

## VASAGLE BBK134W01

# VASAGLE Kailyn LED Bathroom Mirror Cabinet BBK134W01 User Manual

Model: BBK134W01 | Brand: VASAGLE

## 1. PRODUCT OVERVIEW

The VASAGLE Kailyn LED Bathroom Mirror Cabinet, model BBK134W01, is a modern and functional addition to any bathroom. It combines a mirror with integrated LED lighting, a power strip, an anti-fog function, and a removable 10x magnifying mirror. The cabinet features adjustable shelves for organized storage.

- **Integrated LED Lighting:** Adjustable intensity and color temperature (6000K, 4000K, 3000K) via a touch button with memory function.
- **Power Strip:** Includes 2 electrical outlets (250V/16A) and 2 USB-A ports (5V/2A) for convenient device charging.
- **Anti-fog Function:** Activates with a dedicated button to gently heat the mirror surface, preventing condensation.
- **10x Magnifying Mirror:** A removable mirror for detailed tasks like makeup application or shaving.
- **Adjustable Storage:** Three internal shelves can be adjusted to three different heights to accommodate various item sizes.
- **Durable Construction:** Made from robust particleboard with an easy-to-clean lacquered surface.

## 2. SAFETY INSTRUCTIONS

Please read all safety instructions carefully before installation and use. Retain this manual for future reference.

- Ensure the power supply is disconnected before any installation, maintenance, or cleaning.
- Installation should be performed by a qualified electrician if direct wiring to the wall is chosen.
- Do not expose the product to excessive moisture or direct water spray.
- Do not overload the integrated power outlets or USB ports.
- Keep children away from electrical components.
- Handle the mirror with care to prevent breakage.
- Ensure the wall mounting is secure and appropriate for the weight of the cabinet (16.6 kg) and its contents. The maximum weight limit for the cabinet is 15 kg.

### 3. ASSEMBLY AND INSTALLATION

---

This mirror cabinet requires assembly and wall mounting. A detailed installation manual (PDF) is available for download. Please follow the instructions provided in the separate PDF for step-by-step assembly and mounting procedures.

Key assembly considerations include:

- **Wall Mounting:** The cabinet is designed for wall mounting. Ensure the wall material can support the cabinet's weight.
- **Adjustable Shelves:** The three internal shelves can be positioned at different heights. Refer to the diagram below for adjustment options.

**Figure 3.1:** Adjustable shelf heights within the cabinet. Shelves can be set to 3 different positions, allowing for flexible storage of items up to 30.7 cm (left side) or 37.1 cm (right side) in height.

**Figure 3.2:** Detail of the cabinet hinge, ensuring smooth door operation.

## **4. ELECTRICAL CONNECTION**

---

The mirror cabinet offers two options for electrical connection to power its features (LED lighting, anti-fog, power strip).

**Figure 4.1:** Electrical connection options. Option 1 shows plugging the cabinet into a standard wall outlet. Option 2 shows cutting the plug and directly wiring the cabinet to the wall's electrical system.

**1. Option 1: Plug-in Connection**

Connect the provided power cord directly to a suitable wall outlet.

**2. Option 2: Direct Wall Wiring**

If you prefer a concealed connection, the plug can be removed, and the cabinet's cable can be directly wired into your wall's electrical system. **Warning:** This operation should only be performed by a qualified electrician to ensure safety and compliance with local electrical codes.

## 5. OPERATING INSTRUCTIONS

### 5.1 LED Lighting Control

The mirror features integrated LED lighting with adjustable brightness and color temperature.

# Lumière avec contrôle tactile

3 nuances + réglage en continu de la luminosité =  
meilleure performance d'éclairage

6000K  
Blanc froid

4000K  
Blanc neutre

3000K  
Blanc chaud

## Mode d'emploi

- Appuyez pour changer les nuances
- Maintenez enfoncé pour ajuster la luminosité

**Figure 5.1:** Touch control interface for LED lighting. The diagram illustrates how to change color temperature and adjust brightness.

- **Changing Color Temperature:** Tap the touch button to cycle through the three available color temperatures: Cool White (6000K), Neutral White (4000K), and Warm White (3000K). The cabinet remembers your last setting.
- **Adjusting Brightness:** Press and hold the touch button to continuously adjust the brightness level. Release the button when the desired brightness is reached.

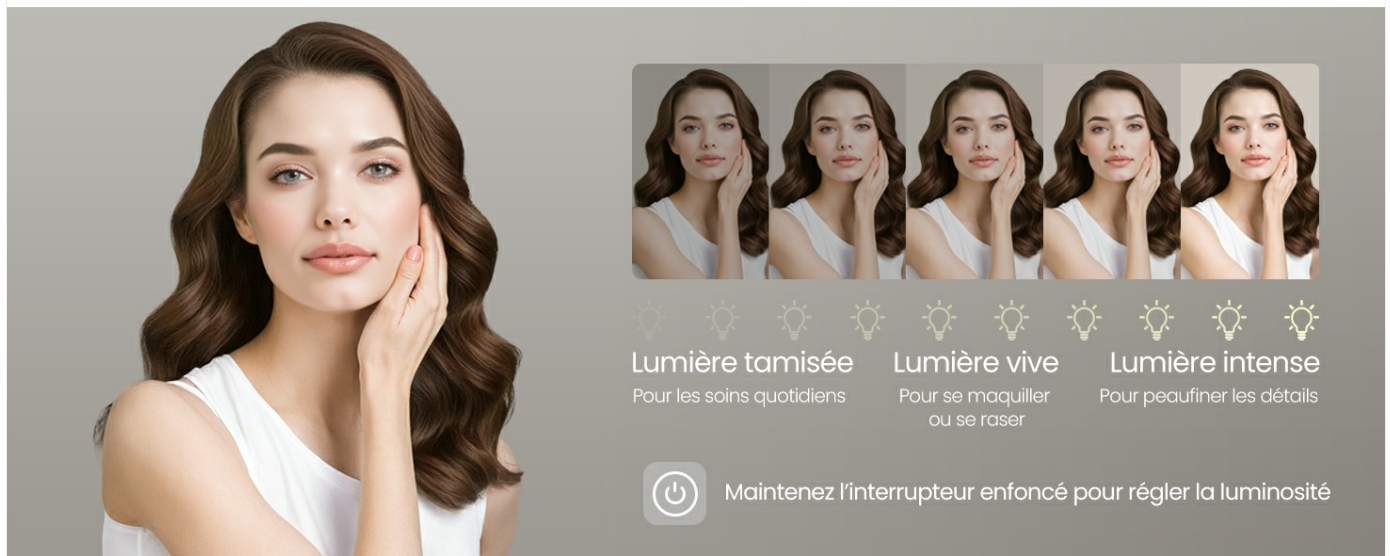

Figure 5.2: Examples of different light intensities for various tasks.

## 5.2 Anti-fog Function

Activate the anti-fog function to maintain a clear mirror surface, especially after hot showers.

# Miroir amovible grossissant 10x

Permet un maquillage de haute précision, parfaitement adaptée à l'application de mascara, de rouge à lèvres et de fond de teint

Remarque :  
Pour un reflet optimal, gardez le miroir grossissant 10x à moins de 10 cm de votre visage

**Figure 5.3:** Activating the anti-fog function. The button is located on the mirror surface.

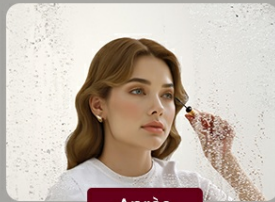

- **Activation:** Press the dedicated anti-fog button on the mirror surface. The mirror will gently heat up to prevent condensation.
- **Deactivation:** Press the anti-fog button again to turn off the function.

## Anti-buée en un seul clic

La surface du miroir se réchauffe légèrement pour éviter la condensation, le miroir reste toujours net

Sans traces, plus clair

Figure 5.5: Internal view of the power strip and storage hooks. The power strip provides 250V/16A outlets and 5V/2A USB-A ports.

- **Electrical Outlets:** Use the two 250V/16A outlets to power devices such as electric toothbrushes, shavers, or hair dryers.
- **USB-A Ports:** Use the two 5V/2A USB-A ports to charge smartphones, tablets, or other USB-powered devices.
- **Storage Hooks:** Four practical hooks are provided for hanging small items like jewelry or hair ties.

## 5.4 10x Magnifying Mirror

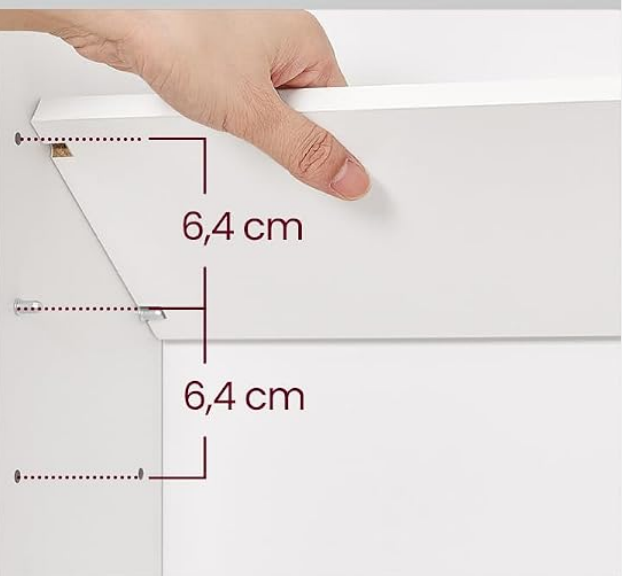

A removable 10x magnifying mirror is included for precision tasks.

## 3 étagères réglables sur 3 hauteurs

Ajustez la hauteur pour ranger des objets de différentes tailles

## 3 hauteurs réglables

**Figure 5.6:** Using the 10x magnifying mirror. For optimal reflection, keep the mirror within 10 cm of your face.

- The magnifying mirror attaches magnetically to the main mirror surface.
- For best results, hold the magnifying mirror within 10 cm of your face.

## 6. MAINTENANCE AND CARE

Proper care will ensure the longevity and appearance of your mirror cabinet.

- **Cleaning the Mirror:** Use a soft, lint-free cloth and a non-abrasive glass cleaner. Do not spray cleaner directly onto the mirror; apply it to the cloth first.
- **Cleaning the Cabinet:** Wipe the lacquered surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Electrical Components:** Ensure the power is off before cleaning near the power strip or LED components. Use a dry cloth for these areas.
- Regularly check all mounting hardware to ensure it remains secure.

7. TROUBLESHOOTING

| Problem                             | Possible Cause                                                  | Solution                                                                                                                                                                                       |
|-------------------------------------|-----------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| LED lights not working              | No power connection; faulty wiring; LED failure.                | Check if the cabinet is properly plugged in or wired. Ensure the power outlet is functional. If direct wired, consult a qualified electrician. Contact customer support if the issue persists. |
| Anti-fog function not working       | Function not activated; electrical issue.                       | Press the anti-fog button to activate. Check power connection. If the problem continues, contact customer support.                                                                             |
| Power outlets/USB ports not working | No power connection; overloaded circuit; internal wiring issue. | Verify the cabinet has power. Ensure devices are not drawing too much power. If the issue persists, contact customer support or a qualified electrician.                                       |
| Mirror appears loose or unstable    | Mounting hardware not secure; incorrect installation.           | Carefully check all wall mounting screws and brackets. Ensure they are tightened securely. If necessary, re-install according to the assembly manual.                                          |
