- **Cleaning:** Wipe the desk surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** Promptly clean any spills to prevent staining or damage to the engineered wood top.

- **Stability:** Periodically check and re-tighten all screws and fasteners to maintain the desk's structural integrity and prevent wobbling.
- **Heat and Moisture:** Avoid placing hot items directly on the desk surface. Use coasters for drinks to protect against moisture rings.

Troubleshooting

If you encounter any issues with your SEDETA L Shaped Small Desk, consider the following common solutions:

- **Wobbly Desk:** Ensure all assembly screws are fully tightened. If the desk is on an uneven surface, adjust the leveling feet (if present) or place shims under the legs.
- **Damaged or Missing Parts:** If your desk arrives damaged, scratched, or with missing parts, please contact SEDETA customer service immediately for assistance. Do not attempt to force assembly with damaged components.
- **Drawers Not Sliding Smoothly:** Ensure the fabric drawers are correctly inserted and not overfilled. While these are cloth drawers and do not have slides, ensure they are seated properly in their compartments.
- **LED Lights Not Working:** Check the power connection to the LED strip and ensure it is properly plugged into a working outlet. Verify that any switches or remote controls for the lights are functioning correctly.
