SETUP AND ASSEMBLY

The Pinmoco bed frame is designed for easy assembly. All necessary tools and accessories are included.

Before You Begin:

- Unpack all components and verify against the parts list (not provided in this manual, refer to packaging).
- Ensure you have enough space for assembly.
- It is recommended to assemble with two people.

Assembly Steps:

1. Attach the side rails to the headboard and footboard using the provided bolts and Allen wrench.
2. Install the central support beam and its legs.
3. Place the metal slats onto the frame and secure them using the quick-lock mechanism. Ensure all slats are firmly in place for mattress support.
4. Mount the charging station to either the left or right side rail as desired.
5. Connect the LED light strip to the headboard and plug it into a power source.
6. Verify all connections are secure and the frame is stable.

OPERATING INSTRUCTIONS

LED Light Operation:

The dual RGB LED lights can be controlled via the included remote control or a mobile application.

- **Remote Control:** Use the remote to power on/off, change colors (23 color modes), adjust brightness, and select dynamic modes or timing functions.
- **Mobile APP:** Download the designated mobile application (refer to packaging for QR code or app name). Connect the bed frame's LED lights via Bluetooth. The app allows for more precise color selection, custom modes, music

synchronization, and advanced timing features.

Charging Station Usage:

The integrated charging station provides convenient power access for your devices.

- The charging station includes one USB-A port and one USB-C port.
- Simply plug your device's charging cable into the appropriate port.
- Ensure the bed frame is connected to a power outlet for the charging station to function.

MAINTENANCE

To ensure the longevity and optimal performance of your bed frame, follow these maintenance guidelines:

- **Cleaning:** Wipe down the metal and wood surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Tighten Fasteners:** Periodically check and tighten all bolts and screws to maintain stability and prevent noise.
- **LED Lights:** If LED lights dim or flicker, check the power connection. If issues persist, contact customer support.
- **Charging Station:** Keep the charging ports free of dust and debris. Do not force cables into the ports.
- **Weight Capacity:** Do not exceed the maximum load capacity of 1200 lbs to prevent damage to the frame.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Bed frame is noisy/squeaky.	Loose bolts or connections; lack of noise insulation.	Tighten all assembly bolts. Ensure noise insulation strips (EVA pads) are correctly placed.
LED lights are not working.	Power cable disconnected; remote battery dead; app connection issue.	Check if the power cable is securely plugged into the wall and the bed frame. Replace remote batteries. Re-pair the app via Bluetooth.
Charging station not providing power.	Bed frame not plugged in; faulty cable/device; charging station issue.	Ensure the bed frame's main power cord is plugged into a working outlet. Test with a different charging cable and device.

Problem	Possible Cause	Solution
Bed frame feels unstable.	Improper assembly; uneven floor.	Review assembly instructions and re-tighten all fasteners. Ensure the bed is on a level surface.
