For EZIclean Aqua Connect S200, S250, X500, X550, X600, X650, and X500EZIC060175 Models

1. IMPORTANT SAFETY INSTRUCTIONS

Please read and understand all safety instructions before using this battery. Failure to follow these instructions may result in fire, electric shock, explosion, or other hazards.

- **Do Not Disassemble:** Do not attempt to disassemble, open, or service the battery pack.
- **Compatibility:** Replace only with the battery pack designated for your specific device model. Verify device and original battery part numbers for compatibility.
- **Physical Damage:** Do not crush, puncture, or short external contacts. Avoid dropping the battery.
- **Water and Fire:** Do not expose the battery to water or dispose of it in fire.
- **Temperature:** Do not store above 60°C (140°F). Avoid extreme temperatures.
- **Label Integrity:** The warranty is void if the battery label is removed.

2. PRODUCT OVERVIEW

This replacement battery is designed for various EZIclean Aqua Connect and Connect series devices. It features a standard connector for easy integration into compatible models.

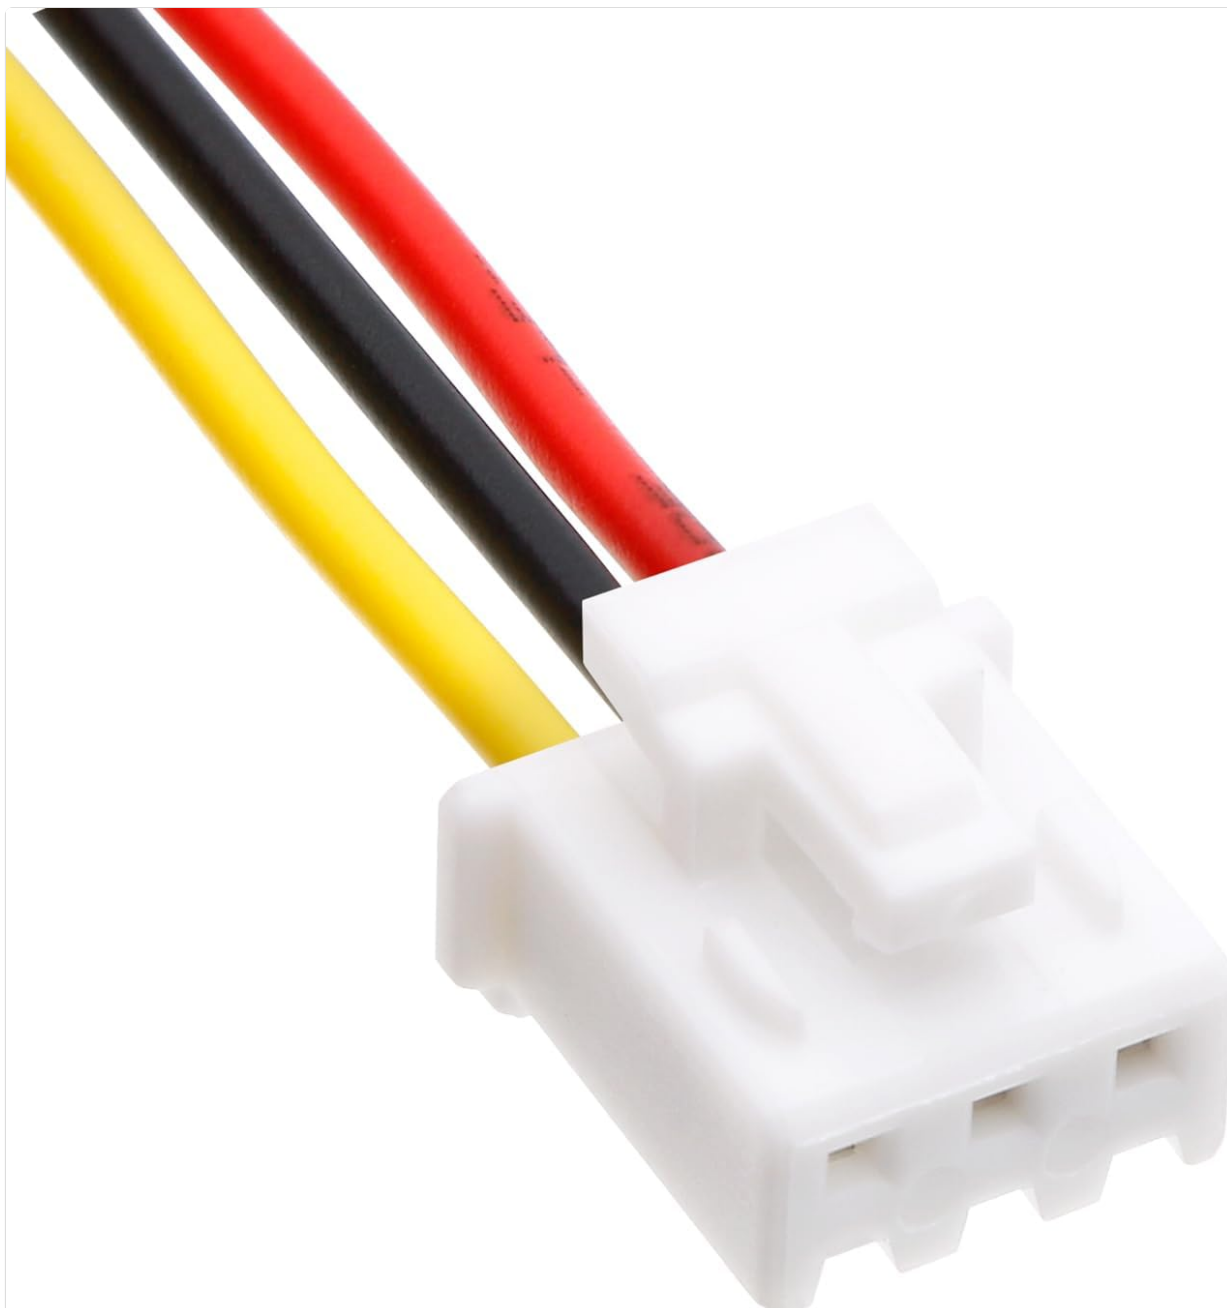

Image: Detailed view of the battery's three-pin connector, ensuring proper connection to the device.

3. SETUP AND FIRST USE

1. **Compatibility Check:** Before installation, carefully verify that this battery's model and part number are compatible with your device.
2. **Installation:** When installing the battery, ensure the connector is properly and securely connected to your device's port. Refer to your device's original manual or online resources for specific installation guidance.
3. **Initial Charging:** For optimal performance, a new battery should undergo 2 to 3 complete charge and discharge cycles before regular use.

4. OPERATION

Once installed and charged, the battery operates as the power source for your compatible EZIclean device. Its function is integrated with the device's power management system.

- Ensure the battery is fully charged before extended use.

- Monitor your device's battery indicator for charge levels.

5. MAINTENANCE AND CARE

Proper maintenance extends the life and performance of your battery.

- **Charging Equipment:** Use only high-quality, compatible chargers. Low-quality third-party chargers can shorten the battery's lifespan.
- **Storage:** If storing the battery for an extended period, ensure it is partially charged (around 50%) and stored in a cool, dry place away from direct sunlight and extreme temperatures.
- **Cleaning:** Keep battery contacts clean and free from dust or debris.
- **Disposal:** Dispose of old or damaged batteries responsibly according to local regulations. Do not dispose of in household waste.

6. TROUBLESHOOTING

If you encounter issues with your battery, consider the following common solutions:

- **Device Not Powering On:** Ensure the battery is correctly installed and fully charged. Check the device's power button and other components.
- **Battery Not Charging:** Verify that the charger is functioning correctly and properly connected. Ensure the charging port on your device is clean and undamaged.
- **Shortened Run Time:** Over time, all rechargeable batteries experience capacity degradation. Ensure you are following proper charging and maintenance procedures.
- **Loose Connection:** Re-seat the battery connector to ensure a firm connection.

If problems persist, contact customer support for further assistance.

7. SPECIFICATIONS

Feature	Detail
Capacity	2600mAh / 37.44Wh
Voltage	14.4V
Dimensions	69.00 x 37.60 x 37.60mm
Weight	190.0g
Battery Cell Composition	Lithium Polymer
Certifications	ISO9001, RoHS, CE
Protection Features	Overcharge, over discharge, over voltage, short circuit protection

8. WARRANTY AND SUPPORT

This product comes with a **12-month warranty** from the date of purchase, covering manufacturing defects. For any questions, technical assistance, or warranty claims, please contact our customer support team. We

aim to provide an email reply within 24 hours.
