2. Safety Information

Please observe the following safety precautions to prevent injury or damage to the product:

- Ensure the power outlet is properly grounded and matches the voltage requirements of the bidet seat.
- Do not immerse the bidet seat or remote control in water.
- Unplug the unit before cleaning or performing any maintenance.
- Keep the remote control away from water and direct sunlight.
- Do not attempt to repair the unit yourself. Contact qualified service personnel for assistance.
- This product is designed for household use only.

3. What's in the Box

Verify that all components are present before beginning installation:

Figure 2: Included components for the Aquonderful 102S-W Bidet Toilet Seat.

- 1x Smart Bidet Seat
- 1x Wireless Remote Control
- 1x Instruction Manual
- 2x Screws
- 2x Gaskets
- 2x Steel Discs
- 1x Mounting Plate
- 2x Anchoring Rubbers
- 1x Three-way Valve
- 1x PE Pipe

4. Setup and Installation

Follow these steps for proper installation. A standard electrical outlet is required near the toilet.

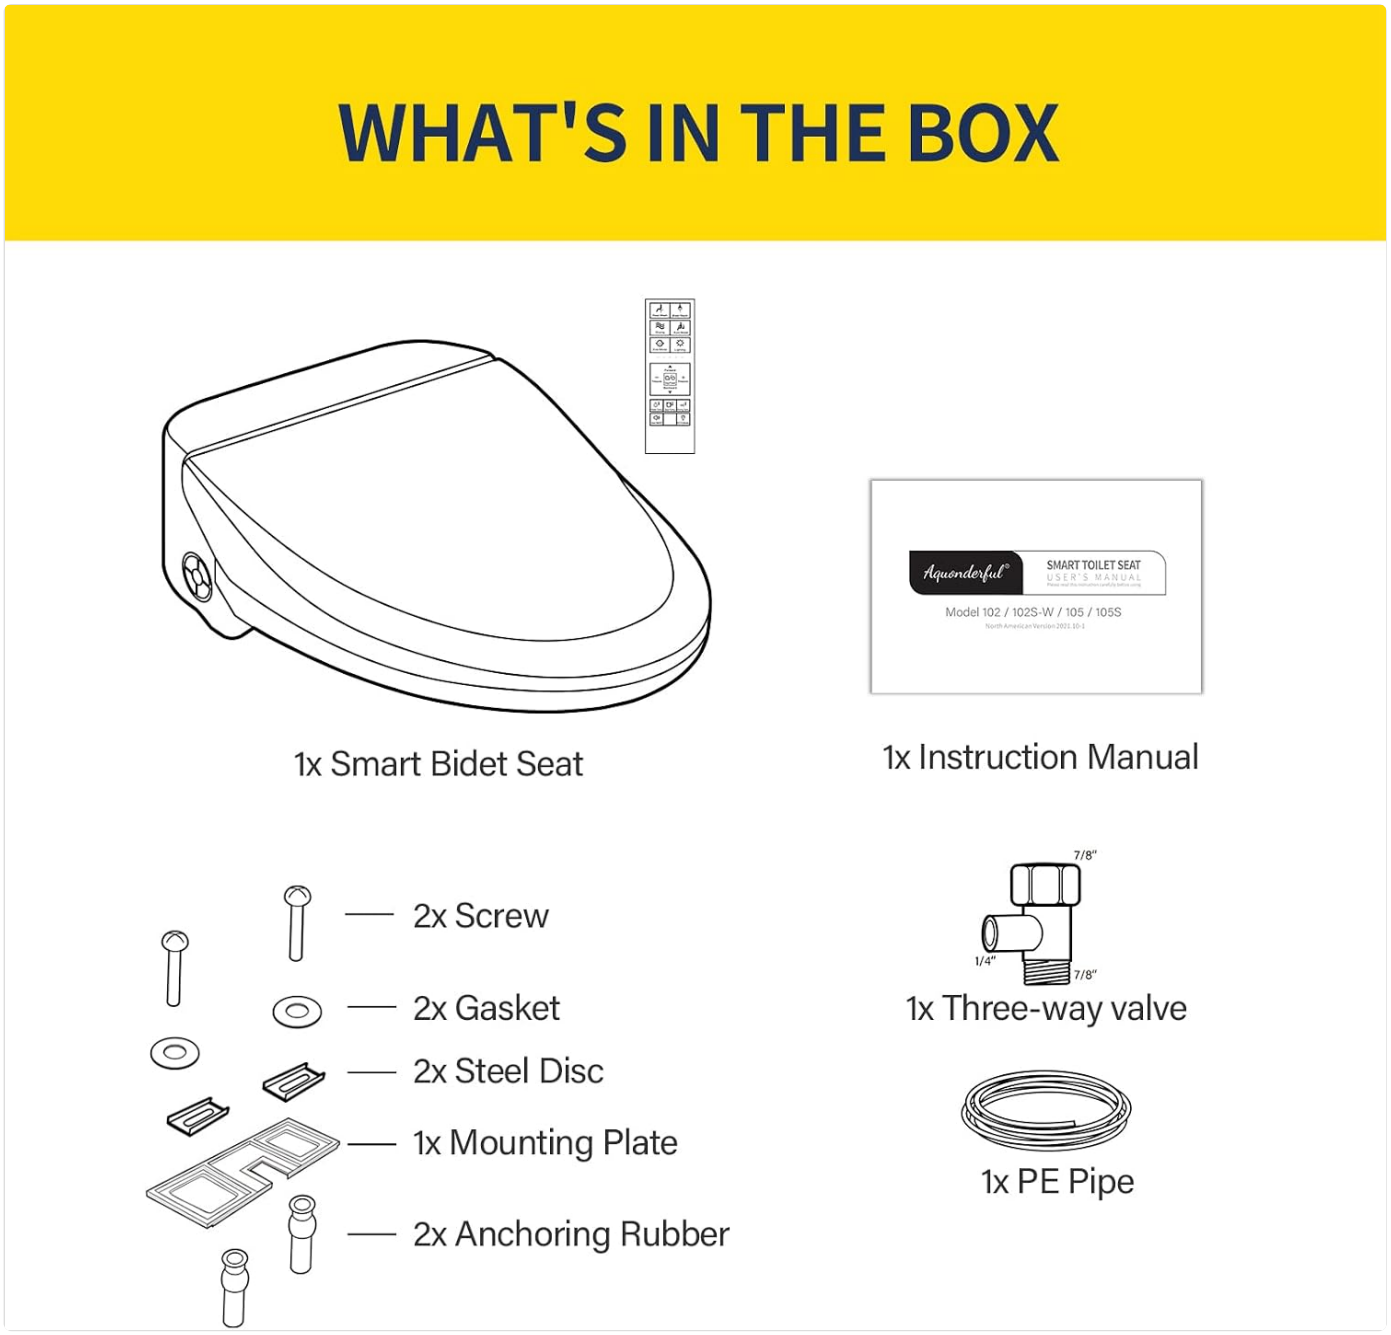

Figure 3: Toilet Fit Check Guide. Ensure your toilet bowl is Oval and has an accessible electrical outlet.

4.1. Pre-Installation Check

- Confirm your toilet bowl shape is Oval. This model is designed for Oval toilets.
- Ensure a grounded electrical outlet (120V AC) is within reach of the bidet seat's power cord.
- Turn off the water supply to the toilet and flush to empty the tank.

4.2. Installation Steps

Figure 4: Visual guide for the easy DIY installation process.

1. **Remove Existing Toilet Seat:** Unscrew and remove your current toilet seat and lid.
2. **Install Mounting Plate:** Place the mounting plate over the toilet bowl holes. Insert the anchoring rubbers into the holes, then secure the mounting plate with the steel discs and screws. Tighten firmly.
3. **Install Bidet Seat:** Slide the Aquonderful bidet seat onto the installed mounting plate until it clicks into place.

4. **Connect Hoses:**
    - Disconnect the existing water supply hose from the toilet tank.
    - Install the provided three-way valve to the toilet tank's water inlet.
    - Connect the original water supply hose to one outlet of the three-way valve.
    - Connect the provided PE pipe from the bidet seat to the other outlet of the three-way valve.
5. **Restore Water and Power:** Turn on the water supply to the toilet. Check for leaks. Plug the bidet seat into the electrical outlet.

5. Operating Instructions

The Aquonderful 102S-W is operated using the wireless remote control. Familiarize yourself with the remote's functions for a personalized experience.

Figure 5: Wireless Remote Control and its various functions.

5.1. Key Functions

- **Rear Wash:** Activates the rear cleansing spray.
- **Front Wash (Bidet Wash):** Activates the feminine cleansing spray.
- **Adjustable Nozzle Position:** Moves the nozzle forward or backward for optimal cleansing.
- **Adjustable Water Pressure:** Increases or decreases the water spray intensity.
- **Adjustable Water Temperature:** Selects desired water temperature (cold, warm, hot).
- **Warm Air Drying:** Activates the warm air dryer.
- **Adjustable Warm Air Temperature:** Controls the temperature of the warm air dryer (High, Middle, Low).
- **Heated Seat:** Turns on/off the heated seat function.
- **Night Light:** Activates the LED night light for visibility in the dark.
- **Kids Mode:** Provides a gentle wash and dry cycle suitable for children.
- **Auto Mode:** Initiates a pre-programmed wash and dry cycle.
- **Stop/Power:** Stops any active function or turns the unit on/off.
- **ECO Mode:** Activates energy-saving mode to reduce power consumption.
- **Voice ON/OFF:** Toggles voice prompts or sounds.

6. Maintenance

Regular cleaning and maintenance will ensure the longevity and hygienic operation of your bidet seat.

6.1. Cleaning the Bidet Seat

- Unplug the bidet seat from the power outlet before cleaning.
- Wipe the exterior surfaces with a soft, damp cloth and a mild, non-abrasive cleaner.
- Do not use harsh chemicals, abrasive pads, or solvents, as these can damage the finish.
- For the nozzle, the bidet features a self-cleaning function. For deeper cleaning, gently pull out the nozzle and wipe it with a soft cloth.

6.2. Filter Maintenance (If Applicable)

Some bidet models include a water filter. Refer to the product specifications or contact support if you suspect your model has a replaceable filter and requires maintenance.

7. Troubleshooting

If you encounter issues with your Aquonderful bidet seat, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No power	Power cord unplugged, circuit breaker tripped, or power outage.	Ensure the power cord is securely plugged in. Check your household circuit breaker.
No water spray	Water supply valve closed, water filter clogged, or nozzle blocked.	Open the water supply valve. Clean or replace the water filter (if applicable). Clean the nozzle.
Water temperature not adjusting	Water heater setting incorrect or insufficient time for heating.	Adjust water temperature settings on the remote. Allow a few moments for water to heat.
Seat not heating	Heated seat function off or temperature setting too low.	Activate the heated seat function and adjust the temperature setting on the remote.
Remote control not working	Dead batteries or remote out of range.	Replace batteries in the remote control. Ensure you are within range of the bidet seat.

If the problem persists after attempting these solutions, please contact Aquonderful customer support.
