ODK 53-Inch L-Shaped Desk User Manual

Model: B020217SPD01001USDF-1 | Brand: ODK

1. INTRODUCTION

Thank you for choosing the ODK 53-Inch L-Shaped Desk. This versatile desk is designed to enhance your workspace, whether for gaming, studying, or home office use. It features integrated storage, built-in power outlets, and adjustable LED lighting to create a functional and aesthetically pleasing environment. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure you get the most out of your new desk.

2. SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Proper Anchoring:** Ensure proper anchoring to prevent tipping. Do not exceed weight limits.
- **Electrical Safety:** Keep electrical components dry and avoid contact with water. Do not overload the power outlets.
- **Assembly:** For ease and safety, we recommend two people for assembly. Check that all parts are included and in good condition before starting.
- **Weight Distribution:** Distribute weight evenly across the desk surface and shelves.
- **Placement:** Place the desk on a flat, stable surface. Adjustable foot pads are provided to ensure stability on uneven floors.

3. PACKAGE CONTENTS

Verify that all components listed below are present before beginning assembly. Refer to the assembly diagrams for visual identification of parts.

- Desk Panels (L-shaped main top, shelf panels, CPU stand)
- Steel Frame Components (legs, support bars)
- Hardware Pack (screws, bolts, adjustable foot pads, Allen wrench, open-end wrench)
- Power Outlet Unit (with 3 AC outlets and 2 USB ports)
- LED Light Strip (with remote/controller)
- Accessory Hook
- Storage Bag
- Instruction Manual

4. SETUP & ASSEMBLY

The entire assembly process typically takes about 45 minutes to 1 hour. Follow the steps carefully, referring to the provided diagrams and video for guidance. All necessary tools are included.

4.2 Step-by-Step Assembly

1. Step 1: Assemble Desk Frames

Install the adjustable foot pads onto the bottom of the main frame components (A, B, C). Use screws to connect the horizontal support bars (H, I) between the vertical frames. Ensure all connections are secure but do not fully tighten until all frame pieces are in place.

2. Step 2: Connect Main Desk Sections

Connect the two main desk frame sections using the provided screws and support bars (F, G). Pay close attention to the orientation of the screw holes to ensure proper alignment for the L-shape configuration. The desk is reversible, allowing you to choose left or right placement for the L-shaped section.

3. Step 3: Install CPU Stand

Attach the CPU stand (T) to the designated area of the desk frame using the specified screws. Ensure it is securely fastened to provide a stable base for your computer tower.

4. Step 4: Attach Desktop Panels

Carefully place the main desktop panels (M, N) onto the assembled frame. Align the pre-drilled holes on the

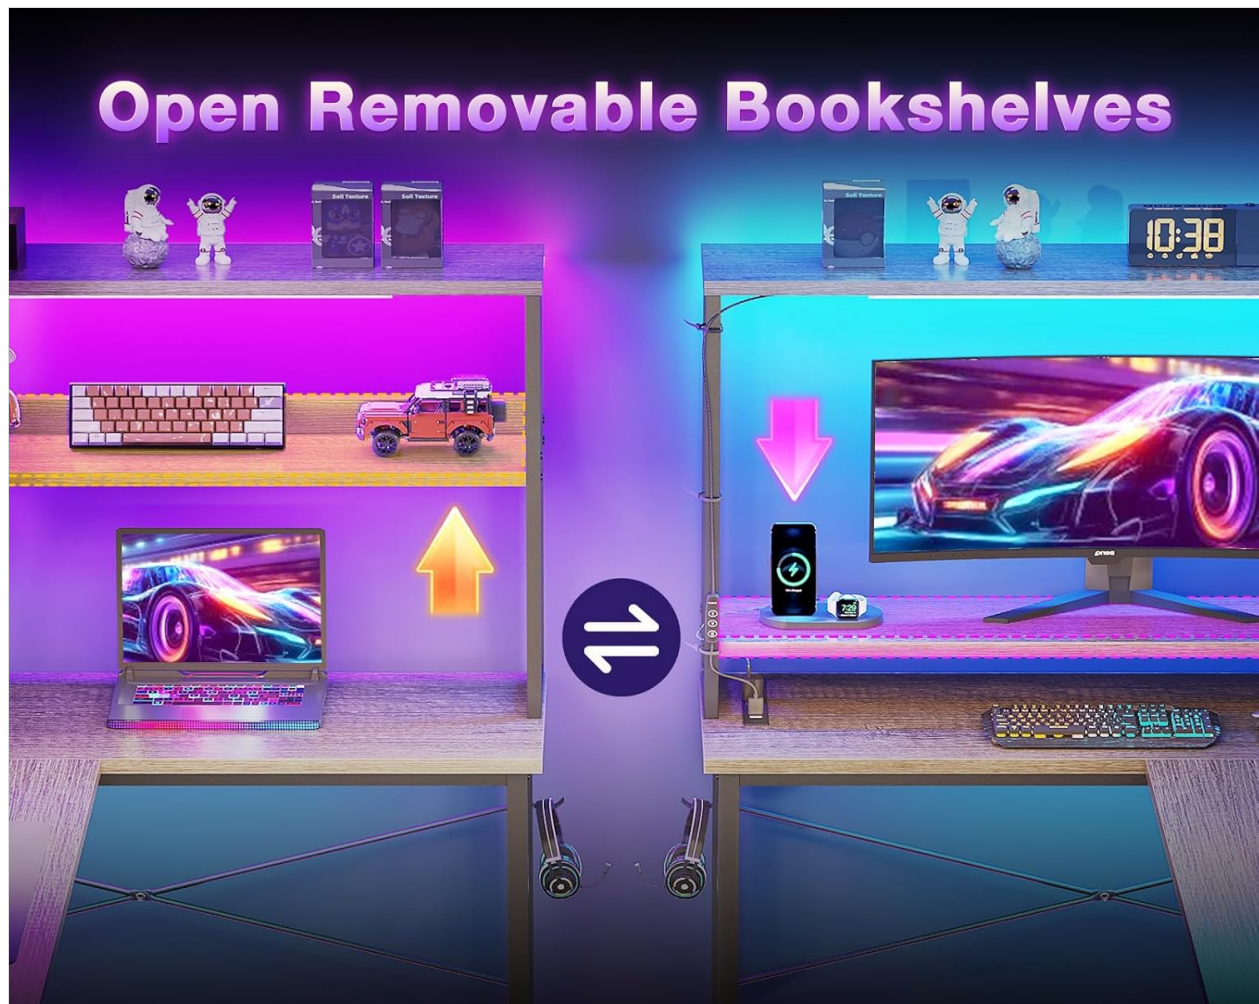

panels with the holes on the frame and secure them using the provided screws. Ensure a snug fit for a stable work surface.

The desk features open removable bookshelves, demonstrating how the height can be adjusted for different uses, such as a monitor stand or storage.

7. Step 7: Install Light Strip and Socket

Attach the LED light strip (13) to the underside of the desktop shelf using the adhesive backing. The light strip can be positioned according to personal preference. Secure the power outlet unit (12) to the designated area on the desk frame using screws. Use the provided straps (14) to manage and fix the wires of the light strip, ensuring a tidy setup.

5. OPERATING INSTRUCTIONS

5.1 LED Lighting

The integrated RGB LED strip offers customizable lighting to enhance your environment.

- **Power On/Off:** Use the power button on the inline controller to turn the lights on or off.
- **Color Selection:** Cycle through 10 static color presets using the 'C' button.
- **Brightness Adjustment:** Adjust the brightness with 8 grades using the brightness control buttons.
- **Dynamic Modes:** Select from 10 dynamic modes using the 'M' button for various lighting effects.
- **Memory Function:** The light strip retains your last setting when powered off.

5.2 Power Outlets

The built-in power strip provides convenient access to power for your devices.

- **AC Outlets:** Features 3 standard AC outlets (125V/12A) for laptops, monitors, and other electronics.
- **USB Ports:** Includes 2 USB ports (5V/2A) for charging mobile devices, tablets, and other USB-powered accessories.
- **Cable Management:** Utilize the cable management channels to keep your workspace organized and free from clutter.

5.3 Reversible Design

The L-shaped configuration of the desk is reversible, allowing you to set up the longer or shorter side on either the left or right, depending on your room layout and preference. This flexibility is determined during the assembly process (refer to Section 4.2, Step 2).

6. MAINTENANCE

To ensure the longevity and appearance of your ODK L-Shaped Desk, follow these maintenance guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Spills:** Clean up spills immediately to prevent staining or damage to the engineered wood surface.
- **Hardware:** Periodically check and tighten all screws and bolts to maintain stability.
- **Heat:** Avoid placing hot items directly on the desk surface. Use coasters or protective pads.
- **Sunlight:** Prolonged exposure to direct sunlight may cause fading or discoloration.

7. TROUBLESHOOTING

If you encounter any issues with your ODK L-Shaped Desk, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Desk is wobbly.	Loose screws; uneven floor.	Tighten all assembly screws. Adjust the foot pads on the bottom of the legs to stabilize the desk on uneven surfaces.
Parts do not align during assembly.	Incorrect orientation of parts.	Double-check the assembly diagrams and ensure all parts are oriented correctly before tightening screws. Some parts may look similar but have different hole alignments.
LED lights not working.	Loose connection; power issue; faulty strip.	Ensure the light strip is properly plugged into the power outlet. Check the connection between the strip and its controller. If issues persist, contact customer support.
Power outlets not providing power.	Not plugged in; circuit breaker tripped; faulty unit.	Ensure the desk's power cord is securely plugged into a working wall outlet. Check your home's circuit breaker. Avoid overloading the outlets.
