AFX SSP04LAJUDSNWH

AFX Soho 04" LED Pendant Light User Manual

Model: SSP04LAJUDSNWH | Brand: AFX

INTRODUCTION

Thank you for choosing the AFX Soho 04" LED Pendant Light. This manual provides essential information for the safe installation, operation, and maintenance of your new lighting fixture. Please read these instructions thoroughly before beginning installation and retain them for future reference.

SAFETY INFORMATION

WARNING: Risk of electric shock. Disconnect power at the circuit breaker or fuse box before installation or servicing. Improper installation can result in electric shock or fire.

- All electrical connections must be in accordance with local codes, ordinances, or the National Electric Code (NEC).
- Consult a qualified electrician if you are unsure about the installation process.
- Do not install this fixture in wet locations. It is designed for indoor use only.
- Ensure the mounting surface can support the weight of the fixture.
- Do not attempt to modify the fixture. Any modifications may void the warranty and create a safety hazard.
- Handle glass components with care to prevent breakage.

PACKAGE CONTENTS

Carefully unpack your fixture and inspect for any damage. Keep all packaging materials until you are sure the fixture is in working order.

- AFX Soho 04" LED Pendant Light Fixture
- Mounting Hardware (e.g., mounting bracket, screws, wire nuts)
- Instruction Manual

Item Weight	1.8 Pounds
Material	Alloy Steel, Glass
Color/Finish	Satin Nickel
Wattage	12 watts (Integrated LED)
Voltage	120-277V
Color Temperature (CCT)	5 CCT (Adjustable)
Power Source	Corded Electric
Indoor/Outdoor Usage	Indoor
Room Type	Hallway, Foyer, Living Room, Dining Room, Kitchen, Bedroom, Office, Bathroom

SETUP AND INSTALLATION

Important: Before starting, ensure the power is turned off at the circuit breaker.

- 1. Prepare Wiring:** Carefully pull the electrical wires from the outlet box.
- 2. Attach Mounting Bracket:** Secure the mounting bracket to the outlet box using the provided screws. Ensure it is firmly attached.
- 3. Adjust Hanging Height:** The pendant features an adjustable hanging height. Determine your desired length and adjust the cable accordingly. Secure the cable in place using the provided mechanism.
- 4. Make Electrical Connections:**
 - Connect the fixture's hot wire (usually black) to the supply hot wire (black) using a wire nut.
 - Connect the fixture's neutral wire (usually white) to the supply neutral wire (white) using a wire nut.
 - Connect the fixture's ground wire (green or bare copper) to the supply ground wire (green or bare copper) and to the mounting bracket using a ground screw.

Ensure all connections are secure.

5. **Mount Fixture:** Carefully tuck all wires into the outlet box. Align the fixture canopy with the mounting bracket and secure it with the provided screws or nuts.

6. **Restore Power:** Once the fixture is securely installed, restore power at the circuit breaker.

OPERATING INSTRUCTIONS

The AFX Soho LED Pendant Light is designed for simple operation.

- **Power On/Off:** Use a standard wall switch (not included) to turn the light fixture on or off.
- **Color Temperature (CCT) Adjustment:** This fixture features 5 CCT options. The CCT is typically adjusted via a switch located on the fixture itself or within the canopy before final installation. Refer to the specific CCT switch location on your fixture to select the desired color temperature (e.g., 2700K, 3000K, 3500K, 4000K, 5000K). Make sure power is off when adjusting CCT.

MAINTENANCE

To ensure the longevity and appearance of your AFX Soho LED Pendant Light, follow these simple maintenance guidelines:

- **Cleaning:** Disconnect power before cleaning. Use a soft, dry, or slightly damp cloth to wipe the exterior surfaces. Do not use abrasive cleaners, solvents, or polishes as they may damage the finish or electrical components.
- **LED Light Source:** This fixture uses integrated LED technology. The LEDs are designed for long life and are not user-replaceable. If the LED light source fails, the entire fixture may need to be replaced.
- **Inspection:** Periodically check all connections and mounting hardware to ensure they remain secure.

TROUBLESHOOTING

If you experience issues with your pendant light, consult the following troubleshooting guide:

Problem	Possible Cause	Solution
Light does not turn on.	<ul style="list-style-type: none"> ◦ No power to the fixture. ◦ Loose wire connections. ◦ Faulty wall switch. 	<ul style="list-style-type: none"> ◦ Check circuit breaker and wall switch. ◦ Turn off power, check all wire connections. ◦ Test or replace the wall switch.
Light flickers.	<ul style="list-style-type: none"> ◦ Loose wire connections. ◦ Incompatible dimmer switch (if applicable). 	<ul style="list-style-type: none"> ◦ Turn off power, check all wire connections. ◦ Ensure dimmer switch is LED-compatible.
Incorrect CCT (Color Temperature).	<ul style="list-style-type: none"> ◦ CCT switch set incorrectly. 	<ul style="list-style-type: none"> ◦ Turn off power, locate the CCT switch on the fixture, and adjust to the desired setting.
