PRODUCT OVERVIEW AND FEATURES

The DUSONLAP SU8 earbuds are engineered for optimal comfort and performance, especially for extended wear and side sleeping.

Key Features:

- Ultra-light Design:** Each earbud weighs only 3.0g, providing a barely-there feel.
- Bluetooth 5.4:** Ensures stable and efficient wireless connectivity.
- Extended Playtime:** Up to 5-7 hours on a single charge, with the charging case providing an additional 40 hours, totaling 47 hours.
- Touch Control:** Easy management of music, calls, volume, and sleep mode.
- Noise Blocking:** Designed to reduce external noise by up to 24dB for a peaceful listening experience.
- Immersive Audio:** High stereo sound quality with enhanced bass.
- Sleep Mode:** A dedicated mode for uninterrupted sleep, without shutdown or low battery beeps.

No feeling

24dB
Noise Blocking

Comfortable to wear and suitable for long time use

Customized for sleep, with effective noise reduction and enhanced bass for a naturally deeper sleep

The SU8 earbuds are designed for comfortable, long-term wear with effective noise reduction.

SETUP

1. Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. The charging case features an LED digital display to show the remaining power.

- Place the earbuds into the charging case.
- Connect the USB-C charging cable to the charging port on the case and a power source.
- The LED display on the case will indicate charging status.

Manage your Sleep

It will automatically connect when the lid is opened.

The charging case provides extended battery life and features a digital display for power indication.

2. Pairing with Your Device

The SU8 earbuds feature one-step pairing for quick and easy connection.

- Open the lid of the charging case. The earbuds will automatically enter pairing mode or connect to the last paired device.
- On your device (smartphone, tablet, etc.), go to Bluetooth settings and turn on Bluetooth.
- Select "SU8" from the list of available devices.
- Once connected, you will hear a confirmation tone, and the earbuds will be ready for use.

47 Hours Long Battery Time

With LED digital display, you can check the remaining power of the earbuds at any time

- Previous Track: Long Press 2S (Left earbud)

- **Other Functions:**

- Voice Assistant: Tap x3
- Sleep Mode: Tap x4 (No shutdown and low battery beep in this mode)

WEARING INSTRUCTIONS

For optimal comfort and sound quality, especially for side sleepers, follow these steps to properly wear your SU8 earbuds:

1. **Choose Appropriate Ear Caps:** Select the ear caps that best fit your ear canal. The SU8 comes with different sizes to ensure a snug and comfortable fit. Install them securely on the earbuds.
2. **Insert Earbud:** Place the earbud into your ear canal with the ear cap pointing downwards.
3. **Twist to Lock:** Gently twist the earbud to lock it into place. This ensures a secure fit and optimal noise blocking.

Visual guide for correctly wearing the DUSONLAP SU8 Sleep Earbuds.

MAINTENANCE

To ensure the longevity and optimal performance of your DUSONLAP SU8 Sleep Earbuds, follow these maintenance guidelines:

- **Cleaning:** Regularly clean the earbuds, especially the ear caps and speaker mesh, with a soft, dry, lint-free cloth. Do not use harsh chemicals or abrasive materials.

- **Storage:** When not in use, always store the earbuds in their charging case to protect them from dust, dirt, and physical damage.
- **Avoid Moisture:** Keep the earbuds and charging case away from water, humidity, and extreme temperatures. While designed for comfort, they are not waterproof.
- **Charging:** Use only the provided USB-C cable or a certified equivalent for charging. Avoid overcharging.

TROUBLESHOOTING

If you encounter any issues with your DUSONLAP SU8 Sleep Earbuds, please refer to the following common solutions:

Problem	Possible Cause	Solution
Earbuds not pairing	Bluetooth off on device; earbuds not in pairing mode; interference.	Ensure Bluetooth is on. Place earbuds in case, close, then open lid to re-enter pairing mode. Move closer to device.
No sound from one earbud	Low battery; earbud not connected; dirty speaker mesh.	Charge both earbuds fully. Re-pair the earbuds. Clean the speaker mesh gently.
Low volume or poor sound quality	Incorrect ear cap size; dirty earbud; device volume too low.	Try different ear cap sizes for a better seal. Clean earbuds. Increase volume on both earbuds and device.
Earbuds not charging	Charging cable issue; dirty charging contacts; case battery empty.	Try a different USB-C cable. Clean charging contacts on earbuds and case. Charge the charging case.
Battery life shorter than expected	High volume usage; old battery.	Reduce volume. Battery performance may degrade over time.
