4. ASSEMBLY INSTRUCTIONS

Each flower pot model comes with its own detailed instruction booklet. Please refer to the specific booklet for the flower you wish to assemble. The general assembly process involves the following steps:

1. **Unpack and Sort:** Carefully open the packaging for your chosen flower model. Sort the building blocks by color and shape to facilitate easier assembly.
2. **Build the Base (Flower Pot):** Begin by constructing the flower pot base. These bases are designed to be sturdy and hold the flower structure.
3. **Assemble the Stem and Leaves:** Follow the instructions to build the stem and attach the leaf elements. Pay attention to the orientation and connection points.
4. **Construct the Flower Head:** Assemble the intricate flower petals and central elements according to the guide. Each flower has a unique design.
5. **Attach Flower to Stem:** Securely connect the assembled flower head to the stem.
6. **Insert into Pot:** Place the completed flower and stem assembly into the built flower pot base. Ensure it is stable.

7. **Add Decorative Elements:** Some models include small decorative elements like grass pieces or small hearts to enhance the scene base.

6. MAINTENANCE

To keep your WOMA flower pots looking their best:

- **Cleaning:** Dust regularly with a soft, dry cloth or a soft brush. For more thorough cleaning, gently wipe with a damp cloth and mild soap, then dry immediately. Do not submerge in water.
- **Storage:** If disassembling for storage, keep all pieces in a sealed container to prevent loss.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight may cause colors to fade over time.

7. TROUBLESHOOTING

- **Missing Pieces:** If you find any pieces missing, please double-check all packaging materials. If still missing, contact WOMA customer support with your product model number and a description of the missing part.
- **Difficulty Connecting Pieces:** Ensure pieces are correctly aligned. Apply gentle, even pressure. Avoid forcing pieces together, as this can cause damage.
- **Model Instability:** Verify that all connections are secure and that the base is assembled correctly according to the

instructions.
