4. SETUP

Initial Power On

1. Press and hold the **Power Button** until the screen illuminates.
2. Follow the on-screen prompts to select your preferred language.
3. Connect to a Wi-Fi network by selecting your network from the list and entering the password if required.
4. Complete any remaining setup steps, such as setting the date and time, and signing into your Google account.

Charging the Tablet

Before first use, it is recommended to fully charge the tablet. Connect the provided USB-C charging cable to the tablet's USB-C port and the other end to a compatible power adapter (not included) or a computer's USB port.

5. OPERATING THE TABLET

Basic Navigation

- **Home Screen:** Tap the circular Home button at the bottom of the screen to return to the main home screen.
- **Back:** Tap the triangular Back button to return to the previous screen.
- **Recent Apps:** Tap the square Recent Apps button to view and switch between recently used applications. Swipe up on an app to close it.
- **Notifications:** Swipe down from the top of the screen to access notifications and quick settings.

Android 15 Features

Your tablet runs on the Android 15 operating system, offering enhanced security, improved privacy controls, and various new features for an optimized user experience. Explore the settings menu to customize your tablet to your preferences.

6. CONNECTING ACCESSORIES

The HDTABLET CP20S comes with a wireless keyboard, mouse, and stylus for enhanced productivity and interaction.

Pairing Bluetooth Keyboard and Mouse

1. Ensure the keyboard and mouse are charged and powered on.
2. On your tablet, go to **Settings > Connected devices > Bluetooth**.
3. Turn on Bluetooth and tap 'Pair new device'.
4. Select the keyboard or mouse from the list of available devices to pair.

Using the Stylus Pen

The stylus pen can be used for precise input, drawing, and navigation on the tablet's touchscreen. No pairing is typically required for passive styluses; simply use it directly on the screen.

7. STORAGE AND PERFORMANCE

The tablet is designed for smooth multitasking and ample storage capacity.

- **RAM:** 10GB (4GB fixed + 6GB virtual) for efficient application handling.
- **Internal Storage:** 64GB ROM for your apps and files.
- **Expandable Storage:** Supports up to 1TB via microSD card (not included).

10. CONNECTIVITY

Stay connected with high-speed wireless technologies:

- **Wi-Fi:** Supports dual-band 2.4G/5G WiFi 6 for fast and stable internet access.
- **Bluetooth:** Bluetooth 5.0 for connecting wireless peripherals like headphones, speakers, and the included keyboard and mouse.

11. BATTERY MANAGEMENT

The tablet is equipped with a 6000mAh battery, providing up to 8-10 hours of usage depending on activity. To optimize battery life:

- Adjust screen brightness to a comfortable level.
- Close unused applications running in the background.
- Disable Wi-Fi and Bluetooth when not in use.
- Use power-saving modes available in Android settings.

12. MAINTENANCE

Proper maintenance ensures the longevity of your tablet:

- **Cleaning:** Use a soft, lint-free cloth to clean the screen and body. Avoid harsh chemicals.
- **Storage:** Store the tablet in a cool, dry place away from direct sunlight and extreme temperatures.
- **Software Updates:** Regularly check for and install system updates to ensure optimal performance and security.
- **Backup Data:** Periodically back up important data to cloud storage or an external device.

13. TROUBLESHOOTING

If you encounter issues with your tablet, try the following solutions:

- **Tablet not turning on:** Ensure the battery is charged. Connect the charger and wait a few minutes before attempting to power on again.
- **Screen unresponsive:** Restart the tablet by holding the Power button. If unresponsive, force restart by holding the Power button for an extended period (usually 10-15 seconds).
- **Wi-Fi connection issues:** Check if Wi-Fi is enabled in settings. Restart your router and the tablet. Ensure you are within range of the Wi-Fi signal.
- **Apps crashing or freezing:** Close and reopen the app. Clear the app's cache in **Settings > Apps > [App Name] > Storage > Clear cache**. If the problem persists, uninstall and reinstall the app.
- **Slow performance:** Close unnecessary background apps. Clear cache regularly. Consider performing a factory reset if performance issues are severe (back up your data first).
