Timekettle W4 Pro

Timekettle W4 Pro AI Interpreter Earbuds User Manual

Model: W4 Pro

INTRODUCTION

The Timekettle W4 Pro AI Interpreter Earbuds are designed to break down language barriers, offering seamless communication across 40 languages and 93 accents. These earbuds provide real-time bidirectional translation, media translation, and even offline capabilities, making them an essential tool for travel, business, and everyday interactions. This manual will guide you through the setup, operation, and maintenance of your W4 Pro earbuds to ensure optimal performance.

WHAT'S IN THE BOX

Your Timekettle W4 Pro package includes the following items:

- Timekettle W4 Pro Translator Earbuds (Left and Right)
- Charging Case
- USB-C Charging Cable
- User Manual (this document)

SETUP

Follow these steps to set up your Timekettle W4 Pro earbuds for the first time:

1. **Charge the Earbuds:** Place both earbuds into the charging case. Connect the charging case to a

power source using the provided USB-C cable. Ensure the earbuds are fully charged before first use.

2. **Activate the Device:** Take out the earbuds from the charging case. Remove any insulation sheets if present. Place them back into the charging case and close it for 2 seconds, then open it. The indicator lights on the earbuds will flash alternately, indicating they are in connection waiting mode.
3. **Download the App:** Download the "Timekettle" app from your device's app store (iOS or Android).
4. **Pair with Your Device:** Open the Timekettle app. Select the W4 Pro earbuds from the device list. Follow the on-screen instructions to enable Bluetooth connection. Once successfully connected, the indicator lights on the earbuds will stop flashing.

40 Languages and 93 Accents

Covering your every language need

OPERATING MODES

The Timekettle W4 Pro offers several operating modes to suit various communication needs:

1. One-on-One Mode (Simul Mode)

This mode is ideal for direct, real-time conversations between two individuals. Each person wears one earbud, allowing for natural, bidirectional simultaneous translation with near-zero latency. Both parties can speak freely and hear the translated speech directly in their earbud.

2. Listen & Play Mode (Group Discussions)

Designed for multilingual meetings and group discussions, this mode allows one person to speak while others listen to the translated speech through their own devices (e.g., phone, tablet). The AI automatically segments long speeches and can generate summaries, making it perfect for presentations or round-table

Powerful Media Translation Covering Your Need

Elevate your understanding of foreign video

*Note:
It allows up to **500** minutes of audio, video, or phone call translation per month.
Extra usage can be bought within the app if go over **500** minutes

Image: Individuals participating in a meeting, utilizing the Listen & Play mode for enhanced multilingual communication.

3. Media Translation

Break language barriers when consuming media or making phone calls. This feature allows you to translate audio/video streams in real-time from platforms like Zoom, YouTube, or during overseas calls. You can binge foreign shows without subtitles or handle urgent calls in 40 languages directly from your phone, with the translation delivered to your earbuds.

WEARING THE EARBUDS

The W4 Pro earbuds feature an innovative open-ear design for hygienic and comfortable extended wear. Follow these instructions for proper fit:

1. **Identify Left and Right:** Take the earbuds out of the case and distinguish which is for the left ear and which is for the right.
2. **Positioning:** Bring one earbud close to your ear. Gently pull apart the ear hook and position the earbud over your ear.

3. **Adjust for Comfort:** Rotate the earbud to the right position until it feels secure and comfortable. The open-ear design ensures you can still hear your surroundings while using the translation features.

BATTERY LIFE AND CHARGING

The Timekettle W4 Pro earbuds are designed for extended use, ensuring you stay connected throughout your day.

- **Earbud Battery Life:** Up to 6 hours of continuous translation on a single charge.
- **Charging Case:** The pocket-sized charging case provides an additional 12 hours of battery life, extending total usage to 18 hours.
- **Standby Time:** The ultra-low power mode allows for up to 1 year of standby time between charges.

- **Charging Time:** Fully charged via Type-C port in approximately 1.5 hours.

MAINTENANCE

To ensure the longevity and optimal performance of your Timekettle W4 Pro earbuds, follow these maintenance guidelines:

- **Cleaning:** Regularly wipe the earbuds and charging case with a soft, dry, lint-free cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the earbuds in their charging case to protect them from dust and

damage. Store in a cool, dry place away from direct sunlight and extreme temperatures.

- **Charging:** Always use the provided USB-C cable for charging. Avoid overcharging or completely draining the battery for extended periods.
- **Software Updates:** Periodically check the Timekettle app for firmware updates. Keeping your device updated ensures you have the latest features and performance improvements.

TROUBLESHOOTING

If you encounter any issues with your Timekettle W4 Pro earbuds, refer to the following common troubleshooting tips:

- **Earbuds Not Connecting:**
 - Ensure both earbuds are fully charged.
 - Place earbuds back in the case, close, then open to re-enter pairing mode.
 - Check your phone's Bluetooth settings to ensure the earbuds are connected.
 - Restart the Timekettle app and your phone.
- **Translation Inaccuracy/Lag:**
 - Ensure a stable internet connection (for online modes).
 - Speak clearly and at a moderate pace.
 - Check for and install any available firmware updates for the earbuds via the app.
 - Verify correct language and accent settings in the app.
- **No Sound:**
 - Check the volume levels on your phone and within the app.
 - Ensure earbuds are properly seated in your ears.
 - Confirm the correct playback source is selected on your phone (especially for calls/media).
- **Charging Issues:**
 - Ensure the USB-C cable is securely connected to both the case and the power source.
 - Try a different USB-C cable or power adapter.
 - Clean the charging contacts on the earbuds and inside the case with a dry cotton swab.

If the issue persists, please contact Timekettle customer support for further assistance.
