WLIVE WLIVE Fabric Storage Dresser (Multi-Drawer)

WLIVE Fabric Storage Dresser User Manual

Models: 4-Drawer, 5-Drawer, 7-Drawer
Brand: WLIVE

1. PRODUCT OVERVIEW

The WLIVE Fabric Storage Dresser is a versatile and practical furniture piece designed to enhance organization in various living spaces such as bedrooms, closets, and hallways. It features a sturdy metal frame, a durable wood top, and fabric drawers with a rustic brown wood grain print. This manual provides instructions for assembly, usage, and maintenance for the 4-drawer, 5-drawer, and 7-drawer configurations.

2. KEY FEATURES

- **Multifunction Drawer Tower:** Suitable for various rooms including bedrooms, nurseries, playrooms, and entryways. Designed to complement other WLIVE storage organizers.
- **Roomy Storage Space:** Features foldable deep drawers for ample storage. The wooden top surface provides space for lamps, clocks, glasses, and other daily essentials.
- **Sturdy and Durable Construction:** Built with a strong steel frame and a water-resistant wood top for stability and longevity.
- **Adjustable Feet:** Equipped with 4 adjustable plastic feet to protect floors from scratches and ensure stability on uneven surfaces.
- **Enhanced Safety:** Includes anti-tipping accessories to prevent accidents. The non-woven synthetic fabric is breathable and harmless, suitable for all ages.
- **Easy Assembly:** Comes with detailed instructions and all necessary hardware for straightforward assembly and disassembly.

4. SETUP & ASSEMBLY INSTRUCTIONS

Before You Begin

- Ensure all parts are present and undamaged. Refer to the parts list provided in your product packaging.
- Clear a spacious area for assembly.
- Have a screwdriver or power drill (with appropriate bit) ready.
- It is recommended to have two people for assembly, though it can be completed by one person.

Assembly Steps (Refer to Video for Visual Guide)

The following steps outline the general assembly process. Specific part numbers and quantities may vary slightly depending on your dresser model (4, 5, or 7 drawers). Please consult the included instruction manual for precise details for your specific model.

1. **Step 1: Assemble the Base Frame Sections.** Connect the horizontal bars to the vertical frame pieces using the provided screws and connectors. Ensure all connections are secure.
2. **Step 2: Connect Frame Sections.** Join the assembled base frame sections together to form the main structure of the dresser.
3. **Step 3: Attach Crossbars.** Secure the crossbars between the vertical frame pieces at designated points.
4. **Step 4: Install Adjustable Feet.** Screw the adjustable plastic feet into the bottom of the frame. Adjust them as needed to level the dresser on uneven surfaces.
5. **Step 5: Attach X-Shaped Back Brace.** Secure the X-shaped back brace to the rear of the frame using the provided screws and washers. This enhances stability and prevents wobbling.
6. **Step 6: Install Top Wood Panel.** Place the wood top panel onto the assembled frame and secure it with screws.
7. **Step 7: Prepare Fabric Drawers.** Insert the bottom support panel into each fabric drawer to give it shape and rigidity.
8. **Step 8: Insert Drawers.** Slide the assembled fabric drawers into their respective slots in the dresser frame.
9. **Step 9: Install Anti-Tipping Kit.** For safety, attach the anti-tipping hardware to the back of the dresser and secure it to a wall stud according to the instructions provided with the kit.

5. OPERATING INSTRUCTIONS

Using the Drawers

- To open a drawer, gently pull the handle. The drawers are designed to slide smoothly within the frame.
- To close a drawer, push it back into the frame until it is fully seated.
- Avoid overloading drawers. Each drawer has a weight capacity of approximately 5.5 lbs (for the 4-drawer model, refer to specifications for other models). Overloading can damage the fabric or the frame.
- Distribute weight evenly within each drawer to prevent sagging or damage.

Top Surface Usage

- The wooden top surface can be used to place decorative items, lamps, or other lightweight objects.
- Do not place excessively heavy items on the top surface to avoid damage or instability.
- Avoid placing hot items directly on the wood top; use coasters or protective pads.

6. CARE AND MAINTENANCE

- **Cleaning the Frame and Top:** Wipe the steel frame and wood top with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners.
- **Cleaning Fabric Drawers:** For light cleaning, use a lint roller or a soft brush to remove dust and debris. For stains, spot clean with a mild detergent and a damp cloth. Allow to air dry completely. Do not machine wash.
- **Regular Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if

necessary.

- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight may cause the fabric to fade over time.
- **Avoid Excessive Moisture:** While the wood top is water-resistant, avoid prolonged exposure to moisture to prevent warping or damage.

7. TROUBLESHOOTING GUIDE

Problem	Possible Cause	Solution
Dresser is wobbly/unstable.	Uneven floor; loose screws; X-shaped back brace not properly installed.	Adjust the leveling feet at the bottom of the dresser. Check and tighten all screws. Ensure the X-shaped back brace is securely attached.
Drawers do not slide smoothly.	Drawer is overloaded; bottom support panel not fully inserted; obstruction in the drawer slot.	Reduce the weight in the drawer. Ensure the bottom support panel is flat and fully inserted. Check for any items blocking the drawer's path.
Fabric drawers appear saggy or misshapen.	Overloaded drawers; bottom support panel not used.	Ensure drawers are not overloaded and weight is distributed evenly. Verify that the bottom support panel is correctly placed in each drawer.
Dresser feels unstable when drawers are pulled out.	Anti-tipping kit not installed.	Install the anti-tipping kit as per the safety instructions to secure the dresser to a wall.

8. SAFETY INFORMATION

- **Anti-Tipping Device:** Always install the provided anti-tipping kit to secure the dresser to a wall. This is crucial to prevent serious injury from tipping furniture, especially in households with children.
- **Weight Limits:** Do not exceed the recommended weight capacity for each drawer (approx. 5.5 lbs) or the top surface.
- **Supervision:** Children should be supervised when near the dresser to prevent climbing or playing with drawers.
- **Placement:** Place the dresser on a flat, level surface. Adjust the leveling feet as needed.
- **Maintenance:** Regularly check all fasteners and connections to ensure they are tight.

9. WARRANTY AND CUSTOMER SUPPORT

For specific warranty information, please refer to the documentation included with your purchase or visit the official WLIVE website. If you encounter any issues or have questions regarding your WLIVE Fabric Storage Dresser, please contact WLIVE customer support through the retailer where the product was purchased or via the contact

information provided on the WLIVE official website.
