

Oulice ES9008

Oulice Replacement Outer Foil + Inner Blade Set for Panasonic ES9008 Electric Shaver

INTRODUCTION

This manual provides essential instructions for the installation and maintenance of your Oulice Replacement Outer Foil and Inner Blade Set, designed specifically for the Panasonic ES9008 Electric Shaver. Proper installation and care ensure optimal shaving performance and longevity of your shaver.

PRODUCT COMPONENTS

The replacement set includes one outer foil and one inner blade, engineered to work together for a close and comfortable shave.

Figure 3: Replacement Inner Blades. A close-up of the sharp inner blades, designed for efficient hair cutting.

COMPATIBILITY

This replacement set is specifically designed for use with the **Panasonic ES9008 Electric Shaver**. Ensure your shaver model matches for proper fit and function.

INSTALLATION GUIDE

For optimal performance, it is recommended to clean your shaver thoroughly before installing new parts.

1. **Preparation:** Ensure your Panasonic ES9008 shaver is turned off and unplugged.
2. **Remove Old Parts:** Carefully detach the existing outer foil and inner blade from the shaver head. Refer to your shaver's original manual for specific removal instructions if needed.
3. **Clean Shaver Head:** Use a small brush (often included with shavers) to remove any trapped hair or debris from the shaver head area. You may also rinse the shaver head under running water if your shaver model supports wet cleaning. Ensure it is dry before proceeding.
4. **Install New Inner Blade:** Gently place the new inner blade onto the shaver's drive shaft. Ensure it sits securely.
5. **Install New Outer Foil:** Align the new outer foil with the shaver head and press it down until it clicks into place. Ensure it is firmly attached.
6. **Test Shaver:** Turn on your shaver briefly to ensure the new foil and blade operate smoothly.

MAINTENANCE & CLEANING

Regular cleaning of your shaver and its replacement parts is crucial for maintaining superior cutting performance and hygiene. The Panasonic ES9008 shaver is designed for easy maintenance.

- **Daily Cleaning:** After each shave, remove the outer foil and inner blade. Tap out any loose hair.
- **Wet Cleaning:** For a more thorough clean, apply a small amount of liquid soap to the outer foil. Turn the shaver on to create lather, then rinse the shaver head under running water until all soap and hair are removed. Turn off the shaver and allow it to air dry completely before reassembling.
- **Lubrication:** Periodically apply a drop of shaver oil (if available) to the outer foil to ensure smooth operation.

Video 1: Panasonic Arc 5 Shaver Review and Unboxing. This video provides an overview of the Panasonic Arc 5 shaver, including its components and cleaning instructions, which are relevant for maintaining the replacement foil and blade set.

SPECIFICATIONS

- **Product Type:** Replacement Outer Foil + Inner Blade Set
- **Compatibility:** Panasonic ES9008 Electric Shaver
- **Blade Material:** Hypoallergenic
- **Features:** Close and efficient shave, distinct cutting technologies for comfort.

TROUBLESHOOTING

If you experience issues after replacing the foil and blade set, consider the following:

- **Poor Shaving Performance:** Ensure the new foil and blade are correctly seated and clicked into place. Verify that the shaver head is clean and free of debris.
- **Irritation:** Allow your skin approximately 30 days to adjust to new shaving methods or new blades. Ensure you are shaving with a clean shaver.
- **Unusual Noise:** Check for any foreign objects in the shaver head. Ensure all parts are correctly assembled.

WARRANTY INFORMATION

This product is a replacement part. For warranty information regarding the Panasonic ES9008 Electric Shaver itself, please refer to the original shaver's warranty documentation or contact Panasonic customer service. Typically, Panasonic products come with a limited warranty for parts and labor.

SUPPORT & ACCESSORIES

For further assistance, product registration, or to explore other accessories for your Panasonic shaver, please visit the official Panasonic website or contact their customer service directly.
