Yaheetech Litter Box Enclosure with Cat Tree Instruction Manual

Model: YT-00126266-53

Brand: Yaheetech

PRODUCT OVERVIEW

The Yaheetech Litter Box Enclosure with Cat Tree is an all-in-one indoor furniture piece designed for cats. It combines a hidden litter box compartment with multiple levels for climbing, scratching, and resting. This unit features a rustic brown and beige finish, providing both functionality and aesthetic appeal for your home and your feline companions.

Key Assembly Steps:

1. **Identify Components:** Lay out all wooden panels, plush-covered posts, and hardware. Each piece is typically labeled for easy identification.
2. **Attach Adjustable Feet:** Secure the adjustable feet to the bottom panel of the litter box

enclosure using the provided screws.

3. **Construct Enclosure Base:** Assemble the side and back panels of the litter box enclosure, ensuring proper alignment and secure fastening with the designated hardware.
4. **Install Scratching Board:** Place the removable scratching board in the designated open compartment of the enclosure.
5. **Assemble Condo Section:** Construct the upper wooden condo, inserting the plush cushion inside.
6. **Attach Scratching Posts:** Secure the sisal-wrapped scratching posts to the various platforms and the top of the condo using the appropriate screws.
7. **Mount Perches and Basket:** Attach the cushioned top perch and the soft, comfortable basket to the scratching posts.
8. **Install Doors:** Attach the two doors to the front of the litter box enclosure using hinges and secure the magnetic catches.

FEATURES AND USAGE

- **Warm Spots for Relaxation:** The unit includes a cushioned top perch with PP foam edges, a soft and comfortable basket, and a wooden condo with two entrances and a plush cushion. These areas provide cozy spots for cats to climb, relax, and nap.
- **Integrated Litter Box Enclosure:** The enclosed cabinet (22" L × 17" Depth × 15.7" H) is designed to discreetly house a pet litter box. An open compartment (8" L × 16.5" Depth × 14" H) with a scratching board allows for easy access and helps contain litter.
- **Scratching Posts and Play:** Two scratching posts with sisal coiling offer ample opportunities for cats to sharpen their claws. A detachable plush ball is included to satisfy natural hunting instincts and encourage play.

MAINTENANCE

Proper maintenance ensures the longevity and hygiene of your cat tree and litter box enclosure.

- **Cleaning Surfaces:** The wooden surfaces are designed to be easy to clean. Wipe spills promptly with a damp cloth.
- **Plush Fabric:** The plush fabric covering on perches and the basket can be hand washed as needed to maintain cleanliness.
- **Sisal Posts:** Regularly inspect sisal scratching posts for wear and tear. While durable, replacement may be necessary over time.
- **Ventilation:** The enclosure features ventilation holes to promote airflow and reduce odors within the litter box compartment. Ensure these holes remain unobstructed.
- **Scratching Board:** The removable scratching board can be cleaned or replaced as it wears down from use.
