RELAX4LIFE ST7378FR

RELAX4LIFE 3x6m Outdoor Garden Gazebo Instruction Manual

Model: ST7378FR

Important Safety Information

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- **Warning:** Before ordering, please measure your space to choose the correct gazebo size.
- **Warning:** During assembly, ensure to use guy ropes and ground stakes to enhance overall stability.
- **Warning:** In case of severe weather conditions, such as heavy rain, hail, snow, or strong winds, the gazebo must be disassembled to prevent damage or injury.
- **Note:** This gazebo is not suitable for use on concrete. You must insert stakes into the ground and use guy ropes to make it more stable.

Product Overview

Image: The RELAX4LIFE 3x6m Outdoor Garden Gazebo, fully assembled and secured in an open field.

The RELAX4LIFE 3x6m Outdoor Garden Gazebo is designed for various outdoor activities, offering a spacious and comfortable semi-enclosed area. It features a robust metal frame and a waterproof PE roof for sun protection.

Key Features:

Image: Infographic highlighting the gazebo's main features: large space, stable structure, simple installation, waterproof design, breathability, and sun resistance.

- **Large Capacity:** The 3x6m gazebo provides ample space for outdoor activities. The design without sidewalls ensures air circulation, offering a cool and comfortable environment.
- **Sturdy Structure:** The outdoor garden gazebo features a robust metal tube frame. It comes with 8 guy ropes and 16 ground stakes to firmly secure it to the ground.
- **Good Quality Materials:** With a metal frame that does not easily deform, the tent stands well even in light wind. The waterproof plastic fabric is suitable for long-term outdoor use.
- **Wide Range of Use:** This modern 3x6 folding gazebo can provide an outdoor space for activities such as camping, picnics, weddings, parties, and more.
- **Easy to Assemble and Transport:** The folding canopy comes with clear instructions for quick assembly. It can be easily disassembled, and its light weight allows for portability.

Product Components:

Image: Detailed view of gazebo components. Shows waterproof and sun-resistant fabric, powder-coated steel tubes, reinforced corners, enlarged base plates, stable and robust connections, and guy ropes with stakes.

- Waterproof & Sun-Resistant Fabric (Roof)
- Powder-Coated Steel Tubes (Frame)
- Reinforced Corners
- Enlarged Base Plates
- Stable and Robust Connectors
- Guy Ropes (8 included)
- Ground Stakes (16 included)

Setup and Assembly Instructions

Follow these steps for quick and easy assembly of your RELAX4LIFE gazebo.

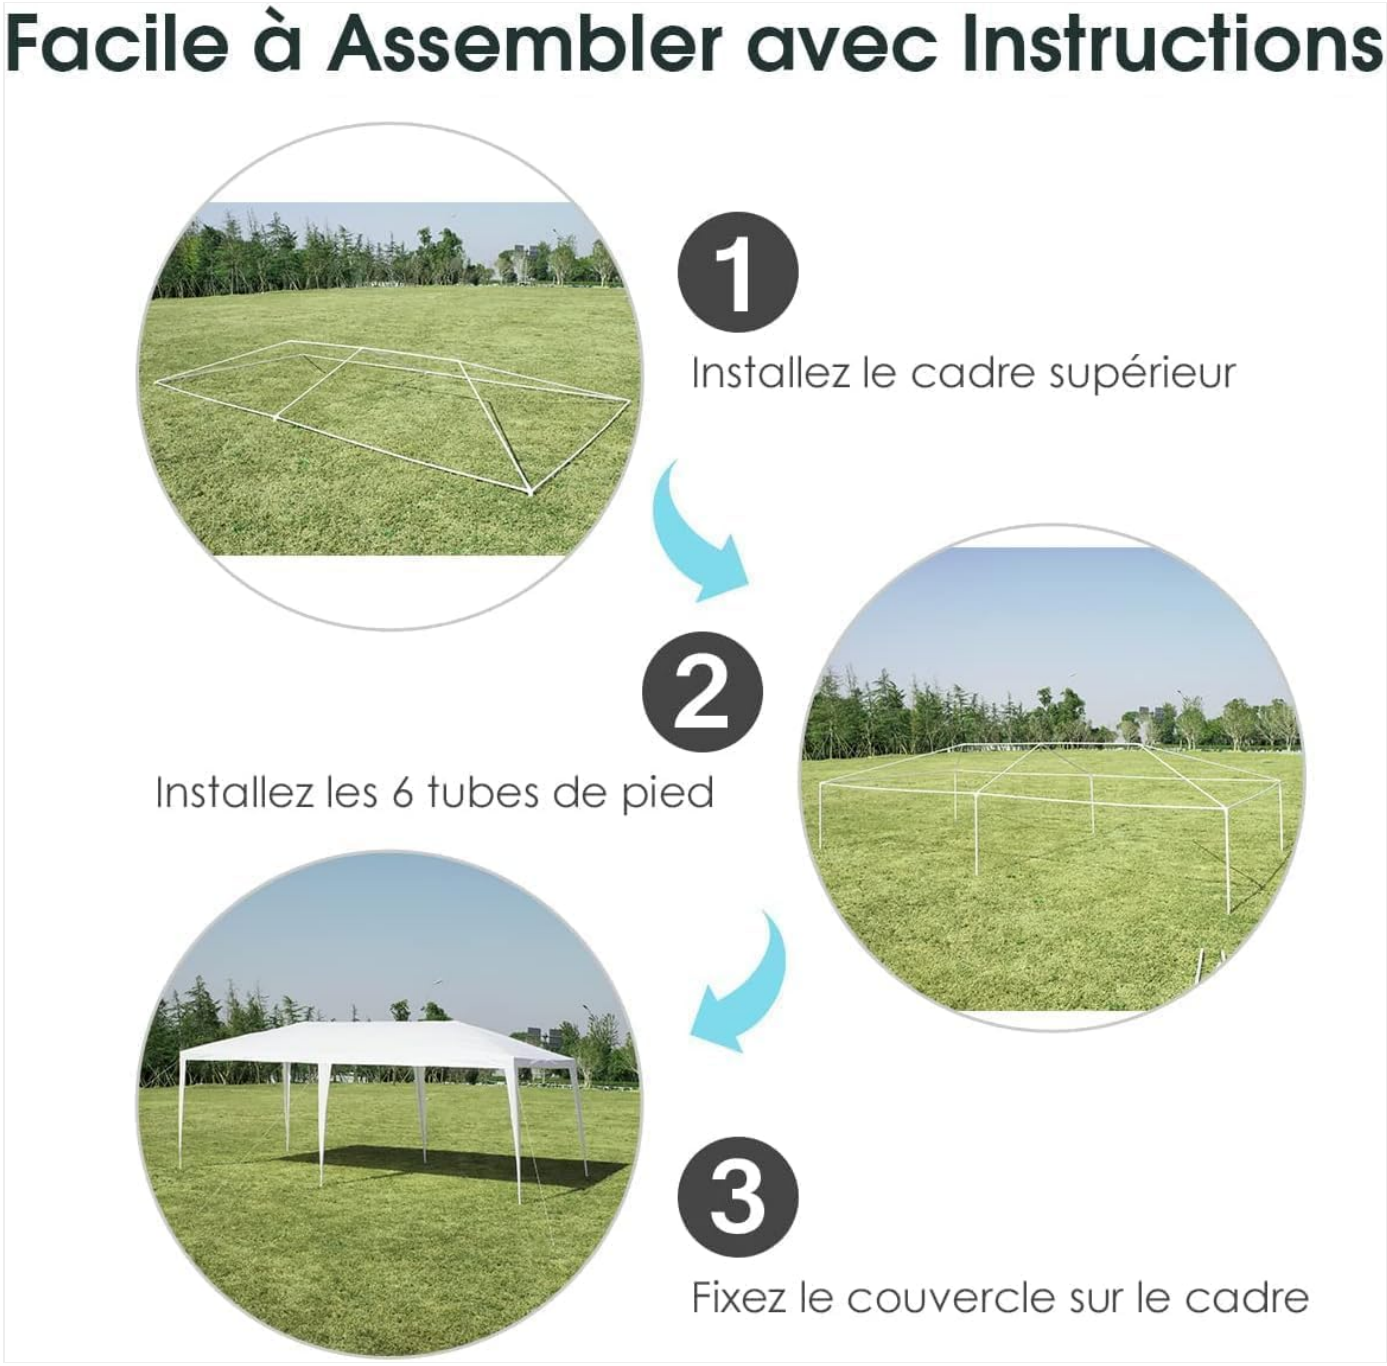

Image: Visual guide for gazebo assembly. Step 1: Install the upper frame. Step 2: Install the 6 leg tubes. Step 3: Fix the cover onto the frame.

1. **Step 1: Assemble the Upper Frame.** Lay out all metal tubes for the upper frame. Connect them according to the provided diagram in the user manual (refer to the included PDF manual for detailed diagrams). Ensure all connections are secure.
2. **Step 2: Attach the Leg Tubes.** Once the upper frame is complete, attach the 6 leg tubes to the corners and middle sections of the upper frame. Ensure they are firmly connected.
3. **Step 3: Install the Roof Cover.** Carefully place the PE roof cover over the assembled frame. Secure it to the frame using the integrated fasteners or ties. Ensure the cover is taut and evenly distributed.
4. **Step 4: Secure with Guy Ropes and Stakes.** Once the gazebo is standing, attach the 8 guy ropes to the designated points on the frame and secure them to the ground using the 16 ground stakes. This is crucial for stability, especially in outdoor conditions.

For detailed diagrams and a complete parts list, please refer to the official user manual PDF provided with your product.

Operating Instructions

The RELAX4LIFE gazebo is designed for temporary outdoor use. Proper operation ensures longevity and safety.

- **Placement:** Choose a flat, level, and soft ground surface for installation to allow for proper staking. Avoid concrete or hard surfaces unless alternative anchoring methods are used.
- **Weather Conditions:** This gazebo provides sun protection and is waterproof for light rain. However, it is not designed for heavy rain, hail, snow, or strong winds. Always disassemble the gazebo in adverse weather conditions.
- **Ventilation:** The design without sidewalls promotes excellent air circulation, keeping the interior cool and comfortable.
- **Usage:** Ideal for various outdoor events such as camping, picnics, weddings, and parties.

Maintenance

Regular maintenance will extend the life of your gazebo.

- **Cleaning:** Clean the PE roof cover with mild soap and water. Do not use harsh chemicals or abrasive cleaners. Rinse thoroughly and allow to air dry completely before storage.
- **Frame Care:** Inspect the metal frame periodically for any signs of rust or damage. Clean any dirt or debris from the frame. If rust appears, clean it and apply a rust-inhibiting paint.
- **Storage:** When not in use, especially during off-season or anticipated severe weather, disassemble the gazebo. Clean all components and ensure they are completely dry before storing them in a cool, dry place away from direct sunlight.
- **Component Check:** Regularly check all connections, guy ropes, and ground stakes for wear and tear. Replace any damaged parts immediately to maintain stability and safety.

Troubleshooting

This section addresses common issues you might encounter.

Problem	Possible Cause	Solution
Gazebo feels unstable.	Insufficient anchoring; uneven ground; loose connections.	Ensure all guy ropes are taut and stakes are firmly in the ground. Check all frame connections for tightness. Relocate to a more level surface if necessary.
Water pooling on the roof.	Roof cover not taut enough; heavy rainfall.	Adjust the roof cover to ensure it is stretched tightly over the frame. Disassemble in heavy rain to prevent damage.
Difficulty assembling frame tubes.	Misalignment; debris in connectors.	Ensure tubes are correctly oriented. Check connectors for any obstructions. Apply light pressure and twist gently. Refer to the detailed assembly diagrams in the PDF manual.

Specifications

Brand:	RELAX4LIFE
Model Number:	ST7378FR
Product Dimensions (L x W x H):	600 x 300 x 260 cm (6L x 3W x 2.6H meters)
Item Weight:	12 kg
Color:	White
Material:	Metal (Frame), Polyethylene (PE) (Cover)
Frame Material:	Metal
Water Resistance Level:	Waterproof
UV Protection:	UV Protection

Floor Area:	18 square meters
Assembly Required:	Yes
Recommended Uses:	Camping, Picnic, Wedding, Festival
Package Contents:	1 x Garden Gazebo, 8 x Guy Ropes, 16 x Ground Stakes, 1 x User Manual
Country of Origin:	China
