4. OPERATING INSTRUCTIONS

4.1 Converting to a Bed

To convert your U-MAX Sleeper Sofa into a bed, follow these steps:

1. **Step 1:** Pull the handle steadily at a constant speed on both sides of the pull-out section.
2. **Step 2:** Lift the pull-out section slowly, ensuring both sides are lifted simultaneously.
3. **Step 3:** Press down on both sides of the pull-out section at the same time to lock it into place.
4. **Step 4:** The bed conversion is complete.

Tip: Pull the sofa out slowly to avoid the wheels getting derailed.

4.2 Using the Storage Chaise

The chaise section features a hidden storage compartment with a 4.4 cu.ft volume. To access it:

- Grasp the front edge of the chaise cushion.
- Lift the cushion upwards. The assisted lift mechanism will help hold it open.

- Place or retrieve items from the storage space.
- Gently lower the cushion to close.

4.4 Using USB Charging Ports and Cup Holders

- **USB Charging Ports:** Two USB charging ports are located on the armrests. Connect your devices using a compatible USB cable to charge them.
- **Cup Holders:** Two cup holders are integrated into the armrests for convenient placement of beverages.
- **Side Pockets:** Two side pockets offer additional storage for small items like remote controls or magazines.

5. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your U-MAX Sleeper Sofa Couch.

5.1 Cleaning the Upholstery

The sofa is upholstered in PU leather, which is generally easy to clean.

- **Regular Cleaning:** Dust the surface regularly with a soft, dry cloth.
- **Spot Cleaning:** For spills, immediately blot with a clean, dry cloth. For stubborn stains, use a damp cloth with a mild soap solution. Wipe gently and then dry with a clean cloth. Avoid harsh chemicals or abrasive cleaners.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause the material to fade or crack.

5.2 General Care

- Avoid sitting on the armrests or backrests to prevent damage.
- Periodically check and tighten all bolts and screws to ensure stability.
- Do not drag the sofa when moving it; lift it to prevent damage to the legs and frame.

6. TROUBLESHOOTING

This section addresses common concerns you might encounter with your sofa.

6.1 Stability and Structure

The U-MAX sofa is constructed with 19 pieces of 8mm-thick wooden slats, fixed with screws, to enhance sturdiness and minimize movement. If you notice any instability, ensure all assembly hardware is securely tightened.

Solve the Problem of Sofa Collapsing

Ours:

19 pieces of 8mm-thick wooden slats are fixed with screws, making it sturdier and less prone to movement

More sturdy

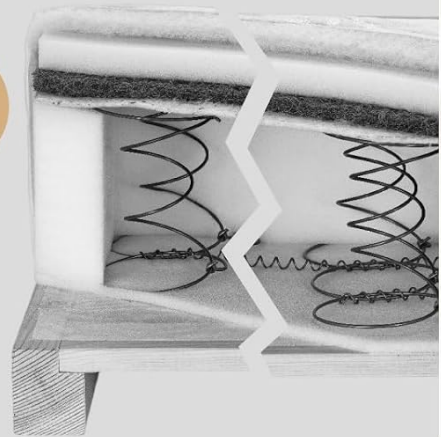

Zero Puncture

Others:

Traditional wooden slats are fewer in quantity and thinner in thickness, and the sponge-spring design is not particularly comfortable

Easy collapse

Risk of Puncture

6.2 Pull-Out Bed Mechanism

If the pull-out bed mechanism feels stiff or does not slide smoothly, ensure there are no obstructions beneath the sofa or in the track. Apply gentle, even pressure when pulling or pushing the mechanism.

6.3 USB Ports Not Functioning

Verify that the sofa is properly connected to a power source. Check the USB cables for damage and ensure they are correctly inserted into both the port and your device.

6.4 General Discomfort

The sofa features a plush 23-inch seating depth and high-resilience foam for comfort. If you experience discomfort, allow some time for the cushions to settle. Ensure pillows are positioned correctly for optimal support.
