

RF-3028A

Generic 5-in-1 Electric Shaver for Women (Model RF-3028A) - Instruction Manual

Comprehensive instruction manual for the Generic 5-in-1 Electric Shaver for Women (Model RF-3028A). Learn about setup, operation, maintenance, and troubleshooting for this versatile cordless hair removal device, featuring replaceable heads for facial, eyebrow, nose, and body trimming.

IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before using the device. Keep this manual for future reference.

- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.
- Do not use the appliance if the charging cable or plug is damaged. Contact customer service for replacement.
- Do not immerse the main body of the shaver in water for extended periods. The heads are washable, but ensure the main unit's charging port is dry before charging.
- Keep the device away from heat sources and direct sunlight.
- Do not attempt to disassemble or repair the device yourself. This will void the warranty.

SETUP AND CHARGING

Charging the Device

The shaver is cordless and rechargeable. Before first use, fully charge the device. A full charge takes approximately 2 hours and provides up to 90 minutes of continuous runtime.

1. Connect the USB charging cable to the charging port at the bottom of the shaver.
2. Plug the other end of the USB cable into a compatible USB power source (e.g., power bank, laptop, car charger, or adapter).
3. The LED display will indicate the battery power level during charging. Ensure it reaches 100% for optimal

performance.

Attaching and Detaching Shaver Heads

The shaver features an easy twist-and-lock mechanism for changing heads.

1. To detach a head: Hold the main unit firmly and twist the attached head counter-clockwise until it unlocks and can be pulled off.
2. To attach a head: Align the desired head with the main unit, push it down gently, and twist clockwise until it clicks securely into place.

PORTABLE & NICE FOR TRAVEL

OPERATING INSTRUCTIONS

General Use (Wet & Dry)

This electric shaver is designed for both wet and dry use. For a comfortable shave, you can use it with foam or gel in the shower, or dry for quick touch-ups. The hypoallergenic stainless steel blades ensure a painless and skin-friendly experience.

WHOLE BODY WASHABLE

EASY TO CLEAN

Image: The shaver being used for both dry shaving on a leg and wet shaving in a bathtub, highlighting its wet and dry functionality.

Using the Double-sided Razor Head (Body Shaver)

This head is ideal for larger areas like legs, arms, underarms, and the bikini area. It provides a close and efficient shave.

- Attach the double-sided razor head to the main unit.
- For best results, hold the shaver at a 30-45 degree angle against the skin and move it gently against the direction of hair growth.
- Use the additional limit comb for the double-sided razor head if you prefer to trim hair to a specific length rather than a close shave.

HAIR & BIKINI TRIMMER

Image: The hair and bikini trimmer head, illustrating its features for soft, effective, washable, painless, and body care use.

Using the Rotary Facial Hair Trimmer Head

This head is specifically designed for delicate facial areas such as the upper and lower lip, cheeks, chin, and neck. It effectively removes peach fuzz or fine hair.

- Attach the rotary facial hair trimmer head.
- Gently move the trimmer in small circular motions over the desired area.

Using the Eyebrow Trimmer Head

Achieve perfectly shaped eyebrows with this precision trimmer head.

- Attach the eyebrow trimmer head.
- Use the detachable limit comb to trim eyebrows to a uniform length.
- Without the comb, use the blade directly for precise shaping and removing stray hairs.

LONG HAIR TRIMMER

Before use

Dishevelled eyebrows
Not Exquisite

After use

Beautiful eyebrow shape
Natural and vibrant

Chin

Cheek

Lip

FACIAL TRIMMER

Image: The long hair trimmer and facial trimmer heads in action, demonstrating their effectiveness for eyebrow shaping and facial hair removal.

Using the Nose Trimmer Head

Safely and comfortably remove unwanted nose and ear hair.

- Attach the nose trimmer head.
- Gently insert the trimmer tip into your nostril or ear canal and move it in a circular motion.

MAINTENANCE AND CLEANING

Regular cleaning ensures optimal performance and hygiene of your shaver.

- The shaver heads are washable. After each use, detach the head and rinse it under running water.
- Use the provided cleaning brush to remove any trapped hairs from the blades and inside the head.
- Ensure the shaver heads are completely dry before reattaching them to the main unit or storing.
- The main unit is also whole-body washable, but always ensure the charging port is dry before connecting the USB cable.

HOW TO REPLACE THE SHAVER HEAD ?

TROUBLESHOOTING

If you encounter any issues with your Generic 5-in-1 Electric Shaver, please refer to the following common solutions:

- **Device not turning on:** Ensure the device is fully charged. Check the LED display for battery level.
- **Poor trimming performance:** Clean the shaver head thoroughly to remove any accumulated hair or debris. Ensure the blades are not dull (though designed for longevity, extreme wear can occur).
- **Skin irritation:** Ensure your skin is clean before use. If using for wet shaving, apply shaving cream or gel. Avoid pressing too hard against the skin.
- **Head not attaching securely:** Ensure the head is correctly aligned with the main unit and twisted clockwise until it clicks into place.

If the problem persists, please contact customer support for further assistance.
