

ZENEC Z-E2065

ZENEC Z-E2065 User Manual

Brand: ZENEC | Model: Z-E2065

PRODUCT OVERVIEW

The ZENEC Z-E2065 is a vehicle-specific multimedia system designed for seamless integration with various VW, Skoda, and Seat models. It offers advanced features such as a 9-inch (22.9 cm) capacitive LCD-TFT touchscreen, wireless Apple CarPlay, and wireless Google Android Auto. This system connects via CAN-Bus to your vehicle's electronics, ensuring full compatibility with existing controls and displays like the multifunction steering wheel, MFA/MFA+, OPS, and Climatronic.

Equipped with a DAB+ Twin Tuner, Phase Diversity FM Triple Tuner, Bluetooth for hands-free calling and A2DP music streaming, and two USB ports for audio and video playback, the Z-E2065 serves as a comprehensive media center. It also features a 4 x 50 Watt amplifier, HDMI input, and camera input. Advanced audio settings, including a DSP-IC enhanced 5-channel time correction and a graphical 16-band equalizer, allow for precise sound tuning.

The main interface of the ZENECE Z-E2065, showcasing its primary functions including USB media playback, FM radio, DAB+ digital radio, Bluetooth connectivity, Apple CarPlay, and Android Auto.

SETUP AND INSTALLATION

Compatibility

The Z-E2065 is designed to replace factory devices such as VW RNS 210/310/315/510 and RCD 310/315/510. Its CAN-Bus integration ensures compatibility with your vehicle's existing systems. Below is a detailed compatibility table for various VW, Skoda, and Seat models:

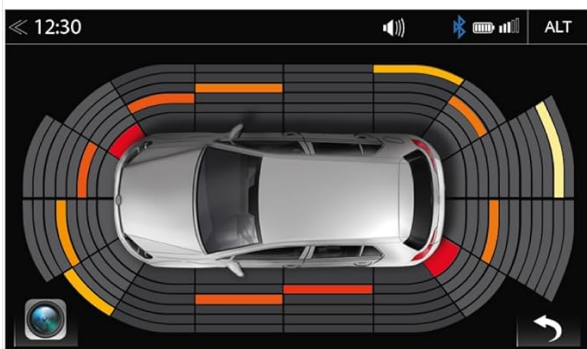

CAN-BUS ANBINDUNG Z-E2065

Anbindung an das Multifunktionslenkrad

Anbindung der Multifunktionsanzeige (MFA, MFA+)

Anbindung an das OPS Parkradar

Anbindung der Climatronic / Klimastatusanzeige

FAHRZEUGKOMPATIBILITÄT

Die Bauform des OE Geräts bzw. der Frontplatte muss mit dem Z-E2065 übereinstimmen. Fahrzeugmodelle, die nicht in der Liste enthalten sind, sind nicht kompatibel. Das Z-E2065 ersetzt die nachfolgenden Gerätemodelle ab Werk: VW RNS 210/310/315/510 und RCD 310/315/330/350/510. - Die Anbindung und Integration von VAG OE Funktionen basiert auf dem Vorhandensein funktions-spezifischer CAN-Daten. - Webasto Standheizungen werden nicht unterstützt.

This image illustrates the deep CAN-Bus integration of the Z-E2065 with various vehicle systems. It shows how the unit interacts with the multifunction steering wheel, displays information on the Multi-Function Display (MFA/MFA+), integrates with the Optical Parking System (OPS), and shows Climatronic status. A detailed compatibility table for VW, Skoda, and Seat models is also included.

What's in the Box

The standard package includes all necessary components for installation and immediate use:

- Z-E2065 Media Receiver Unit
- External Bluetooth Microphone
- GPS Antenna
- 2 x USB Cables
- Various Connection Cables and Adapters
- 2 x Remote Controls

Connections

The Z-E2065 provides multiple connectivity options for various devices:

- **USB Ports:** Two USB ports for audio and video playback from external storage devices.
- **HDMI Input:** For connecting external video sources.
- **Camera Input:** Dedicated input for connecting a rearview or front-view camera.
- **Bluetooth:** For wireless hands-free calling and audio streaming (A2DP).
- **WiFi:** For wireless Apple CarPlay and Android Auto connectivity.

OPERATING INSTRUCTIONS

General Operation

The Z-E2065 features a capacitive 9-inch (22.9 cm) LCD-TFT touchscreen made of real glass, offering high color brilliance, luminosity, and rich contrast for intuitive control. All functions can be accessed directly via the touch interface or through integrated vehicle controls.

Smartphone Integration (Apple CarPlay & Android Auto)

Connect your smartphone via USB or pair it wirelessly via WiFi to enable Apple CarPlay and Google Android Auto. This allows you to conveniently control navigation, phone calls, messaging, and music playback using Siri, Google Voice Assistant, or the infotainment display.

The Z-E2065 screen showing navigation interfaces from both Android Auto (top) and Apple CarPlay (bottom), demonstrating seamless smartphone integration for mapping and directions.

Audio and Radio Functions

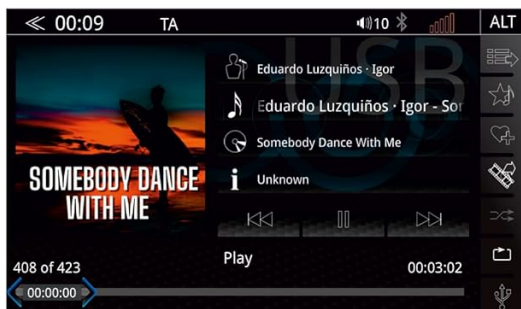

The Z-E2065 is equipped with a DAB+ Twin Tuner for crystal-clear digital radio reception and a Phase Diversity FM Triple Tuner designed for VAG Diversity antenna systems, ensuring optimal FM reception even in challenging conditions. Bluetooth connectivity allows for hands-free calling and high-quality A2DP music streaming from your paired smartphone.

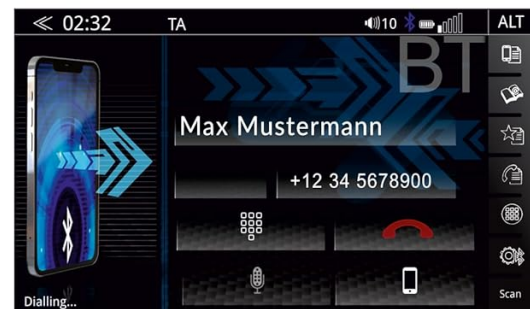

DAB+ Twin Tuner

Phase Diversity UKW RDS Triple Tuner

Zwei USB-Ports für Audio/Video

Integrierte Bluetoothseinheit

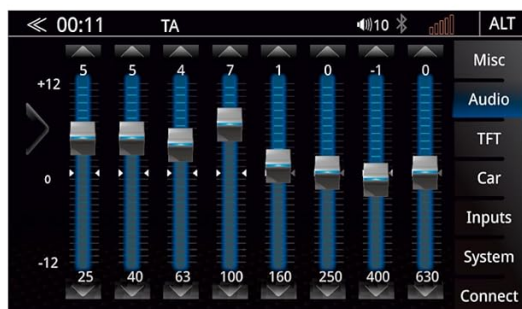

The Z-E2065 offers diverse entertainment options, including crystal-clear DAB+ digital radio, robust FM reception with Phase Diversity, USB connectivity for audio/video files, and Bluetooth for hands-free calling and music streaming.

Sound Tuning

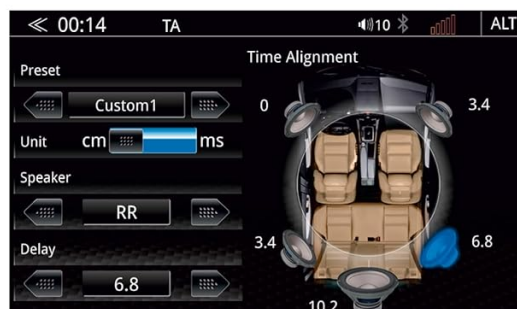

Achieve optimal audio quality with the Z-E2065's comprehensive sound tuning capabilities. It features DSP-IC enhanced audio settings, including a 5-channel time correction for precise stereo imaging and a graphical 16-band equalizer to fine-tune the cockpit frequency response. Additionally, it includes a DSP-based active crossover with selectable 12 dB and 24 dB/Oct. slopes for advanced speaker management.

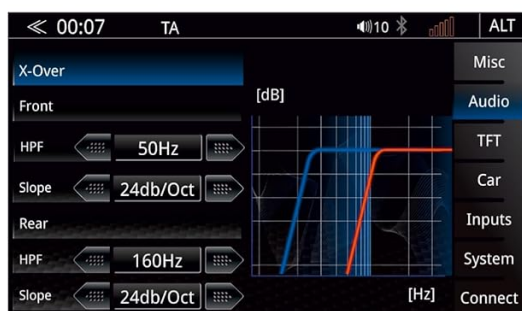

UMFANGREICHES KLANGTUNING

16-Band Grafik-Equalizer

5-Kanal Laufzeitkorrektur

12 & 24 dB/Okt. Hoch- und Tiefpassfilter

Subwoofer Audio Setup Menü

Advanced sound tuning capabilities of the Z-E2065 are shown, including a 16-band graphic equalizer for precise audio adjustments, 5-channel time correction for optimal sound staging, a DSP-based active frequency crossover, and a dedicated subwoofer audio setup menu.

Vehicle Data Display

Leveraging its CAN-Bus integration, the Z-E2065 can display real-time vehicle data and status information directly on its screen, such as speed, temperature, and visual alerts for open doors or trunk, enhancing driver awareness.

Cockpit Echtzeit Fahrzeugdaten

Fahrzeugstatus Anzeige

The Z-E2065 provides real-time vehicle data and status displays, showing information like current speed, engine temperature, and visual alerts for open doors or trunk, enhancing driver awareness.

MAINTENANCE

To ensure the longevity and optimal performance of your ZENEC Z-E2065, follow these general maintenance guidelines:

- **Cleaning the Screen:** Use a soft, lint-free cloth to gently wipe the touchscreen. For stubborn smudges, slightly dampen the cloth with water or a screen-safe cleaner. Avoid abrasive materials or harsh chemicals.
- **General Cleaning:** Keep the unit and surrounding area free from dust and debris. Use a soft brush or compressed air to clean vents and button crevices.
- **Temperature:** Avoid exposing the unit to extreme temperatures, both hot and cold, for extended periods.
- **Connections:** Periodically check all cable connections to ensure they are secure and free from damage.

TROUBLESHOOTING

If you encounter issues with your Z-E2065, consider the following basic troubleshooting steps:

- **No Power:** Ensure all power connections are secure. Check the vehicle's fuse box for any blown fuses related to the car radio.
- **No Sound:** Verify that the volume is not muted or set too low. Check speaker connections. Ensure the correct audio source is selected.
- **Touchscreen Unresponsive:** Try restarting the unit (if possible, refer to the device's specific reset procedure). Ensure the screen is clean and free of obstructions.
- **Bluetooth Connectivity Issues:** Ensure Bluetooth is enabled on both the Z-E2065 and your smartphone. Delete previous pairings and attempt to re-pair the devices.
- **CarPlay/Android Auto Not Connecting:** Ensure your smartphone's operating system is up to date. Try connecting with a different USB cable. Verify that CarPlay/Android Auto is enabled in the unit's settings.
- **Poor Radio Reception:** Check antenna connections. For FM, ensure the Phase Diversity system is functioning correctly. For DAB+, verify antenna placement and signal strength.

For persistent issues, consult the detailed troubleshooting section in the full product manual or contact ZENEC customer support.

TECHNICAL SPECIFICATIONS

Feature	Specification
Model Number	Z-E2065
Manufacturer	ZENEC
Package Dimensions	35 x 28 x 22 cm; 3.2 Kilograms
Connectivity Technology	Bluetooth, HDMI, USB, WLAN
Compatible Devices	iPhone, Android Smartphone, USB Devices
Total HDMI Ports	1
Connector Type	HDMI, USB Type A, 3.5 mm Jack
Audio Output Mode	Stereo, Surround
Surround Sound Channel Configuration	5.1
Video Encoding	RM
Output Power	200 Watts
Number of Channels	4

Feature	Specification
Country of Origin	Germany
Guaranteed Software Updates until	Unknown

WARRANTY AND SUPPORT

ZENEC products are developed in Switzerland and distributed through the ACR dealer network and worldwide distributors. For warranty information and technical support, please refer to the documentation included with your product or visit the official ZENEC website. ZENEC is a brand of ACR AG, Europe's largest Car Media specialist. For further assistance, you may contact your authorized ZENEC dealer or the customer support channels provided by ACR AG.

ZENEC PLAYBACK COMPATIBILITY LIST		A11T Android
GENERAL INFORMATION Please note: ■ Files created with non-compliant encoder settings are prone to cause audio dropouts and/or stuttering picture performance. ■ After device start-up and during periods of increased CPU load, audio and video file playback can be affected by brief audio dropouts. ■ In particular, USB mass storage devices must be formatted correctly before use. Read in and write test processing times can be adversely affected by the memory controller installed on the mass storage device.
