Vente-unique LORINTI

Vente-unique LORINTI Loft Bed with Desk and Wardrobe 90x190 cm - Instruction Manual

Model: LORINTI

1. PRODUCT OVERVIEW

The Vente-unique LORINTI Loft Bed is a multi-functional furniture unit designed to optimize space in a room. It integrates a 90 x 190 cm bed, a desk, a wardrobe, and various storage compartments. This manual provides essential information for the safe assembly, operation, and maintenance of your LORINTI loft bed.

2. SAFETY INFORMATION

WARNING: Failure to follow these safety instructions may result in serious injury.

- This loft bed is **not suitable for children under 6 years of age** due to the risk of falls.
- The maximum weight capacity for the bed is **80 kg**. Do not exceed this limit.
- Ensure all assembly hardware is securely tightened before use and check periodically for any loose connections.
- Do not allow children to play unsupervised on or around the loft bed.
- Always use the safety rails provided.
- Do not attach items to the loft bed that are not designed for use with the bed, e.g., hooks, ropes, or belts, as they could pose a strangulation hazard.
- Place the bed against a wall to prevent entrapment.

3. SETUP AND ASSEMBLY

3.1 Unpacking and Component Check

Before beginning assembly, carefully unpack all components and verify that all parts are present and undamaged. Refer to the included parts list (usually found in a separate assembly guide) to ensure completeness. Keep all packaging materials until assembly is complete to avoid misplacing small parts.

- The product is delivered in 5 packages. Verify that you have received all packages.
- Clear a spacious area for assembly.
- Protect your floor with a blanket or cardboard during assembly to prevent scratches.

3.2 Tools Required (Not Included)

- Phillips head screwdriver
- Hammer (for dowels)
- Measuring tape (optional, for placement)

3.3 Assembly Instructions

Follow the detailed step-by-step assembly instructions provided in the separate assembly manual that accompanies your product. Ensure each step is completed accurately before proceeding to the next. Two people are recommended for assembly to ensure safety and ease of handling large components.

1. Begin by assembling the main bed frame structure.
2. Attach the ladder and safety rails securely.
3. Assemble and integrate the desk unit.
4. Install the wardrobe and storage compartments, including drawers and shelves.
5. Once fully assembled, ensure all screws and fasteners are tight.

4. OPERATING INSTRUCTIONS

4.1 Bed Usage

- Use a mattress of size 90 x 190 cm. The bed is compatible with all mattresses of this size.
- Always use the ladder to access and exit the bed. Do not climb on other parts of the structure.
- Ensure the safety rails are always in place to prevent accidental falls.

4.2 Desk and Storage Usage

- The integrated desk provides a dedicated workspace. Avoid placing excessively heavy items on the desk surface.
- Utilize the drawers, shelves, and wardrobe for organized storage of clothing, books, and other personal items.
- Distribute weight evenly across shelves and drawers to maintain stability.

5. MAINTENANCE AND CARE

5.1 Cleaning

- Wipe surfaces with a soft, damp cloth.
- Avoid using abrasive cleaners, harsh chemicals, or solvents, as these can damage the melamine finish.
- Dry surfaces immediately after cleaning to prevent moisture damage.

5.2 Regular Checks

- Periodically inspect all screws, bolts, and fasteners to ensure they remain tight. Tighten any loose hardware immediately.
- Check the stability of the ladder and bed frame regularly.
- Inspect the bed base slats for any signs of damage or wear.

6. TROUBLESHOOTING

- **Bed feels wobbly:** Check all connection points and tighten any loose screws. Ensure the bed is placed on a level surface.
- **Drawers do not slide smoothly:** Check for obstructions in the drawer runners. Ensure the drawer slides are correctly aligned and lubricated if necessary (use a silicone-based lubricant).
- **Squeaking noises:** Identify the source of the noise. Often, tightening screws or applying a small amount of lubricant to metal-on-metal contact points can resolve squeaking.

7. SPECIFICATIONS

Feature	Detail
Model	LORINTI
Overall Dimensions (L x D x H)	235 cm x 108.5 cm x 180 cm
