Maintenance and Care

Proper care will help maintain the appearance and extend the lifespan of your ROWHY Modular Sectional Sofa.

- **General Cleaning:** For routine cleaning, wipe the corduroy upholstery with a damp cloth. Avoid using harsh chemicals or abrasive cleaners.
- **Removable Covers:** The seat cushion covers and back cushion covers are removable for easier cleaning. Follow the care instructions on the fabric label for specific washing guidelines.
- **Spills:** Blot spills immediately with a clean, dry cloth. Do not rub, as this can spread the stain.
- **Cushion Care:** Periodically fluff and rotate cushions to maintain their shape and even out wear.

Troubleshooting

This section addresses common inquiries and minor issues you might encounter with your sofa.

- **Sofa feels too low:** The sofa is designed with 3-inch legs, contributing to its modern, low-profile aesthetic. If a higher seating position is desired, alternative taller legs can be purchased separately from third-party retailers.
- **Cushions feel firm or uneven:** The cushions are filled with high-density foam. It may take a few days for the foam to fully expand and settle after unpacking. Regular use and fluffing will help them achieve optimal comfort and shape.
- **Missing parts or shipping discrepancies:** If you find any parts missing or damaged upon delivery, please contact ROWHY customer service immediately with your order details.
- **Modules not connecting securely:** Ensure that the connecting hardware is properly aligned and tightened between each module. Refer to the assembly instructions for detailed steps.
