# Organizedlife Shoe Storage Cabinet with Full Length Mirror

Model: ORG-218524 | Brand: Organizedlife

## 1. SAFETY INFORMATION

Please read all safety instructions carefully before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Anti-Tipping Device:** Always secure the cabinet to the wall using the dual anti-tipping device provided to prevent tipping. This is crucial for stability and safety, especially in households with children or pets.
- **Assembly Caution:** Exercise caution during assembly to avoid injury. Keep small parts away from children.
- **Clear Area:** Ensure the area around the cabinet is clear to prevent tripping hazards.
- **Weight Limit:** Do not overload the drawers or place excessively heavy items on top of the cabinet.
- **Mirror Care:** Handle the mirror with care to prevent breakage. Clean with a soft, damp cloth and avoid abrasive cleaners.

## 2. PRODUCT OVERVIEW

The Organizedlife Shoe Storage Cabinet is designed to provide organized storage for footwear while offering a full-length mirror for convenience. It features five flip-down drawers, each capable of holding multiple pairs of shoes.

### 3. PACKAGE CONTENTS

Before beginning assembly, please verify that all components listed in your product packaging are present and undamaged. If any parts are missing or damaged, contact customer support.

- Cabinet panels (top, bottom, sides, back)
- Flip drawer mechanisms (5 sets)
- Full-length mirror panel
- Hardware pack (screws, dowels, anti-tipping device, etc.)
- Assembly instructions manual (this document)

### 4. ASSEMBLY INSTRUCTIONS

Assembly requires basic tools (e.g., screwdriver, hammer) and may be easier with two people. Follow the step-by-step diagrams provided in your physical instruction manual for detailed guidance.

#### 4.1 Unpacking and Preparation

- Unpack all components and lay them out on a clean, soft surface to prevent scratches.
- Identify each part using the provided parts list.

#### **4.2 Frame Assembly**

- Connect the side panels to the bottom panel using the designated hardware.
- Attach the back panel to stabilize the frame.
- Secure the top panel to complete the main cabinet structure.

#### **4.3 Drawer Installation**

- Assemble each flip drawer mechanism according to the diagrams.
- Insert the assembled drawers into their respective slots within the cabinet frame. Ensure they operate smoothly.

#### **4.4 Mirror Attachment**

- Carefully attach the full-length mirror panel to the front of the cabinet as indicated in the instructions.

#### **4.5 Securing the Cabinet (Anti-Tipping Device)**

It is mandatory to install the anti-tipping device to prevent the cabinet from falling over. This device significantly enhances safety.

Figure 4.1: Detail of the anti-tipping device and drawer mechanism.

Figure 4.2: Installation of the anti-tipping device to secure the cabinet to a wall.

- Position the cabinet in its desired location.
- Mark the wall through the holes in the anti-tipping brackets located at the top rear of the cabinet.

- Drill pilot holes into the wall at the marked locations.
- Insert wall anchors (if necessary for your wall type).
- Secure the anti-tipping brackets to the wall using the provided screws.
- Ensure the cabinet is firmly attached and stable.

## 5. OPERATING INSTRUCTIONS

### 5.1 Using the Flip Drawers

The cabinet features five flip-down drawers designed for shoe storage. Each drawer can accommodate multiple pairs of shoes, depending on their size and style.

Figure 5.1: Shoe cabinet with drawers open, showing shoe storage capacity.

Figure 5.2: Internal dimensions of a single flip drawer.

- To open a drawer, gently pull the handle outwards. The drawer will flip down, revealing the shoe compartments.
- Place shoes into the compartments. The design allows for shoes up to approximately US Men's size 15.
- To close, push the drawer upwards until it clicks securely into place.

## 5.2 Using the Full-Length Mirror

The integrated full-length mirror provides a convenient way to check your appearance before leaving your home.

- Ensure the mirror surface is clean for optimal reflection.
- Avoid placing sharp objects near the mirror to prevent scratches or damage.

## 6. MAINTENANCE AND CARE

- **Cleaning:** Wipe the cabinet surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, especially on the mirror.
- **Dusting:** Regularly dust the cabinet to maintain its appearance.
- **Drawer Mechanisms:** Periodically check the drawer mechanisms for smooth operation. If they become

stiff, a small amount of silicone spray can be applied to moving parts (avoiding contact with shoes).

- **Stability Check:** Occasionally check the anti-tipping device and all screws to ensure they remain tight and secure.

## 7. TROUBLESHOOTING

---

- **Cabinet is unstable:** Ensure the anti-tipping device is correctly installed and securely fastened to the wall. Check that all assembly screws are tightened.
- **Drawers do not close properly:** Verify that shoes are not obstructing the closing mechanism. Ensure the drawer mechanisms are correctly installed and not damaged. Check for any loose screws in the drawer assembly.
- **Mirror appears warped:** While mirrors can sometimes have minor distortions, significant warping may indicate a manufacturing defect. Contact customer support if the issue is severe.
- **Missing parts:** If any parts were missing upon delivery, refer to the contact information for customer support.
