Setup

Initial Charging

Before first use, fully charge the soundbar using the provided USB-C cable. Connect the USB-C end to the soundbar's DC 5V port and the other end to a compatible USB power adapter (not included) or a computer USB port. The charging indicator light will show the charging status.

Placement

Place the soundbar on a stable, flat surface, such as a TV stand, desk, or shelf. For optimal audio performance, position it centrally in front of your television or monitor.

Operating Instructions

Power On/Off

Locate the On/Off switch on the rear panel of the soundbar. Slide the switch to the "On" position to power on the device. Slide it to the "Off" position to power off.

Mode Selection

The soundbar supports multiple input modes. Use the mode button (if available, typically indicated by an icon on the top panel) to cycle through Bluetooth, AUX, USB, and TF Card modes. The soundbar will indicate the current mode, often through an LED indicator or voice prompt.

CONNECTIVITY

Bluetooth Pairing

1. Ensure the soundbar is powered on and in Bluetooth mode. If it's not automatically in pairing mode, activate it (refer to the soundbar's specific button layout for a dedicated Bluetooth pairing button, if any, or it may enter pairing mode automatically when Bluetooth is selected).
2. On your device (smartphone, tablet, PC, TV), enable Bluetooth and search for available devices.
3. Select "Monster S220" from the list of found devices.
4. Once paired, the soundbar will indicate a successful connection (e.g., a solid blue LED or a voice prompt).

AUX Connection

To connect via AUX, use a 3.5mm audio cable (not included) to connect the soundbar's AUX port to the audio output port of your device (e.g., TV, PC, projector). Switch the soundbar to AUX mode.

USB and TF Card Playback

Insert a USB flash drive or a TF (microSD) card containing audio files into the respective ports on the soundbar's rear panel. Switch the soundbar to USB or TF Card mode. The soundbar will automatically begin playing compatible audio files.

CHARGING AND BATTERY

The Monster S220 Soundbar features a built-in 2000mAh battery, allowing for portable use. To charge, connect the soundbar to a 5V USB power source using the provided USB-C cable. A full charge typically takes a few hours. The battery life will vary depending on volume level and usage.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the surface of the soundbar. Do not use liquid cleaners or abrasive materials.
- **Storage:** When not in use for extended periods, store the soundbar in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the soundbar regularly,

even if not in active use.

- **Avoid Water:** The soundbar is not waterproof. Keep it away from water and high humidity.

TROUBLESHOOTING

Problem	Possible Cause	Solution
