UGREEN 65995

UGREEN Cable Organizer Clips User Manual

Brand: **UGREEN** | Model: **65995**

1. Product Overview

The UGREEN Cable Organizer Clips provide an efficient solution for managing and organizing various cables, preventing tangles and keeping your space tidy. This 6-pack of strong magnetic cord holders is designed for use on desks, nightstands, and other surfaces.

- **Magnetic Clasp Fixation:** Features strong magnets and a safety clasp design to securely hold cables, preventing them from falling. The clasp can be easily opened and closed for convenient cable access.
- **Effortless 2-Step Installation:** Utilizes peel-and-stick adhesive pads for residue-free attachment and magnetic fixation for quick organization.
- **Universal Cord Management:** The 0.3-inch wide slot accommodates various cable types, including phone chargers (USB-C/Lightning), headphone wires, HDMI cables, and kitchen appliance cords. Capable of managing up to 6 devices simultaneously.
- **Industrial-Grade Durability:** Constructed from reinforced ABS plastic with anti-snap hinges, tested for over 10,000 open/close cycles for enhanced longevity.
- **Multi-Surface Compatibility:** Ideal for use in offices, bedrooms, kitchens, and workshops, adhering to various surfaces like ceramics, glass, wood, plastic, and steel.

2. Setup and Installation

Installing your UGREEN Cable Organizer Clips is a simple two-step process. Ensure the surface is clean and dry for optimal adhesive performance.

1. **Prepare the Surface:** Choose a clean, flat, and dry surface where you wish to install the cable organizer. Wipe the surface with a clean cloth to remove any dust or debris.
2. **Attach the Clip:** Peel off the protective film from the adhesive pad on the back of the cable organizer. Press the organizer firmly onto the desired surface for at least 30 seconds to ensure strong adhesion.

The strong adhesive pad allows for installation on various surfaces, including ceramics, glass, wood, plastic, and steel.

3. Operating Instructions

Once installed, the UGREEN Cable Organizer Clips are easy to use for managing your cables.

- **Opening the Clasp:** Gently pull the top part of the clip upwards to open the magnetic clasp. The design allows for a smooth 91-degree rotation for easy access.
- **Inserting a Cable:** Place your cable into the 0.3-inch wide slot. Ensure the cable is properly seated within the groove.
- **Closing the Clasp:** Push the top part of the clip downwards until the magnetic clasp securely closes, holding the cable in place. The magnetic design ensures a firm hold.
- **Removing a Cable:** To remove a cable, simply open the clasp as described above and pull the cable out.
- **Cable Management:** Use multiple clips to route cables along your desk, wall, or other surfaces, keeping them organized and preventing them from falling behind furniture.

4. Maintenance

To ensure the longevity and optimal performance of your UGREEN Cable Organizer Clips, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the clips periodically with a soft, damp cloth to remove dust and grime. Avoid using harsh chemicals or abrasive cleaners, as these may damage the material or finish.
- **Adhesive Care:** The adhesive pads are designed for strong, residue-free attachment. If you need to relocate a clip, gently peel it off. Repeated relocation may reduce the adhesive's effectiveness. If the adhesive weakens over time, you may replace it with a new strong adhesive pad suitable for the clip's base.
- **Magnetic Clasp:** Ensure the magnetic clasp remains free of debris that could interfere with its closing mechanism.

5. Troubleshooting

If you encounter any issues with your UGREEN Cable Organizer Clips, refer to the following common problems and their solutions:

Problem	Possible Cause	Solution
Clip is not adhering to the surface.	Surface is dirty, oily, or uneven. Adhesive pad has lost its stickiness due to repeated relocation or age.	Clean the surface thoroughly before application. Ensure the surface is smooth and dry. If the adhesive is worn, replace the adhesive pad on the back of the clip.
Cable does not stay in the clip.	Cable is too thick for the slot (exceeds 0.3 inches). Clasp is not fully closed.	Ensure your cable's diameter is within the 0.3-inch limit. Firmly close the magnetic clasp until it clicks into place.
Magnetic clasp feels weak or doesn't close properly.	Debris stuck in the clasp mechanism. Damage to the magnetic components.	Inspect the clasp for any foreign objects and remove them. If the clip is damaged, consider replacing it.

6. Specifications

Detailed specifications for the UGREEN Cable Organizer Clips:

Feature	Detail
Brand	UGREEN
Model Number	65995
Item Weight	1.06 ounces (per clip)
Product Dimensions (L x W x H)	1 x 0.94 x 0.73 inches (per clip)

Feature	Detail
Number of Pieces	6 (in a pack)
Fastener Type	Clasp
Head Style	Round
Material	Reinforced ABS Plastic
Color	Black
Max Cable Diameter	0.3 inches
Adhesive Type	Peel-and-stick adhesive pads
