6. Maintenance

- Keep the device dry and away from moisture.
- Avoid exposing the device to extreme temperatures (hot or cold).
- Clean the device with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- Store the device in a cool, dry place when not in use.
- To prolong battery life, fully charge the power bank at least once every three months if not used regularly.

7. Troubleshooting

7.1 Device Not Charging

- Ensure the RORRY charger itself is sufficiently charged. Check the LED indicators.
- Verify that the charging cables are securely connected to both the charger and your device.
- For wireless charging, ensure your device is properly aligned on the charging pad.
- Try using a different cable or power adapter to charge the RORRY unit.

7.2 Slow Charging

- Ensure you are using a PD 20W or higher power adapter when charging the RORRY unit or using it as a charging station.
- Check if your device supports fast charging.
- Avoid using the device in extremely hot environments, as this can affect charging efficiency.

7.3 Magnetic Connection Issues

- Ensure there are no foreign objects between your device and the magnetic charging surface.
- Remove any thick cases from your iPhone that might interfere with MagSafe connection.
