## General Usage:

Press the power button to turn the shaver on or off.

- **Double-sided Razor Head:** Ideal for larger areas like legs and underarms. Move the shaver gently against the direction of hair growth for a close shave.
- **Rotary Facial Hair Trimmer Head:** Use for fine facial hair. Move in small, circular motions for effective removal.
- **Nose Trimmer Head:** Carefully insert the trimmer into the nostril or ear and move it gently to trim unwanted hair. Do not insert too deeply.
- **Eyebrow Trimmer Head:** Use with or without the limit comb for precise eyebrow shaping. Move slowly and carefully to achieve desired results.

## MAINTENANCE

---

### Cleaning:

Regular cleaning ensures optimal performance and hygiene. The shaver is whole body washable.

1. Turn off the shaver and detach the head you wish to clean.
2. Use the provided cleaning brush to remove any trapped hairs from the blades and inside the head.
3. Rinse the shaver head and the main body under running water. Ensure all hair residue is removed.
4. Allow all parts to air dry completely before reattaching the head or storing the device.

## TROUBLESHOOTING

---

If you encounter any issues with your RF-3021 electric shaver, please refer to the following common solutions:

- **Device not turning on:** Ensure the device is fully charged. Connect it to a power source using the USB cable and allow it to charge for at least 2 hours.
- **Poor shaving performance:** Check if the shaver head is clean and free of hair buildup. Clean the head thoroughly with the provided brush and rinse under water. Ensure the head is securely attached.
- **Head detaches during use:** Ensure the shaver head is properly attached and rotated clockwise until it locks firmly into place.
- **Irritation after shaving:** Ensure your skin is clean before shaving. For wet shaving, use a suitable shaving foam or gel. Always move the shaver gently and avoid excessive pressure.

If the problem persists after trying these steps, please contact customer support.
