5. CARE AND MAINTENANCE

Proper care will extend the life and appearance of your VINGLI Bistro Set.

- **Cleaning:** Wipe down the furniture regularly with a soft cloth dampened with mild soap and water. Rinse thoroughly with clean water and dry completely to prevent water spots.
- **Rust Prevention:** Although the set features a rust-resistant coating, avoid prolonged exposure to standing water. If scratches or chips occur in the coating, touch up with appropriate outdoor metal paint to prevent rust.
- **Storage:** During harsh weather conditions (heavy rain, snow, extreme temperatures), it is recommended to cover the furniture or store it indoors to protect its finish and extend its lifespan. Utilize the stackable design for convenient storage.
- **Inspection:** Periodically check all bolts and screws to ensure they remain tight. Retighten as necessary.

6. TROUBLESHOOTING

- **Wobbling Furniture:** If a chair or table wobbles, adjust the height-adjustable feet pads on each leg until the furniture is stable on the surface.
- **Loose Connections:** If any part feels loose, check all assembly screws and tighten them using the provided Allen wrench. Do not overtighten.
- **Surface Scratches:** Minor scratches can be touched up with outdoor-grade black metal paint to maintain appearance and rust resistance.
