VEODONT 2280

VEODONT 28mm 2-in-1 Crevice Tool and Dusting Brush Vacuum Attachment Instruction Manual

Brand: VEODONT | Model: 2280

INTRODUCTION

This manual provides detailed instructions for the proper use, installation, and maintenance of your VEODONT 28mm 2-in-1 Crevice Tool and Dusting Brush vacuum attachment. This versatile accessory is designed to enhance the cleaning capabilities of compatible vacuum cleaners, allowing you to effectively clean various surfaces and hard-to-reach areas.

IMPORTANT SAFETY INFORMATION

- Always ensure your vacuum cleaner is turned off and unplugged before attaching or detaching any accessories.
- Do not use the attachment on wet surfaces or to pick up liquids.
- Keep fingers, hair, and loose clothing away from moving parts and the suction opening during operation.
- Store the attachment in a dry, safe place away from children.

PACKAGE CONTENTS

- 1x VEODONT 28mm 2-in-1 Crevice Tool and Dusting Brush

KEY FEATURES

- **2-in-1 Design:** Combines a crevice tool for narrow spaces and a dusting brush for delicate surfaces.
- **Versatile Cleaning:** Ideal for cleaning corners, small countertops, keyboards, bookshelves, air conditioners, car interiors, desks, office desks, and sofas.

- **Efficient Dusting:** The integrated brush effectively cleans curtains, upholstery, and other surfaces without scratching.

COMPATIBILITY

This VEODONT 28mm 2-in-1 attachment is designed for use with vacuum cleaners that have an inner hose diameter of 28mm. It is compatible with many European vacuum cleaner models, including those from the Hoover, Numatic, and Shark series. Please measure the inner diameter of your vacuum cleaner's hose or existing attachments to ensure proper fit before use.

SETUP AND INSTALLATION

Follow these steps to attach the 2-in-1 tool to your vacuum cleaner:

1. Ensure your vacuum cleaner is switched off and unplugged from the power outlet.
2. Locate the end of your vacuum cleaner's hose or wand where attachments are typically connected.
3. Align the 28mm opening of the VEODONT attachment with the end of the vacuum hose/wand.
4. Push the attachment firmly onto the hose/wand until it is securely seated. Ensure there is a tight seal to prevent loss of suction.
5. Once attached, you can switch on your vacuum cleaner and begin cleaning.

OPERATING INSTRUCTIONS

The 2-in-1 design allows for quick switching between the crevice tool and dusting brush functionalities.

Using the Crevice Tool

To use the crevice tool, ensure the brush bristles are retracted. This narrow nozzle is ideal for:

- Reaching into tight gaps, such as between sofa cushions, car seats, or along baseboards.
- Cleaning narrow spaces in keyboards, air conditioner vents, and appliance crevices.

Using the Dusting Brush

To use the dusting brush, slide the brush head forward so the bristles extend over the nozzle. The soft bristles are suitable for:

- Gently cleaning delicate surfaces like bookshelves, lamp shades, and electronics.
- Dusting upholstery, curtains, and blinds without causing damage.
- Cleaning small countertops and desks.

CARE AND MAINTENANCE

- **Cleaning the Attachment:** Periodically wipe the attachment with a damp cloth to remove dust and debris. Do not submerge in water.
- **Cleaning the Brush:** If the brush bristles become clogged with hair or lint, carefully remove them by hand or with a small comb.
- **Storage:** Store the attachment in a clean, dry place when not in use to prolong its lifespan.

TROUBLESHOOTING

- **Poor Suction:** Ensure the attachment is securely fitted to the vacuum hose/wand. Check for any blockages in the attachment or the vacuum hose.
- **Attachment Not Fitting:** Verify that your vacuum cleaner's hose has an inner diameter of 28mm. This attachment is specifically designed for 28mm connections.
- **Brush Not Extending/Retracting Smoothly:** Check for any debris or foreign objects obstructing the sliding mechanism of the brush. Clean as necessary.

PRODUCT SPECIFICATIONS

Specification	Detail
Model Number	2280
Inner Diameter	28mm
Package Dimensions	1.18 x 0.79 x 0.39 inches
Item Weight	1.76 ounces
Number of Pieces	1
Assembly Required	No
