3. SETUP AND ASSEMBLY

The Bellemave Twin House Bed with Trundle is designed for straightforward assembly. It is recommended to have two adults for the assembly process. All necessary tools and hardware are included, and parts are clearly labeled.

Before You Begin:

- Unpack all components and verify against the parts list provided in the packaging.
- Ensure you have adequate space for assembly.
- Keep small parts out of reach of children.

Assembly Steps:

1. **Prepare Components:** Lay out all wooden pieces and hardware according to their labels.
2. **Assemble Bed Frame:** Follow the step-by-step diagrams provided in the included instruction manual to connect the main bed frame components. Pay close attention to the orientation of each piece.
3. **Install Slats:** Securely attach the bed slats to the frame. Ensure even spacing for proper mattress support.
4. **Assemble Trundle:** Construct the trundle bed frame, attaching the wheels and slats as instructed.
5. **Attach Roof Structure:** Carefully assemble and attach the house-shaped roof components to the main bed frame.
6. **Final Checks:** Tighten all screws and bolts. Ensure the bed is stable and all connections are secure before use.

4. OPERATING INSTRUCTIONS

Using your Bellemave Twin House Bed with Trundle is simple and intuitive.

Main Bed Usage:

Place a standard twin-size mattress (recommended thickness 6-8 inches) directly onto the bed slats. No box spring is required. The low-to-the-ground design allows for easy access for children.

Trundle Bed Usage:

The trundle bed is designed to slide smoothly from underneath the main bed. To use, simply pull the trundle out from its stored position. It is equipped with flexible wheels for easy movement. Place a mattress of 4-6 inches thickness on the trundle bed. When not in use, push the trundle back underneath the main bed to save space.

5. MAINTENANCE

Proper care and maintenance will ensure the longevity and continued safety of your Bellemave Twin House Bed with Trundle.

Cleaning:

- Wipe down the wooden surfaces with a soft, damp cloth.
- Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the wood finish.
- For spills, blot immediately with a clean, dry cloth.

Structural Integrity:

- Periodically check all screws and bolts to ensure they remain tight. Loose fasteners can compromise the bed's

stability and safety.

- Inspect the bed slats for any signs of damage or wear. Replace any broken or cracked slats immediately.
- Ensure the trundle wheels are clean and free of debris to allow for smooth operation.

6. TROUBLESHOOTING

This section addresses common issues you might encounter with your Bellemave Twin House Bed with Trundle.

Common Issues and Solutions:

- **Bed Squeaks or Wobbles:**
 - Check all assembly bolts and screws. Tighten any that are loose.
 - Ensure the bed is placed on a level surface.
 - Verify that all slats are properly seated and secured.
- **Trundle Does Not Slide Smoothly:**
 - Inspect the trundle wheels for any accumulated dust, hair, or debris. Clean as necessary.
 - Ensure the floor surface is clear of obstructions.
 - Check if the trundle frame is aligned correctly.
- **Parts Do Not Align During Assembly:**
 - Refer to the assembly manual diagrams carefully. Ensure you are using the correct parts for each step and that they are oriented correctly.
 - Do not fully tighten all screws until the entire section is assembled, allowing for minor adjustments.
