Laifen SE Lite

Laifen SE Lite High-Speed Hair Dryer User Manual

Model: SE Lite | Brand: Laifen

PRODUCT OVERVIEW

The Laifen SE Lite Hair Dryer is a negative ionic blow dryer designed for fast and efficient hair drying. It features a powerful 10W RPM brushless motor, thermo-control technology to prevent heat damage, and a lightweight design for comfortable use at home or while traveling.

Key Features:

- **Fast Drying:** Delivers smooth 19m/s airflows, capable of drying hair in as short as one minute depending on hair length.
- **Negative Ion Technology:** Emits 150 million negative ions to smooth frizz and promote soft, voluminous hair.
- **Lightweight & Portable:** Weighs just 345g with a compact design, ideal for travel.
- **Thermo-Control:** Utilizes powerful airflows instead of excessive heat to protect hair from damage.
- **User-Friendly Features:** Includes an LED Air Temperature button and a dual-layer filter for enhanced usability and maintenance.

IMPORTANT SAFETY INFORMATION

- Do not use in the bath or shower.
- Keep away from water.
- Do not use while sleeping.
- Keep out of reach of children.

SETUP

1. **Unboxing:** Carefully remove the hair dryer and all accessories from the packaging. Ensure all components are present: the Laifen SE Lite hair dryer, and the included nozzle(s).

Image: The Laifen SE Lite Hair Dryer and its accessories neatly arranged within its packaging.

2. **Attaching Nozzles:** The Laifen SE Lite uses magnetic snap-on accessories. Align the desired nozzle (e.g., smooth nozzle) with the air outlet of the dryer and allow the magnets to secure it in place.

Smart Temperature Control

Takes Care of Your Hair

50 Times/s

Monitoring

Max 85°C

Consistent Temperature

3. **Power Connection:** Plug the power cord into a suitable electrical outlet. The cord is designed to be long for convenience.

OPERATING INSTRUCTIONS

The Laifen SE Lite features intuitive controls for power, speed, and temperature settings.

150 Million Negative Ions

Locks in moisture to leave your hair looking shinier than ever

Before

After

Image: A visual guide to the power/speed switch and temperature control button on the hair dryer.

1. Power On/Off and Speed Setting:

- Slide the top switch to turn the dryer On (High Speed or Low Speed) or Off.
- Select between High Speed for maximum airflow or Low Speed for a gentler dry.

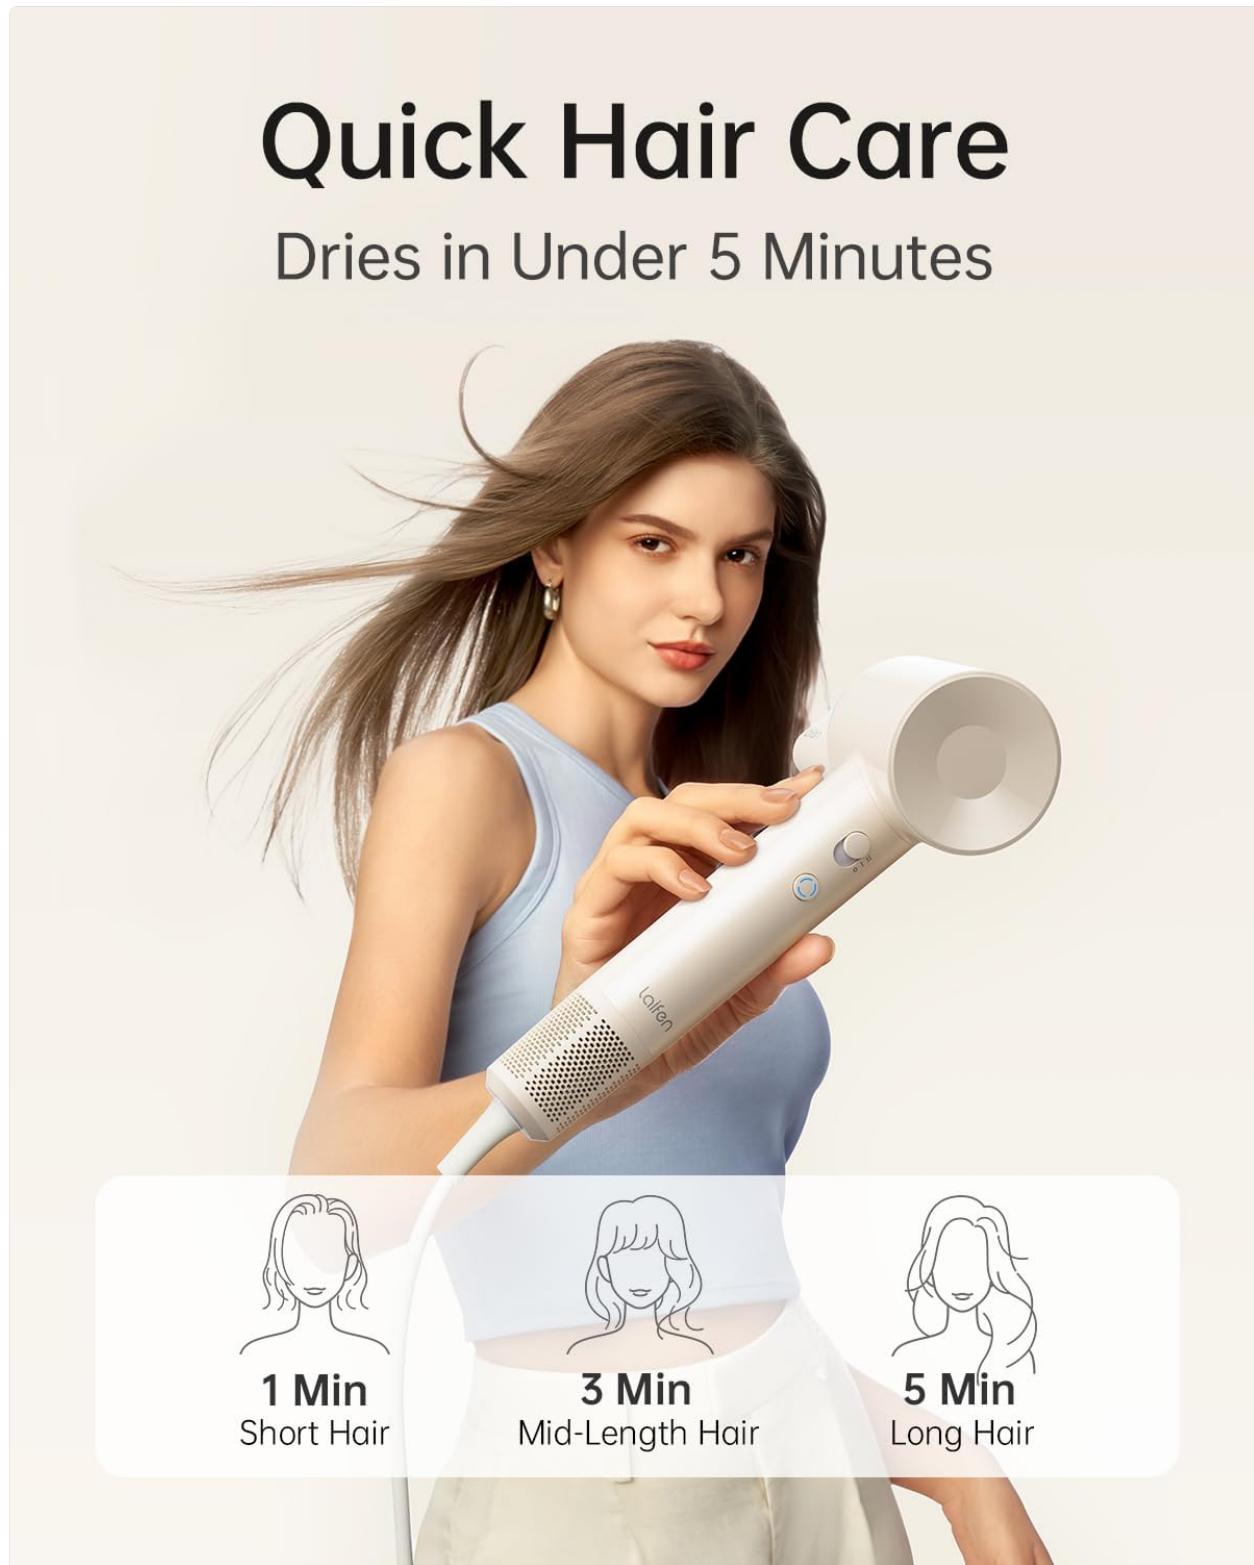

2. Temperature Setting:

- Press the lower button to cycle through temperature modes: Cool, Warm, or Hot.
- The LED indicator will change color to reflect the current temperature setting.
- Long press the temperature button to activate Temperature Cycling Mode, which alternates between hot and cold air.

3. **Optimal Drying:** The SE Lite is designed to dry hair quickly using powerful airflow and controlled temperatures, minimizing heat damage.

MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your Laifen SE Lite Hair Dryer.

1. Cleaning the Dual-Layer Filter: The hair dryer is equipped with a dual-layer filter to prevent dust and hair from entering the motor.

- Periodically check the filter for any accumulated dust or debris.
- Gently twist or pull to remove the filter cover (refer to product diagram for exact mechanism).
- Clean the filter using a soft brush or cloth. Do not use water unless specified in a more detailed guide.
- Reattach the filter cover securely after cleaning.

TROUBLESHOOTING

If you encounter any issues with your Laifen SE Lite Hair Dryer, please refer to the following common solutions:

- **No Power:** Ensure the power cord is securely plugged into a functional electrical outlet. Check if the outlet itself is working by plugging in another appliance.

- **Weak Airflow:** Check the dual-layer filter for any blockages. Clean the filter if necessary.
- **Overheating:** If the dryer stops unexpectedly, it may have overheated. Unplug the device and allow it to cool down for several minutes before attempting to use it again. Ensure the air intake and outlet are not obstructed.
- For further assistance, please contact Laifen customer support.

SPECIFICATIONS

Product Dimensions	15.16 x 7.4 x 5.12 inches; 12.17 ounces
Item Model Number	SE Lite
Manufacturer	Laifen
Brand	Laifen
Color	Milktea
Material	Polycarbonate
Wattage	1400 watts
Power Source	Corded Electric
