

Universal 2-Pin Magnetic Smartwatch Charger

Generic Universal 2-Pin Magnetic Smartwatch Charging Cable User Manual

Model: Universal 2-Pin Magnetic Smartwatch Charger

Brand: Generic

1. INTRODUCTION

This manual provides essential instructions for the safe and effective use of your Generic Universal 2-Pin Magnetic Smartwatch Charging Cable. Please read this manual thoroughly before using the product and retain it for future reference.

This charging cable is designed to provide a convenient and stable charging solution for smartwatches that utilize a 2-pin magnetic charging interface. Its flexible design and strong magnetic connection ensure reliable power delivery.

2. SAFETY INFORMATION

- Do not expose the cable to water or excessive moisture.
- Avoid extreme temperatures.
- Do not attempt to disassemble or modify the cable.
- Keep out of reach of children.
- Use only with compatible smartwatches and appropriate USB power sources (e.g., computer USB port, certified USB wall adapter).

3. PACKAGE CONTENTS

- 1x Universal 2-Pin Magnetic Smartwatch Charging Cable

4. SETUP AND COMPATIBILITY

Before using the charging cable, ensure your smartwatch is compatible. This cable is designed for smartwatches with a 2-pin magnetic charging interface where the distance between the two charging pins on your smartwatch is approximately 4mm.

4.1. Verifying Smartwatch Compatibility

To confirm compatibility, measure the distance between the two charging pins on the back of your smartwatch. The separation should be approximately 4mm. The charging cable's pins also have a 4mm separation to ensure a proper connection.

Image: Measuring the 4mm pin separation on a smartwatch for compatibility.

Image: Close-up of the 2-pin magnetic charger head, showing 4mm pin separation.

4.2. Video Guide: How to Check Compatibility

Your browser does not support the video tag.

Video: This video demonstrates how to measure the pin distance on your smartwatch to ensure compatibility with the charging cable. It shows a smartwatch being measured with a ruler, confirming a 4mm separation between the charging pins, and then shows the charger connecting successfully.

5. OPERATING INSTRUCTIONS

5.1. Connecting the Charger

1. Connect the USB-A end of the charging cable to a compatible USB power source (e.g., a computer's USB port, a USB wall adapter, or a power bank).
2. Align the magnetic charging head with the charging pins on the back of your smartwatch. The magnets will help guide the connector into the correct position.
3. Ensure a secure connection. The smartwatch display should indicate that it is charging.

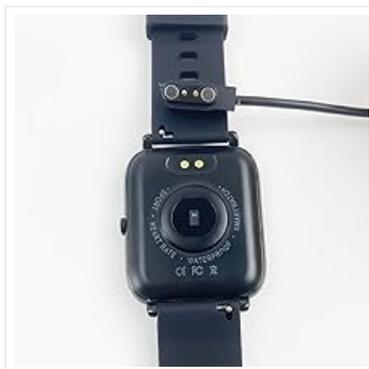

Image: Magnetic charger correctly aligned and connected to a smartwatch.

5.2. Charging Your Smartwatch

- Once connected, your smartwatch should begin charging automatically.

- Monitor the charging indicator on your smartwatch to confirm charging status.
- For optimal battery life, it is recommended to fully charge your smartwatch before its first use.
- Disconnect the charger once the smartwatch is fully charged.

6. MAINTENANCE

- **Cleaning:** Gently wipe the charging pins and cable with a dry, soft cloth to remove dust or debris. Do not use liquid cleaners.
- **Storage:** Store the cable in a cool, dry place away from direct sunlight and extreme temperatures. Avoid tangling the cable to prevent damage.
- **Handling:** Do not pull the cable forcefully from the smartwatch or power source. Always grasp the connector ends.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Smartwatch not charging.	Loose connection. Incompatible smartwatch. Faulty USB power source. Charging pins are dirty. <i>Polarity issue (pins inverted).</i>	Ensure the magnetic connector is firmly attached to the smartwatch's charging pins. Verify smartwatch compatibility (4mm pin distance). Try a different USB port or power adapter. Clean the charging pins on both the cable and the smartwatch with a dry, soft cloth. <i>If the smartwatch has reversible charging pins, try flipping the magnetic connector 180 degrees. Some smartwatches may require a specific orientation for charging.</i>
Slow charging.	Low power USB source. Background apps on smartwatch.	Use a higher-power USB adapter (e.g., 5V/1A). Close unnecessary applications on your smartwatch.
Cable appears damaged.	Physical damage.	Discontinue use and replace the cable.

8. SPECIFICATIONS

Model Number	Cargador de 2 pines (2-pin Charger)
Brand	Generic
Connector Type	2 Pin Magnetic
Cable Type	USB-A
Color	Black
Material	Plastic
Special Features	Magnetic connection, Flexible cable

Compatible Devices	Smartwatches with 2-pin magnetic charging (e.g., Mobo Stronge MBSW-7)
Weight	12 Grams
Package Dimensions	10.3 x 7.6 x 1 cm
Manufacturer	Ninghai Yida Trading

9. WARRANTY AND SUPPORT

For warranty information or technical support, please refer to the retailer or manufacturer's official website where you purchased this product. Keep your proof of purchase for any warranty claims.
