

Armitron Connect Boom

Armitron Connect Boom Smartwatch and Earbuds User Manual

Model: Connect Boom

Brand: Armitron

INTRODUCTION

Welcome to your Armitron Connect Boom Smartwatch and Earbuds. This manual provides detailed instructions for setting up, operating, and maintaining your device. Please read it carefully to ensure optimal performance and longevity of your product.

The Armitron Connect Boom combines a feature-packed smartwatch with volume-safe wireless earbuds, designed to enhance your daily activities, fitness tracking, and connectivity.

1. SETUP

1.1 Unboxing and Initial Charge

Upon opening the package, ensure all components are present:

- Armitron Connect Boom Smartwatch
- Wireless Earbuds
- Earbud Charging Case
- Charging Cable for Smartwatch

Before first use, fully charge both the smartwatch and the earbud charging case. Connect the smartwatch to its charger. Place the earbuds into their charging case to charge them.

1.2 App Installation and Smartwatch Pairing

1. **Download the App:** Download the free "Armitron Connect" app from your device's app store. It is compatible with Android 5.0+ and iOS 9.0+.
2. **Enable Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
3. **Open App and Pair:** Open the Armitron Connect app and follow the on-screen instructions to pair your smartwatch. The app will guide you through the connection process.
4. **Customize:** Once paired, you can customize watch faces and settings within the app.

1.3 Earbuds Pairing

1. **Charge Earbuds:** Ensure the earbuds are charged by placing them in their charging case.
2. **Activate Pairing Mode:** Remove the earbuds from the charging case. They should automatically enter pairing mode.
3. **Connect via Bluetooth:** On your smartphone, go to Bluetooth settings and select the Armitron earbuds from the list of available devices to pair.

2. OPERATING YOUR DEVICE

2.1 Smartwatch Navigation

The smartwatch features a touch-sensitive display and a side button for navigation.

- **Swipe Up/Down:** Access notifications or quick settings.
- **Swipe Left/Right:** Navigate through different widgets (e.g., heart rate, steps, weather).
- **Tap:** Select an option or view details.
- **Side Button:** Press to return to the home screen or wake the device.

2.2 Wellness Tracking

The smartwatch monitors various health metrics:

- **Heart Rate:** Continuously tracks your heart rate. View data on the watch or in the app.
- **Breathing:** Monitors breathing patterns.
- **Sleeping Patterns:** Tracks sleep duration and quality when worn during sleep.

2.3 Fitness Tracking

Enhance your fitness routine with these features:

- **Step Counter:** Records your daily steps.
- **Sport Modes:** Select from various sport modes to track specific activities.
- **Reminders:** Set reminders to move and stay hydrated throughout the day.

2.4 Connectivity Features

- **Call Alerts:** Receive notifications for incoming calls on your smartwatch.
- **Message Notifications:** View messages from your connected smartphone.
- **Music Control:** Control music playback on your smartphone directly from the smartwatch.
- **Camera Remote:** Trigger your phone's camera remotely.

2.5 Earbuds Usage

The included wireless earbuds offer up to 14 hours of playtime with the charging case.

- **Play/Pause:** Tap an earbud once.
- **Next Track:** Double-tap the right earbud.
- **Previous Track:** Double-tap the left earbud.
- **Answer/End Call:** Tap an earbud once.
- **Volume Safe:** Designed with volume-safe technology for comfortable listening.

3. MAINTENANCE

3.1 Cleaning

To maintain your device, regularly clean the smartwatch and earbuds:

- Wipe the smartwatch screen and band with a soft, damp cloth.
- Gently clean the earbuds with a dry, soft cloth. Avoid using harsh chemicals or abrasive materials.

3.2 Water Resistance

The smartwatch is IP68 water resistant. This means it is protected against immersion in water up to 1.5 meters for up to 30 minutes. It is suitable for everyday use, such as washing hands or light rain. It is not recommended for swimming, showering, or diving.

3.3 Battery Life

When fully charged, the smartwatch battery life lasts up to four days. Earbuds provide up to 14 hours of playtime with the charging case. Actual battery life may vary based on usage.

4. TROUBLESHOOTING

Issue	Possible Solution
Smartwatch not pairing with app.	• Ensure Bluetooth is enabled on your phone. • Make sure the smartwatch is charged. • Restart both your phone and the smartwatch. • Check if the app is updated to the latest version.

Issue	Possible Solution
Earbuds not connecting.	• Ensure earbuds are charged. • Remove earbuds from the charging case to activate pairing mode. • Forget the device in your phone's Bluetooth settings and re-pair.
Notifications not appearing on smartwatch.	• Check app notification settings on your phone and within the Armitron Connect app. • Ensure the smartwatch is connected via Bluetooth.
Inaccurate fitness data.	• Ensure the smartwatch is worn snugly on your wrist. • Calibrate step tracking if available in the app.
