STARQ Inflate Pro Max

STARQ Inflate Pro Max Portable Tyre Inflator User Manual

Model: Inflate Pro Max

1. INTRODUCTION

Thank you for choosing the STARQ Inflate Pro Max Portable Tyre Inflator. This device is a versatile 2-in-1 tool designed for efficient tire inflation and as a portable power bank. It features a digital display, auto shut-off, and multiple power modes for convenience and safety. Please read this manual thoroughly before use to ensure proper operation and maintenance.

2. SAFETY INFORMATION

- Ensure the device is fully charged before first use.
- Do not leave the inflator unattended while in operation.
- Keep out of reach of children.
- Avoid prolonged continuous operation to prevent overheating. Allow the device to cool down if it becomes hot.
- Do not expose the device to rain or moisture.
- Use only the provided accessories and attachments.
- Always check the recommended pressure for your tires or inflatables to avoid over-inflation.
- Do not attempt to disassemble or repair the device yourself. Contact customer support for assistance.

3. PACKAGE CONTENTS

Verify that all items are present in your package:

- 1 x STARQ Inflate Pro Max Air Pump

- 1 x 12V Car Power Cord
- 1 x Type-C Charging Cable
- 4 x Different Nozzle Attachments
- 1 x Storage Bag
- 1 x User Manual (this document)

4. PRODUCT FEATURES

Key Features Overview

- **2-in-1 Power Mode:** Operates on both 12V car socket (corded) and 8000mAh rechargeable battery (cordless).
- **Powerful Inflation:** Supports up to 150 PSI, suitable for various inflatables.
- **Digital Display:** Easy-to-read LCD screen for precise pressure readings.
- **Auto Shut-Off:** Automatically stops inflation at the preset pressure.
- **8000mAh Battery:** Long-lasting lithium-ion battery for cordless use.
- **Multi-Purpose Nozzles:** Includes attachments for tires, sports balls, air mattresses.
- **Built-in LED Light:** Provides illumination for low-light conditions and emergency use.
- **Compact & Portable:** Lightweight design for easy carrying and storage.
- **Power Bank Function:** Can charge other devices via USB.

Figure 3: The built-in 8000mAh lithium battery provides power for multiple inflations, such as 12 times for a car tire, 20 for a motorcycle, 30 for a bicycle, or 88 for a football.

Figure 4: The device offers cordless ultra-fast inflation, capable of inflating a tire in less than one minute.

5. SETUP AND CHARGING

5.1 Initial Charging

Before first use, fully charge the Inflate Pro Max. Connect the provided Type-C cable to the device's charging port and the other end to a suitable USB power adapter (not included) or a computer USB port. The digital display will indicate charging

status.

5.2 Power Modes

- **Battery Powered:** For cordless operation, ensure the internal 8000mAh battery is charged.
- **12V DC Corded:** For continuous power, connect the 12V car power cord to your vehicle's cigarette lighter socket and the other end to the inflator's 12V input port.

6. OPERATING INSTRUCTIONS

Powerful Power System High Speed Inflation

Pure copper motor current supercharging technology, surging power, 10s fast replenish air to increase the speed of inflation.

6.1 Basic Inflation Steps

1. **Connect Nozzle:** Select the appropriate nozzle attachment and securely connect it to the inflator's air hose. Then, attach the nozzle to the item you wish to inflate.
2. **Power On:** Long press the power button (usually indicated by a power symbol) to turn on the device. The digital

display will illuminate.

3. **Set Desired Pressure:** Use the '+' and '-' buttons to adjust the target pressure. The display will show the current pressure and the preset target pressure. You can also cycle through pressure units (PSI, BAR, KPA, kg/cm²) using a dedicated unit button if available.
4. **Start Inflation:** Press the power button again to begin inflation. The device will automatically stop once the preset pressure is reached.
5. **Disconnect:** Carefully disconnect the nozzle from the item and then from the inflator.
6. **Power Off:** Long press the power button to turn off the device.

6.2 Using the LED Light

The built-in LED light can be activated by a short press of the light button (often indicated by a flashlight symbol). Press again to cycle through different light modes (e.g., steady light, SOS flashing) or to turn it off. This feature is useful for nighttime use or emergencies.

6.3 Power Bank Function

MULTIFUNCTIONAL PORTABLE TIRE INFLATOR

Figure 6: The inflator can also function as a power bank to charge mobile devices.

The Inflate Pro Max can serve as a portable power bank. Connect your mobile device or other USB-powered gadgets to the USB output port on the inflator using a compatible charging cable. The device will begin charging your external device. Ensure the inflator has sufficient battery charge for this function.

7. MAINTENANCE

- **Cleaning:** Wipe the device with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners.

- **Storage:** Store the inflator in a cool, dry place, away from direct sunlight and extreme temperatures. Ensure it is fully charged before long-term storage to preserve battery life.
- **Battery Care:** For optimal battery health, charge the device at least once every three months if not in regular use.
- **Nozzles:** Keep the nozzle attachments clean and free from debris.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Device does not turn on.	Low battery or no power connection.	Charge the device or connect to a 12V power source. Ensure the power button is long-pressed.
Inflation is slow or weak.	Low battery; hose/nozzle not securely attached; air leak.	Charge the device. Check all connections for tightness. Ensure the correct nozzle is used.
Device overheats and shuts off.	Prolonged continuous use.	Allow the device to cool down for at least 15-20 minutes before resuming operation.
Digital display not working.	Device off; battery low; malfunction.	Turn on the device. Charge the battery. If problem persists, contact customer support.
Power bank function not working.	Low battery; incorrect cable; device not activated.	Ensure the inflator has sufficient charge. Use a compatible USB cable. Some devices may require the inflator to be turned on.

9. SPECIFICATIONS

Brand	STARQ
Model Name	Inflate Pro Max
Power Source	Battery Powered (8000mAh) / 12V DC Corded
Maximum Pressure	150 PSI
Voltage	12 Volts
Battery Capacity	8000mAh Lithium-ion
Noise Level	40 dB
Item Weight	1 kg
Dimensions (L x W x H)	5.91" x 7.09" x 9.84"
Material	Acrylonitrile Butadiene Styrene, Aluminium, Plastic
Color	Black
