

Ninja Foodi DZ100

Ninja Foodi 4-in-1 8-Quart 2-Basket Air Fryer with DualZone Technology (Model DZ100) User Manual

Your guide to operating and maintaining your Ninja Foodi Air Fryer.

INTRODUCTION

This manual provides essential information for the safe and efficient operation of your Ninja Foodi 4-in-1 8-Quart 2-Basket Air Fryer with DualZone Technology, Model DZ100. Please read all instructions thoroughly before initial use to ensure proper function and to prevent damage or injury. This appliance is designed for air frying, roasting, reheating, and dehydrating a variety of foods.

IMPORTANT SAFEGUARDS

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, and/or injury. This appliance is for household use only.

- Read all instructions before using the appliance.
- Do not touch hot surfaces. Use handles or knobs.
- To protect against electrical shock, do not immerse cord, plugs, or main unit housing in water or other liquid.
- Close supervision is necessary when any appliance is used by or near children.
- Unplug from outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts.
- Do not operate any appliance with a damaged cord or plug or after the appliance malfunctions or has been damaged in any manner.
- Do not use outdoors.
- Do not let cord hang over edge of table or counter, or touch hot surfaces.
- Do not place on or near a hot gas or electric burner, or in a heated oven.
- Extreme caution must be used when moving an appliance containing hot oil or other hot liquids.
- Always attach plug to appliance first, then plug cord into the wall outlet. To disconnect, turn any control to 'off', then remove plug from wall outlet.

- Do not use appliance for other than intended use.
- Ensure the cooking surface is 100% PFAS free.

GETTING STARTED

Unpacking and Components

Carefully remove all packaging materials and promotional labels from the appliance. Inspect all parts for any damage. The main components include:

- Main Air Fryer Unit with Digital Control Panel
- Two 4-Quart Cooking Baskets
- Two Crisper Plates

EASY TO CLEAN

Baskets are nonstick and easy to clean.
Crisper plates are dishwasher safe.

Image: The Ninja Foodi Air Fryer main unit with its two removable cooking baskets and crisper plates displayed separately, illustrating the ease of assembly and cleaning.

Initial Setup

1. Wash the cooking baskets and crisper plates in warm, soapy water, then rinse and dry thoroughly. These parts are also dishwasher safe.
2. Wipe the exterior of the main unit with a clean, damp cloth.
3. Place the crisper plates into the cooking baskets.
4. Insert the assembled baskets into the main unit.
5. Place the air fryer on a clean, dry, level surface, ensuring adequate clearance around the unit for proper ventilation.

OPERATING YOUR AIR FRYER

Control Panel Overview

The digital control panel features intuitive touch controls for power, temperature, time, and cooking functions. It includes dedicated buttons for each cooking mode and DualZone Technology features.

Cooking Functions (4-in-1 Versatility)

Your Ninja Foodi Air Fryer offers four versatile cooking functions:

4-IN-1 VERSATILITY

Air Fry, Roast, Reheat and Dehydrate in either cooking zone.

Image: A plate of various fried and roasted foods, including curly fries, chicken tenders, and celery sticks, illustrating the 4-in-1 versatility of the Ninja Foodi Air Fryer.

- **Air Fry:** For crispy results with little to no oil. Ideal for fries, chicken wings, and vegetables.
- **Roast:** For tender meats, roasted vegetables, and more.
- **Reheat:** To warm up leftovers and restore their original texture.
- **Dehydrate:** To gently remove moisture from foods for dried fruits, vegetable chips, and jerky.

DualZone Technology

This feature allows you to cook two different foods in the two independent 4-quart baskets simultaneously, each with its own temperature and time settings. This eliminates back-to-back cooking and ensures both dishes are ready at the same time.

DUALZONE™ TECHNOLOGY

Set different temps & times

FINISH AT THE SAME TIME

Image: A visual representation of DualZone Technology, showing one basket set to Air Fry at 400°F for 28 minutes and the other to Roast at 360°F for 18 minutes, with both finishing at the same time.

ELIMINATE BACK-TO-BACK COOKING

2 different foods, 2 different ways, and finish at the same time.

Image: Two hands pulling out baskets from the air fryer, one with chicken wings and the other with roasted Brussels sprouts, demonstrating how DualZone Technology allows cooking two different foods simultaneously.

Smart Finish

The Smart Finish function intelligently synchronizes the cooking times of both baskets so that different foods, cooked with different settings, finish simultaneously. This ensures your entire meal is ready to serve at once.

1. Load Basket 1 with food and select its cooking function, temperature, and time.
2. Load Basket 2 with food and select its cooking function, temperature, and time.
3. Press the 'Smart Finish' button.
4. Press 'Start/Pause' to begin cooking. The unit will automatically adjust the start time for each basket to ensure they finish together.

SMART FINISH AND SERVE TOGETHER

Accurately cook 2 different foods with 2 different settings and intelligently sync cook times to finish and serve together.

Image: A close-up of the Ninja Foodi Air Fryer's control panel and a basket being removed, with text highlighting the 'Smart Finish' feature for serving two different foods together.

Match Cook

The Match Cook function allows you to easily duplicate the settings from one basket to the other, providing a full 8-quart capacity for cooking larger quantities of the same food.

1. Load both baskets with the same food.
2. Select the cooking function, temperature, and time for Basket 1.
3. Press the 'Match Cook' button. The settings from Basket 1 will be applied to Basket 2.
4. Press 'Start/Pause' to begin cooking.

MATCH COOK FOR 8-QT XL CAPACITY

Easily sync cook settings across both zones with the touch of a button to cook more of your favorites at once.

Image: A person removing a basket full of French fries from the Ninja Foodi Air Fryer, with text emphasizing the 'Match Cook' feature for utilizing the full 8-quart capacity.

CLEANING AND MAINTENANCE

Proper cleaning and maintenance ensure the longevity and optimal performance of your air fryer.

- **Before Cleaning:** Always unplug the unit from the power outlet and allow it to cool completely before cleaning.
- **Cooking Baskets and Crisper Plates:** These are nonstick and dishwasher safe. For best results, wash them in the dishwasher or by hand with warm, soapy water and a non-abrasive sponge.
- **Main Unit:** Wipe the exterior of the main unit with a clean, damp cloth. Do not immerse the main unit in water or any other liquid.
- **Heating Element:** If necessary, gently clean the heating element with a soft brush to remove any food residue.
- **Storage:** Store the appliance in a cool, dry place with the power cord neatly wrapped.

TROUBLESHOOTING

If you encounter issues with your Ninja Foodi Air Fryer, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Appliance does not turn on.	Power cord not plugged in.	Ensure the power cord is securely plugged into a grounded outlet.
Food is not cooking evenly.	Baskets are overcrowded; food not shaken/flipped.	Do not overcrowd baskets. Shake or flip food halfway through cooking for even results.
White smoke coming from unit.	Grease from previous cooking; food with high fat content.	Clean baskets and crisper plates thoroughly after each use. For high-fat foods, drain excess oil.
Food is not crispy.	Too much moisture; insufficient oil; incorrect temperature/time.	Pat food dry before air frying. Lightly coat with oil. Adjust temperature and time as needed.

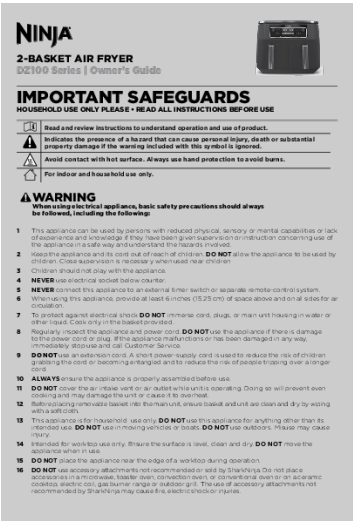

SPECIFICATIONS

- **Model:** DZ100
- **Capacity:** 8 Quarts (4 Quarts per basket)
- **Functions:** Air Fry, Roast, Reheat, Dehydrate
- **Temperature Range:** 105°F – 400°F
- **Wattage:** 1690 Watts
- **Product Dimensions:** 15.63"D x 13.86"W x 12.4"H
- **Color:** Black
- **Material:** Metal
- **Control Method:** Touch (Digital Display)
- **Special Features:** DualZone Technology, Smart Finish, Match Cook, Nonstick Coating, Dishwasher Safe Components
