3. Setup

Initial Charging

1. Before first use, place both earbuds into the charging case.
2. Connect the charging case to a power source using the provided USB cable.
3. The 1.45-inch color touch screen on the charging case will display the charging status.
4. A full charge takes approximately 1 hour. The charging case provides up to 36 hours of total playtime, with each earbud offering approximately 5 hours of single-use listening time.

Image 3.1: Charging case displaying battery life. The image shows a hand holding the charging case with the screen indicating battery percentages for both earbuds and the case, along with charging time and total battery life information.

Bluetooth Pairing

1. Ensure the earbuds are charged and placed inside the charging case.
2. Open the charging case lid. The earbuds will automatically enter pairing mode.
3. On your device (smartphone, tablet, etc.), enable Bluetooth.
4. Search for 'KBT-A9 Pro' in the list of available Bluetooth devices and select it to connect.
5. A stable connection up to 15 meters (approximately 49 feet) is supported by Bluetooth 5.4 technology.

4. Operating Instructions

1.45-inch Color Touch Screen Controls

The charging case features an upgraded full-color display that allows for intuitive control of various functions via swipe gestures.

- **Music Control:** Play, pause, skip tracks.
- **Volume Control:** Adjust audio volume.
- **ANC Modes:** Switch between Active Noise Cancellation (ANC), Transparency, and Normal modes.
- **EQ Settings:** Customize sound equalization.
- **Multilingual UI:** Supports 16 languages.
- **Anti-Lost Earbud Location Tracking:** Helps locate misplaced earbuds.
- **Alarm Setting:** Set alarms directly from the case.
- **Screen Brightness Adjustment:** Control display brightness.
- **Wallpaper Toggle:** Customize the screen background.
- **Time Setting:** Adjust the displayed time.
- **Short Video Control:** Control short video playback.
- **Camera Control:** Remotely trigger your device's camera.
- **LED Lighting:** Control LED indicators.

Earbud Touch Controls

The earbuds feature touch-sensitive areas for quick control of audio and calls.

Action	Left Earbud	Right Earbud
Hold for 2 seconds	Activate Voice Assistant (Bixby/Siri)	Activate Voice Assistant (Bixby/Siri)
Click 1 time	Answer/Hang Up Call, Play/Pause Music	Answer/Hang Up Call, Play/Pause Music
Click 2 times	Reject Call, Next Song	Reject Call, Next Song
Click 3 times	Previous Song	Previous Song

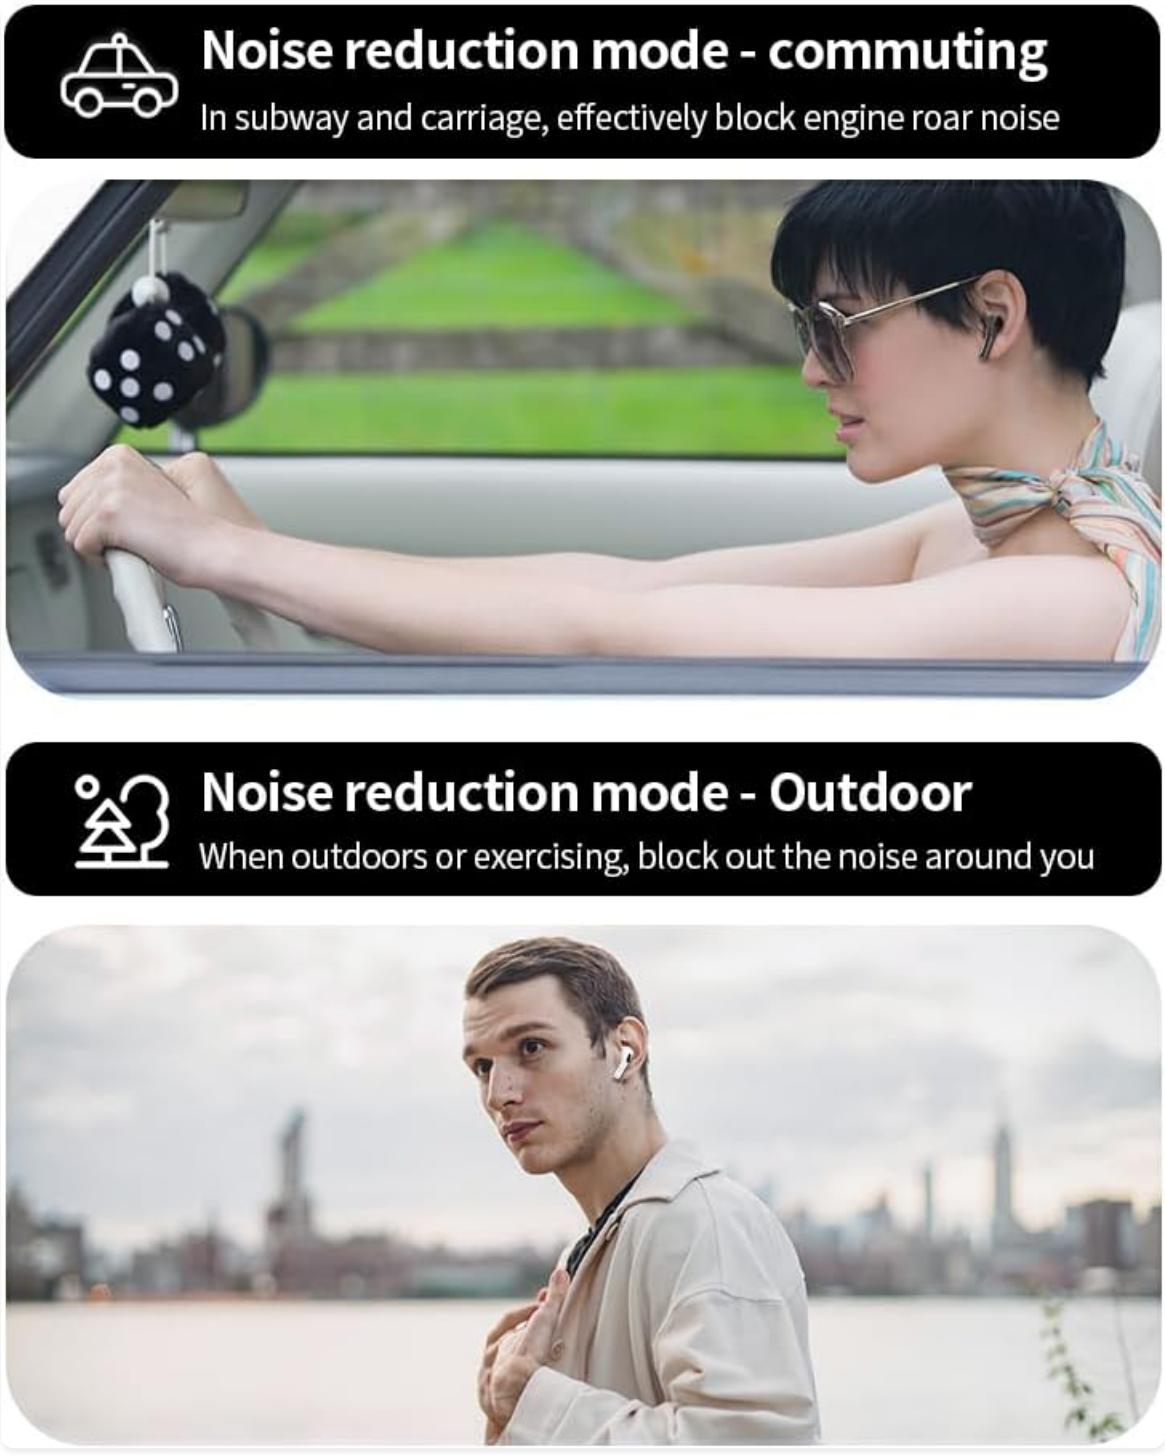

Image 4.2: Visual guide to earbud touch controls. The image illustrates the touch-sensitive areas on both the left and right earbuds and details the corresponding actions for holding, single-clicking, double-clicking, and triple-clicking.

Noise Control Modes (35dB Hybrid ANC)

The KBT-A9 Pro features 35dB Hybrid Active Noise Cancellation (ANC) and 4-Mic Environmental Noise Cancellation (ENC) for clear audio in various environments. You can switch between modes using the charging case touch screen or earbud controls.

- **Indoor Mode:** Reduces ambient sound in environments like offices.
- **Commuting Mode:** Effectively blocks engine roar noise in subways and vehicles.
- **Outdoor Mode:** Blocks out surrounding noise when outdoors or exercising.

Image 4.3: ANC Indoor Mode. A person is shown working in an office environment, illustrating the use of noise reduction to minimize ambient sounds.

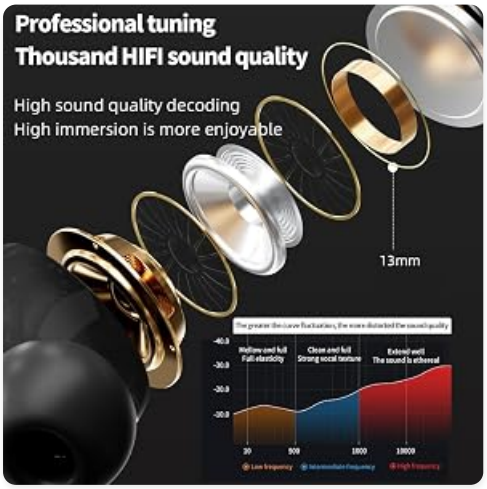

Image 4.4: ANC Commuting Mode. A person is shown driving, demonstrating the effectiveness of noise reduction in blocking engine noise during commutes.

Image 4.5: ANC Outdoor Mode. A person is shown outdoors, indicating the use of noise reduction to block out surrounding environmental sounds.

5. Maintenance

Cleaning

- Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.
- Do not use abrasive cleaners, alcohol, or chemical solvents.
- Gently remove any earwax or debris from the earbud mesh and silicone tips using a small, soft brush or cotton swab.
- Ensure charging contacts on both earbuds and the case are clean and dry for optimal charging.

Storage

- When not in use, always store the earbuds in their charging case to protect them and keep them charged.
- Store the device in a cool, dry place, away from extreme temperatures and direct sunlight.

Water Resistance

The KBT-A9 Pro earbuds are rated IPX4 for splash and dust resistance. This means they are protected from splashing water from any direction. They are not designed for submersion in water. Avoid exposing them to heavy rain or swimming.

6. Troubleshooting

If you encounter any issues with your KBT-A9 Pro Wireless Earbuds, please refer to the following common problems and solutions:

Problem	Possible Solution

Problem	Possible Solution
Earbuds not pairing with device	◦ Ensure earbuds are charged and in pairing mode (open case lid). ◦ Turn off and on Bluetooth on your device. ◦ Forget 'KBT-A9 Pro' from your device's Bluetooth list and re-pair. ◦ Try pairing with another device to rule out device-specific issues.
No sound from one or both earbuds	◦ Check earbud battery levels. ◦ Ensure earbuds are properly seated in your ears. ◦ Clean earbud mesh for any obstructions. ◦ Reconnect the earbuds to your device.
Charging case not charging	◦ Ensure the USB cable is securely connected to both the case and the power source. ◦ Try a different USB cable or power adapter. ◦ Clean the charging port on the case.
Touch controls not responding	◦ Ensure your fingers are clean and dry. ◦ Restart the earbuds by placing them in the case and closing the lid, then reopening.
Poor sound quality	◦ Ensure earbuds are fully charged. ◦ Try different sized ear tips for a better seal. ◦ Move closer to your connected device to avoid interference. ◦ Check EQ settings on the charging case or your device.

7. Specifications
