Oraimo OTW-630

Oraimo SpaceBuds OTW-630 Wireless Earbuds User Manual

Your comprehensive guide to setting up, operating, and maintaining your Oraimo SpaceBuds OTW-630 Hybrid ANC TWS Earbuds.

1. Product Overview

The Oraimo SpaceBuds OTW-630 are advanced True Wireless Stereo (TWS) earbuds featuring Hybrid Active Noise Cancellation (ANC) and a unique Lunar Eclipse-inspired design. They are engineered to deliver high-quality audio with deep bass, clear calls, and a comfortable fit for extended listening sessions.

2. Setup Guide

2.1. What's in the Box

Before you begin, ensure all components are present in the package:

- Oraimo OTW-630 SpaceBuds Earbuds (Left and Right)
- Charging Case
- USB Type-C Charging Cable
- User Manual
- Additional Ear Tips (Small, Medium, Large sizes)

Image: All items included in the Oraimo SpaceBuds OTW-630 retail package.

2.2. Charging Your Earbuds and Case

For optimal performance, fully charge your SpaceBuds and the charging case before first use.

1. Place the earbuds into the charging case. Ensure they are correctly seated in their respective slots.
2. Connect the USB Type-C charging cable to the charging port on the case and the other end to a compatible USB power source.
3. The indicator lights on the case will show the charging status. A full charge for the case takes approximately 1.5 hours.

The earbuds provide up to 11 hours of playtime on a single charge (ANC off) and a total of 40 hours with the charging case. With ANC on, you get up to 8 hours from the earbuds and 29 hours total with the case.

2.3. Pairing with Your Device

The SpaceBuds support Google Fast Pair for quick and seamless connection.

1. Open the charging case. The earbuds will automatically enter pairing mode.
2. On your device (smartphone, tablet, etc.), enable Bluetooth.
3. For Android devices, a Google Fast Pair pop-up notification should appear. Tap to connect.
4. For other devices, select "Oraimo SpaceBuds OTW-630" from the list of available Bluetooth devices.
5. Once connected, the earbuds will indicate successful pairing with a voice prompt.

3. Operating Instructions

3.1. Touch Controls (Wide Area Tap)

The SpaceBuds feature intuitive wide-area tap controls on the earbuds themselves. Tap according to the diagram for various functions:

- **Double Tap:** Play/Pause music, Answer/End call.
- **Triple Tap:** Switch Active Noise Cancellation (ANC) modes (ANC On/Transparency/ANC Off).
- Specific controls for skipping tracks or activating voice assistant can be customized via the Oraimo Sound App.

3.2. Hybrid Active Noise Cancellation (ANC) and Smart Chat Mode

Experience pure tranquility with up to 50dB Hybrid ANC, effectively eliminating distractions. The Smart Chat Mode offers seamless integration between music and speech. When your voice is detected, the earbuds automatically switch to Transparency Mode and pause music, allowing you to engage in conversations effortlessly. Note that Smart Chat Mode may be triggered by chewing, swallowing, coughing, or other unusual noises. This feature can be activated and managed through the Oraimo Sound App.

3.3. Oraimo Sound App Customization

Unlock the full potential of your SpaceBuds with the Oraimo Sound App. This companion app allows for extensive personalization and control:

- **Custom Voice Prompts:** Personalize the audio guides that accompany your listening journey.
- **Equalizer Settings:** Adjust audio profiles with various presets (e.g., HavyBass™) or create your own custom EQ.
- **Personalized Lighting Effect:** Choose from a range of colors for the charging case's LED lights to match your mood or style.
- **Noise Control Mode:** Fine-tune ANC and Transparency settings.

3.4. Dual Device Connection

The SpaceBuds can connect to two devices simultaneously, allowing you to seamlessly switch between them. For example, you can play games on your tablet and still receive calls from your phone without needing to manually disconnect and reconnect.

3.5. Immersive Gaming Mode

Enjoy instant audio and video synchronization for an immersive gaming experience. The 11mm dynamic drivers with HavyBass™ Active technology deliver powerful and precise sound, enhancing your gameplay.

4. Maintenance

4.1. Cleaning

To ensure longevity and optimal performance, regularly clean your earbuds and charging case:

- Gently wipe the earbuds and charging case with a soft, dry, lint-free cloth.
- Remove ear tips and clean them with mild soap and water if necessary, then dry thoroughly before reattaching.
- Use a dry cotton swab to carefully clean the charging contacts on both the earbuds and inside the case.

- Avoid using abrasive materials, alcohol, or chemical cleaners.

4.2. Water Resistance (IPX4)

The Oraimo SpaceBuds are rated IPX4 water-resistant, meaning they are protected against splashing water from any direction. This makes them suitable for workouts and light rain. However, they are not designed for swimming or submersion in water. The charging case is not water-resistant.

Image: Oraimo SpaceBuds shown with water splashes, illustrating their IPX4 water resistance.

4.3. Storage

When not in use, always store your SpaceBuds in their charging case to protect them and keep them charged. Store the case in a cool, dry place away from extreme temperatures and direct sunlight.

5. Troubleshooting

If you encounter any issues with your Oraimo SpaceBuds, try the following solutions:

Problem	Solution
Earbuds not pairing/connecting	◦ Ensure earbuds are charged and in pairing mode (open case). ◦ Turn off and on Bluetooth on your device. ◦ Forget/remove the earbuds from your device's Bluetooth list and try pairing again. ◦ Try pairing with a different device to rule out device-specific issues.
No sound or low volume	◦ Check the volume level on both your device and the earbuds. ◦ Ensure earbuds are properly seated in your ears. ◦ Clean any debris from the earbud nozzles and ear tips. ◦ Try playing different audio sources.
Charging issues	◦ Ensure the charging cable is securely connected to both the case and the power source. ◦ Try a different USB Type-C cable and power adapter. ◦ Clean the charging contacts on the earbuds and inside the case.

Problem	Solution
ANC not working effectively	◦ Ensure ANC mode is activated (triple tap or via Oraimo Sound App). ◦ Adjust the ear tips for a tighter seal in your ear canal. ◦ Ensure the earbuds are clean and free of obstructions.

For more detailed troubleshooting or advanced settings, refer to the Oraimo Sound App or contact customer support.

6. Specifications
