AULA S99

AULA S99 Wireless Keyboard Instruction Manual

Model: S99 | Brand: AULA

1. PRODUCT OVERVIEW

The AULA S99 is a versatile wireless keyboard designed for gaming and office use, featuring tri-mode connectivity (Bluetooth, 2.4GHz wireless, and USB-C wired), vibrant RGB backlighting, and programmable keys. Its compact 96% layout includes a numeric keypad while optimizing desktop space. The keyboard is built with an ergonomic design, including a two-stage adjustable stand for comfortable typing.

2. SETUP GUIDE

2.1. What's in the Box

- 1x AULA S99 Wireless Keyboard (Gradient Purple)
- 1x USB Cable (for wired connection and charging)
- 1x Keycap Puller

2.2. Battery Installation & Charging

The AULA S99 keyboard requires **1 AA battery** (included). Ensure the battery is inserted with the correct polarity. For charging, connect the keyboard to a computer's USB port using the provided USB-C cable. The keyboard supports charging only via computer USB ports.

2.3. Connectivity Modes

The AULA S99 supports three connectivity modes:

- **USB-C Wired Mode:** For a stable, low-latency connection.
- **2.4GHz Wireless Mode:** Utilizes a USB dongle for wireless connection.
- **Bluetooth 5.0 Mode:** For connecting to multiple devices without a dongle.

2.4. Connecting Your Keyboard

2.4.1. USB-C Wired Connection

1. Connect the provided USB-C cable to the keyboard's port and the other end to your computer's USB port.
2. The keyboard will automatically be recognized and ready for use.
3. *Note:* If the wired connection is not working on a Windows computer, press and hold **Fn + 4** simultaneously for a moment to sync.

2.4.2. 2.4GHz Wireless Connection

1. Locate the 2.4GHz USB dongle (usually stored in a compartment on the keyboard).
2. Plug the USB dongle into an available USB port on your computer.
3. Switch the keyboard to 2.4GHz wireless mode using the mode switch or knob (refer to the keyboard's indicators).
4. The keyboard should connect automatically.

2.4.3. Bluetooth Connection

1. Switch the keyboard to Bluetooth mode using the mode switch or knob.
2. Press and hold **Fn + 1**, **Fn + 2**, or **Fn + 3** to enter pairing mode for one of the three Bluetooth channels. The indicator light will flash.
3. On your device (PC, Mac, iOS, Android, Xbox), open Bluetooth settings and search for
