3. DEVICE OVERVIEW

The DOOGEE Note 59 Pro 5G features a sleek, ultra-thin design with an 8.6mm profile, making it comfortable to hold. It incorporates a large display and strategically placed cameras and sensors.

3.1 Physical Features

- **Display:** 6.75-inch HD+ Waterdrop Screen with 120Hz refresh rate.
- **Rear Camera:** 16MP Main Camera.
- **Front Camera:** 8MP Front Camera.
- **Security:** Side-mounted Fingerprint Sensor and Face ID.
- **Connectivity:** USB Type-C port, 3.5mm audio jack.

4. SETUP

4.1 Inserting SIM Cards and MicroSD Card

1. Locate the SIM card tray on the side of your phone.
2. Insert the SIM ejector tool into the small hole next to the tray and push gently until the tray pops out.
3. Place your Nano-SIM cards (up to two) and/or a MicroSD card (for expandable storage up to 2TB) into the tray with the gold contacts facing down. Ensure they are correctly seated.
4. Carefully push the tray back into the phone until it is flush with the device.

4.2 Powering On/Off

- **To Power On:** Press and hold the Power button (usually on the right side) until the DOOGEE logo appears.
- **To Power Off:** Press and hold the Power button until the power options appear on the screen, then select "Power off."
- **To Restart:** Press and hold the Power button, then select "Restart."

4.3 Initial Setup

Upon first power-on, follow the on-screen instructions to complete the initial setup, which includes selecting your language, connecting to Wi-Fi, setting up your Google account, and configuring security features like fingerprint and face unlock.

5. OPERATING YOUR SMARTPHONE

5.1 Display and Navigation

The 6.75-inch HD+ display offers smooth visuals with a 120Hz refresh rate. Navigate using touch gestures: swipe, tap, pinch-to-zoom. The Android 16 operating system provides an intuitive interface.

6. MAINTENANCE

6.1 Cleaning Your Device

Use a soft, lint-free cloth to gently wipe the screen and body of your phone. Avoid using harsh chemicals, abrasive materials, or aerosol sprays, as these can damage the device's finish or internal components.

6.2 Software Updates

Regularly check for and install software updates to ensure your device has the latest security patches, features, and performance improvements. You can usually find this option in your phone's Settings menu under "System" or "About phone."

6.3 Environmental Care

Avoid exposing your phone to extreme temperatures, direct sunlight, or excessive moisture. Store it in a cool, dry place. While the phone is designed for durability, it is not water-resistant, so avoid contact with liquids.

7. TROUBLESHOOTING

Here are solutions to some common issues you might encounter:

Issue	Possible Solution
Device won't turn on	Ensure the battery is charged. Connect to the charger for at least 10 minutes, then try powering on. If it still doesn't work, perform a forced restart by holding the Power button for 10-15 seconds.
Battery drains quickly	Reduce screen brightness, close unused background apps, disable Wi-Fi/Bluetooth/GPS when not in use, and check for apps consuming excessive power in battery settings.
Network connectivity issues	Check if airplane mode is off. Restart the phone. Reinsert the SIM card. Reset network settings (Settings > System > Reset options > Reset Wi-Fi, mobile & Bluetooth).
Apps crashing or freezing	Clear the app's cache and data (Settings > Apps > [App Name] > Storage > Clear cache/Clear data). Update the app to the latest version. If the issue persists, uninstall and reinstall the app.
Fingerprint sensor not working	Ensure your finger is clean and dry. Re-register your fingerprints in the security settings. Ensure the sensor area is clean.

8. SPECIFICATIONS

Below are the detailed technical specifications for the DOOGEE Note 59 Pro 5G Smartphone:

Feature	Specification
Brand	DOOGEE
Model Name	NOTE 59 PRO
Operating System	Android 16
CPU Model	Mediatek Dimensity 9000 (T8200 5G)
CPU Speed	2.3 GHz
RAM	8 GB (32GB with virtual expansion)
Internal Storage	256 GB

Feature	Specification
