Please read this manual thoroughly before assembly and use to ensure proper function and longevity of your product. Keep this manual for future reference.

## SAFETY INFORMATION

Your safety is paramount. Please observe the following safety guidelines:

- **Anti-Tipping Device:** Always install the included anti-tipping accessories to prevent the dresser from tipping over, especially in households with children or pets. Securely fasten the device to a wall stud.
- **Weight Limits:** Do not exceed the maximum weight capacity for the wooden top board (35 lbs) and each fabric drawer (6.6 lbs). Overloading can compromise stability and structural integrity.
- **Even Surface:** Place the dresser on a flat, level surface. Use the adjustable feet to stabilize the unit and prevent wobbling.
- **Children Safety:** Do not allow children to climb on or play with the dresser. Keep small parts away from children during assembly.
- **Ventilation:** Ensure adequate ventilation around the dresser, especially if storing items that require air circulation.

## OPERATING INSTRUCTIONS

---

Using your WLIVE dresser set is simple:

- **Drawer Use:** Gently pull the fabric drawers open and push them closed using the handles. Avoid forcing the drawers, especially if they feel stuck.
- **Storage Capacity:** Utilize the spacious fabric drawers for organizing clothing, accessories, linens, or other household items. The wooden top surface can hold lamps, clocks, books, and decorative items, up to 35 lbs.
- **Weight Distribution:** Distribute weight evenly within each drawer and across the top surface to maintain stability. Do not place excessively heavy items in a single drawer or on one side of the top.

## MAINTENANCE

---

Regular maintenance will help preserve the appearance and functionality of your dresser set:

- **Cleaning the Frame and Top:** Wipe the steel frame and wooden top with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Cleaning Fabric Drawers:** For light cleaning, use a lint roller or a soft brush to remove dust and debris. For spills, spot clean with a mild detergent and a damp cloth, then allow to air dry completely. Do not machine wash the fabric drawers.
- **Check Connections:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary to maintain stability.
- **Adjust Feet:** Re-adjust the leveling feet as needed to ensure the dresser remains stable on uneven flooring.

## TROUBLESHOOTING

If you encounter any issues with your dresser set, refer to the following common solutions:

Problem	Possible Cause	Solution

Drawers do not slide smoothly.	Drawer bottom not fully inserted; drawer overloaded; obstruction.	Ensure the bottom panel of the fabric drawer is fully inserted and flat. Reduce the weight in the drawer. Check for any items obstructing the drawer's path.
