› LGHM 70-inch Fluted TV Stand with Power Outlets Instruction Manual

## LGHM B0DWJDBHVR

# LGHM 70-inch Fluted TV Stand with Power Outlets

MODEL: B0DWJDBHVR

Brand: LGHM

## INTRODUCTION

---

Thank you for choosing the LGHM 70-inch Fluted TV Stand. This modern entertainment center is designed to accommodate TVs up to 80 inches and features a built-in charging station, ample storage, and a durable construction. This manual provides detailed instructions for assembly, operation, and maintenance to ensure safe and proper use of your product.

## SAFETY INFORMATION

**CAUTION:** This product is heavy and requires assembly. Use appropriate safety gear and techniques during assembly and handling. Due to the size and weight, the product may be delivered in multiple packages, so be prepared to handle and store them safely. Always follow the assembly instructions carefully to avoid injury or damage.

- Ensure all parts are present and undamaged before beginning assembly.
- Assemble on a soft, clean surface to prevent scratches.
- Do not overtighten screws.
- Keep small parts away from children.
- Always use two people for lifting and moving heavy components.

## PACKAGE CONTENTS

Your LGHM TV Stand package includes all necessary components and hardware for assembly. Please note that due to the size and weight of the item, it will be sent in two packages, which may arrive at different times. Verify all parts against the included parts list before starting assembly.

### Luxury-Textured Finish

Features industrial-grade laminate + PVC thermoforming—no warping, no peeling

*Image: Illustration showing the TV stand being delivered in two separate packages.*

## ASSEMBLY INSTRUCTIONS

Follow these steps carefully for proper assembly. It is recommended to have two people for assembly.

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out on a soft, clean surface. Refer to the included parts diagram to identify each piece. Pay close attention to labels (e.g., CL, DL, DR, CR) which may be subtly printed on the items.
2. **Assemble Base Structure:** Begin by connecting the main base components. Ensure all connections are secure but do not overtighten screws until the entire section is aligned.
3. **Install Shelves and Dividers:** Insert the shelves and dividers into their designated slots. The shelves are adjustable, allowing for flexible storage configurations.
4. **Attach Side Panels and Doors:** Secure the side panels and then attach the doors using the provided hinges. The hinges are designed for silent and smooth closing.
5. **Install Drawers:** Assemble the drawers according to the diagram and slide them into their respective compartments.
6. **Mount Top Panel:** Carefully place the top panel onto the assembled structure. Ensure proper alignment. If dowels prevent the top from lying flat, verify their correct placement or temporarily remove them to adjust alignment before reinserting.
7. **Attach Metal Legs:** Secure the black metal "H" legs to the base of the stand. These legs include height adjustment features for stability on uneven floors.
8. **Connect Power Outlets:** Integrate the built-in charging station into its designated area. Ensure all power connections are secure.
9. **Final Tightening:** Once all components are in place and aligned, gently tighten all screws and fasteners.

# Luxury-Textured Finish

Features industrial-grade laminate + PVC thermoforming—no warping, no peeling

## OPERATING INSTRUCTIONS

### Built-in Charging Station

The TV stand features a built-in charging station with 2 AC outlets and 2 USB ports. To use, simply plug your devices into the available ports. This allows for convenient charging of multiple devices simultaneously, reducing cable clutter.

# No More Extension Cords!

Your TV, gaming gear, and lights plug directly into the stand

## Storage Options

The TV stand offers versatile storage with 2 spacious drawers, 2 storage doors, and 3 open shelves. The shelves behind the doors are removable and adjustable, allowing you to customize the storage space to fit larger items or create multiple compartments.

# Removable/Adjustable Shelves

Easily switch between 2 compartments or 1 large space for flexible storage!

## MAINTENANCE

---

To maintain the appearance and longevity of your LGHM TV Stand, follow these simple care instructions:

- **Cleaning:** Wipe the surfaces with a dry cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** Immediately wipe any spills with a soft, dry cloth to prevent staining or damage to the engineered wood.
- **Sunlight:** Avoid prolonged exposure to direct sunlight to prevent fading.
- **Heat:** Do not place hot items directly on the surface without protection.

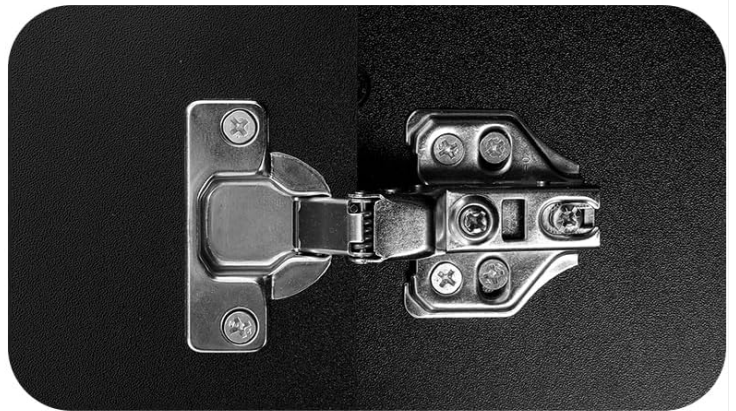

### No More Messy Wires

Built-in cable holes for a clean, clutter-free setup.

### Silent & Smooth Closing

Premium soft-close hinges—no slamming, no fingerprints, just luxury.

### Rock-Solid Stability

Thick 1.57" steel legs with height adjustment—perfect for uneven floors or carpets.

## TROUBLESHOOTING

---

If you encounter issues during assembly or use, refer to the following common solutions:

- **Difficulty with Assembly:**

- *Misaligned Holes:* Double-check that you are using the correct pieces for each step. Some pre-drilled holes may require slight adjustment or careful alignment. Ensure dowels are fully inserted but not protruding excessively.
- *Identifying Parts:* Refer closely to the assembly diagram. Part numbers or letters (e.g., CL, DL, DR, CR) are often printed on the edges of the pieces; these can be faint.
- *Heavy Components:* Always use two people when lifting or maneuvering large or heavy sections of the stand.

- **Wobbly Stand:**

- Ensure all fasteners are securely tightened.
- Adjust the height of the metal legs to compensate for uneven floors.

- **Doors Not Closing Smoothly:**

- Check hinge alignment and adjust as needed. Ensure hinges are properly installed and tightened.

## SPECIFICATIONS

---

<b>Brand</b>	LGHM
<b>Model Number</b>	B0DWJDBHVR
