chartustriable 75"H LED Farmhouse Hall Tree (Model DJ0613) - Instruction Manual

Your guide to assembly, operation, and maintenance.

1. INTRODUCTION

Thank you for choosing the chartustriable 75"H LED Farmhouse Hall Tree. This versatile 7-in-1 furniture piece is designed to enhance your entryway or mudroom with comprehensive storage solutions, including a coat rack, entryway bench, shoe storage, open cabinets, a storage drawer, and umbrella holders, all illuminated by an integrated LED light strip. This manual provides essential information for safe assembly, proper operation, and effective maintenance of your new hall tree.

2. SAFETY INFORMATION

Please read and adhere to the following safety guidelines to prevent injury or damage to the product:

- Exercise caution around sharp edges during assembly and handling.
- Due to the product's weight (approximately 140 pounds), do not attempt to assemble or move it alone. Always seek assistance from another person.
- Keep all small parts, such as screws and connectors, out of reach of children.
- Do not leave the LED lights on for extended periods to prevent potential overheating.
- Ensure the product is placed on a level, stable surface to prevent tipping.
- Do not overload shelves or hooks beyond their intended capacity.

3. PRODUCT FEATURES

The chartustriable Hall Tree offers a variety of features designed for optimal organization:

- **Versatile 7-in-1 Design:** Integrates a coat rack, entryway bench, 5 open storage cabinets, 1 chest of drawer, and 2 umbrella holders.
- **LED Light Strip:** Features 3 working modes: constant light, day mode, and night mode, allowing for adjustable ambiance.
- **Ample Storage:** Dimensions of 59.1" L x 15.7" W x 74.8" H provide significant storage capacity.
- **Shoe Storage:** Includes 16 shoe cubbies with 3-level adjustable boards to accommodate various shoe heights.
- **Coat Hooks:** 7 hooks for hanging coats, bags, scarves, and other items.
- **Open Storage Cabinets:** 5 cabinets for displaying books or decorative items.
- **Umbrella Holders:** Two dedicated holders on both sides for long-handled and folding umbrellas.
- **Sock/Glove Drawer:** A chest of drawer for convenient storage of smaller items like socks or gloves.

4. PACKAGE CONTENTS

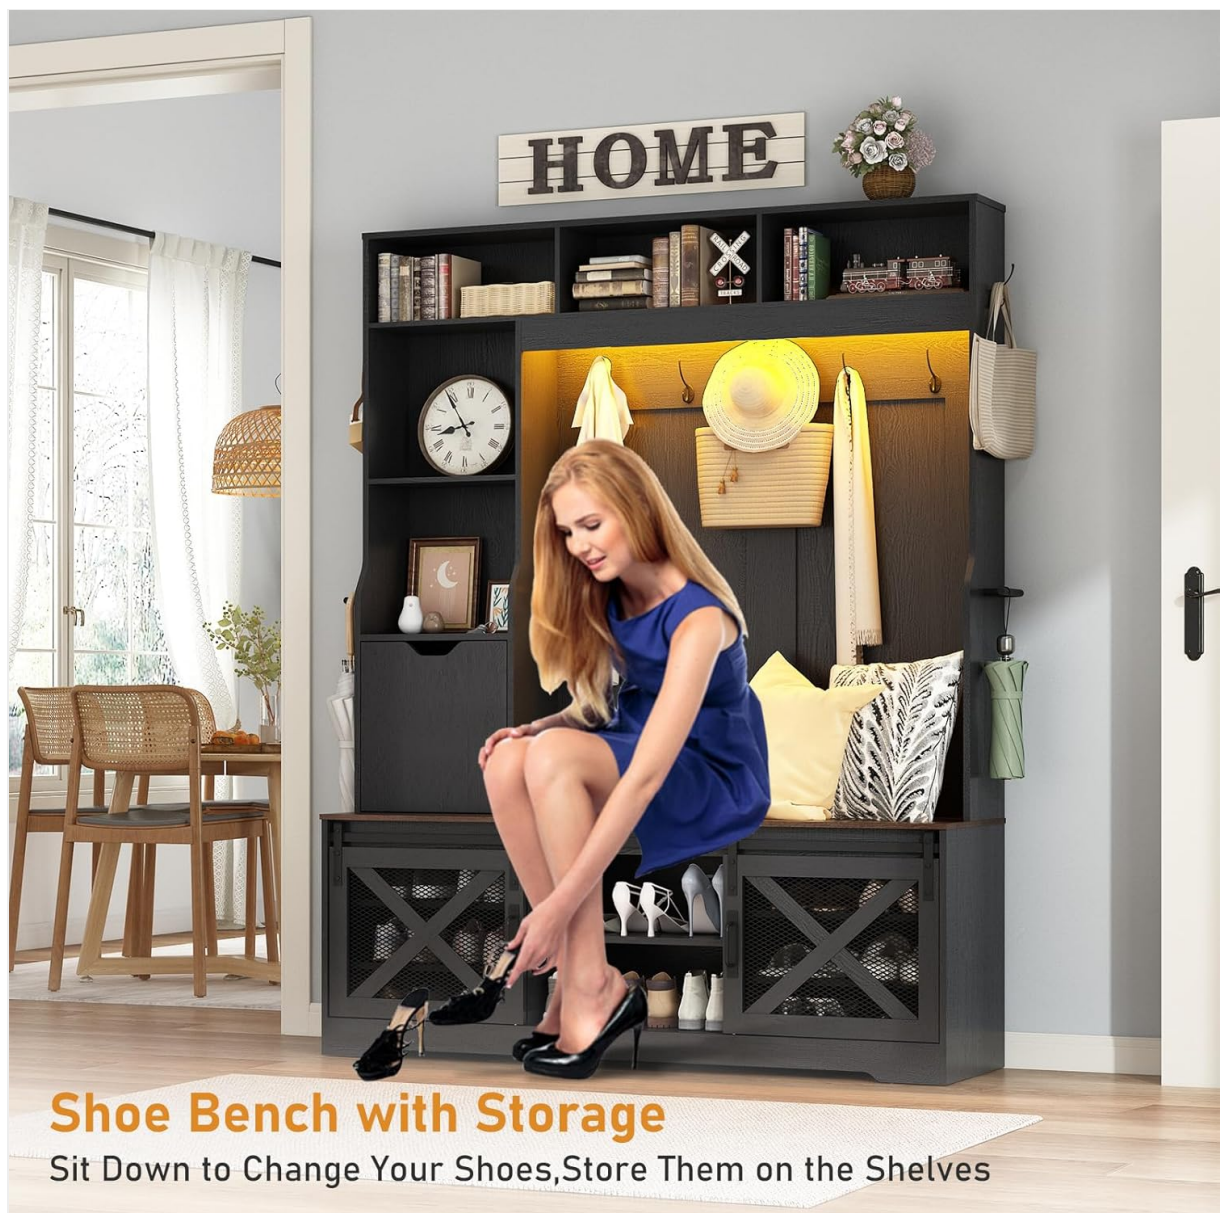

Before beginning assembly, please unpack all components and verify that all parts and hardware are present and undamaged. Refer to the detailed parts list and hardware diagram included in your product packaging. All board

accessories, screws, and parts are numbered for easy identification.

5. ASSEMBLY INSTRUCTIONS

Assembly of this hall tree requires careful attention to detail. We recommend two people for assembly due to the size and weight of the components.

1. **Preparation:** Lay all accessories flat on a clean, soft surface to prevent scratches. Clearly separate the board accessories for the upper and lower sections of the product.
2. **Review Instructions:** Carefully read through the entire instruction manual provided in the packaging.
3. **Watch Installation Video:** It is highly recommended to watch the official installation video provided by chartustriable before starting assembly. This video offers visual guidance that complements the written instructions. *(Note: Please refer to the manufacturer's website or product page for the installation video.)*
4. **Follow Numbered Steps:** Assemble the unit step-by-step, following the numbered instructions and diagrams. Ensure all screws and connectors are securely fastened.
5. **LED Strip Installation:** The LED strip is typically installed towards the final steps of assembly. Follow the specific instructions for connecting and securing the LED lighting.
6. **Final Placement:** Once assembled, carefully move the hall tree to its desired location. Ensure it is stable and level.

Shoe Bench with Storage

Sit Down to Change Your Shoes, Store Them on the Shelves

6. OPERATING INSTRUCTIONS

6.1. LED Light Strip

The integrated LED light strip offers three operational modes:

- **Constant Light Mode:** Provides continuous illumination.
- **Day Mode:** Activates the light during daylight hours or when ambient light is sufficient.
- **Night Mode:** Activates the light during low-light conditions.

Refer to the specific controls on the LED strip or any accompanying remote/app instructions for switching between modes and adjusting brightness.

6.2. Shoe Storage

The shoe cubbies feature adjustable boards. To adjust the height, carefully remove the shelves and reposition them into the desired slots. This allows you to customize the storage for different shoe types and sizes.

6.3. Umbrella Holders

The two umbrella holders are designed to accommodate both long-handled and folding umbrellas, keeping them neatly stored and easily accessible.

6.4. Storage Drawer

The chest of drawer provides a discreet space for smaller items such as socks, gloves, keys, or other personal belongings.

7. MAINTENANCE

To ensure the longevity and appearance of your hall tree, follow these maintenance guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** Clean up spills immediately to prevent staining or water damage to the engineered wood.
- **LED Lights:** Periodically check the LED strip for dust accumulation and gently clean if necessary. Ensure the power supply is disconnected before cleaning.
- **Hardware:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary to maintain structural integrity.
- **Environmental Conditions:** Avoid placing the hall tree in direct sunlight or near heat sources, which can cause fading or warping. Maintain a stable room temperature and humidity.

8. TROUBLESHOOTING

If you encounter any issues with your hall tree, consider the following common solutions:

- **LED Lights Not Functioning:**
 - Check if the power adapter is securely plugged into both the LED strip and a working power outlet.
 - Ensure the LED strip's control unit is set to an active mode (constant, day, or night).

- If an app is used for control, verify the app is correctly installed and paired, and that your device's Bluetooth/Wi-Fi is enabled.

- **Product Instability/Wobbling:**

- Verify that the hall tree is placed on a completely level surface.
- Check all assembly screws and tighten any that are loose.
- Consider securing the unit to a wall using anti-tip hardware (not included, but recommended for heavy furniture) for added stability, especially if you have children or pets.

- **Coat Hooks Pulling Loose:**

- Ensure items hung on hooks do not exceed their weight capacity.
- If hooks become loose, remove them and consider reinforcing the mounting area with wood glue or using longer, coarser threaded wood screws for better grip, especially if the original mounting felt flimsy.

- **Drawer Not Sliding Smoothly:**

- Check for any obstructions in the drawer slides.
- Ensure the drawer is correctly aligned on its runners.

If these steps do not resolve the issue, please contact chartustriable customer support for further assistance.

9. SPECIFICATIONS

Feature	Specification
Brand	chartustriable
Model Number	DJ0613
Material	Engineered Wood
Color	Black
Product Dimensions (L x W x H)	59.1 x 15.7 x 74.8 inches (150 x 40 x 190 cm)
