal elbow support.

5.4. Integrated Footrest

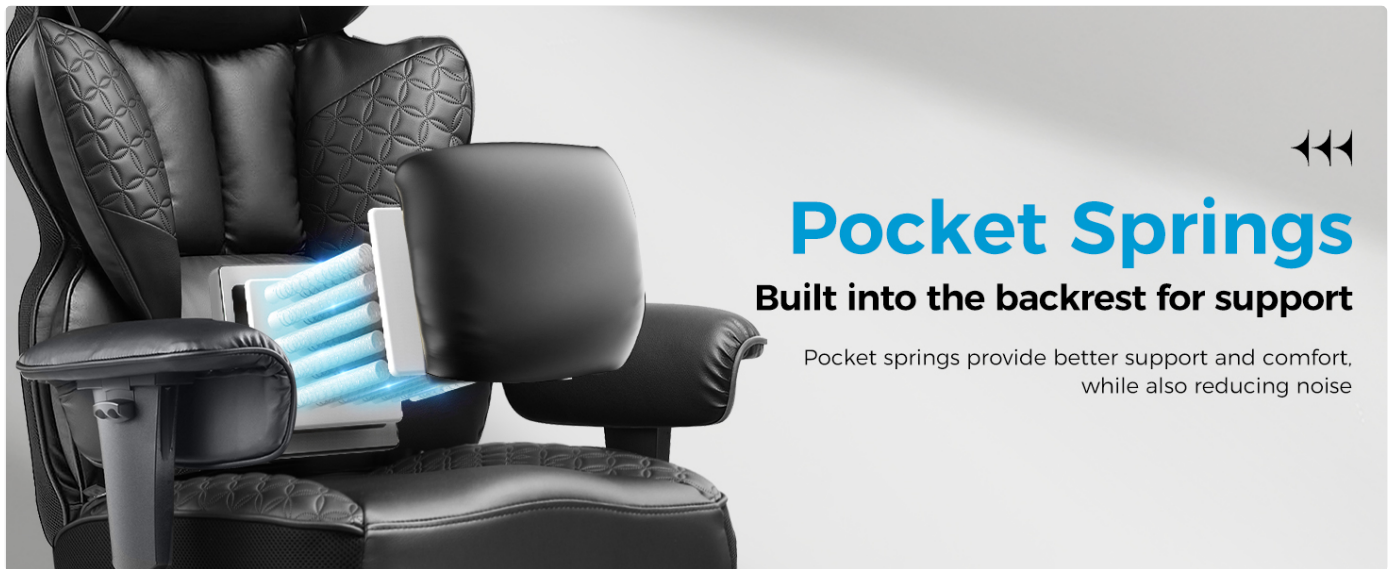

The chair includes an integrated, retractable footrest. To extend, pull the footrest out from under the seat. To retract, push it back in until it is fully stored. This feature is ideal for relaxing or reclining.

Image 5: A user comfortably relaxing in the COMHOMA chair with the integrated footrest fully extended, demonstrating the chair's reclining comfort.

5.5. Lumbar Support and Seating

The chair features built-in lumbar support with pocket springs, designed to maintain elasticity and breathability. The extra-wide seat (21.26 inches) and thick padding provide a spacious and comfortable seating experience, akin to a sofa. The hugging wingback design offers a cozy, supportive feel.

Pocket Springs

Built into the backrest for support

Pocket springs provide better support and comfort, while also reducing noise

Image 6: An internal view illustrating the pocket springs integrated into the chair's backrest, providing enhanced support and comfort while minimizing noise.

6. MAINTENANCE

Proper care will extend the life and appearance of your COMHOMA office chair.

- **Cleaning:** For daily cleaning, wipe the PU leather with a soft, damp cloth. For tougher stains, use a mild soap solution and wipe dry immediately. Avoid harsh chemicals or abrasive cleaners.
- **Inspection:** Periodically check all bolts and screws to ensure they are tight. Re-tighten if necessary.
- **Casters:** Keep casters free of hair and debris to ensure smooth movement.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause the PU leather to fade or crack.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Chair does not adjust height.	Gas lift not properly installed or damaged.	Ensure gas lift is fully inserted into the base and mechanism. If problem persists, contact customer support for replacement.
Chair wobbles or feels unstable.	Loose screws or improper assembly.	Check all assembly points and tighten all screws. Ensure the base is level on the floor.
Footrest does not slide smoothly.	Obstruction or misalignment.	Check for any debris in the sliding mechanism. Ensure the footrest is aligned correctly.
Armrests are difficult to adjust.	Mechanism may be stiff or obstructed.	Apply a small amount of silicone lubricant to the sliding parts if needed. Ensure no fabric is caught in the mechanism.
