Ohniyou GLX100

Ohniyou 52" Low Profile Ceiling Fan with Light and Remote/APP Control User Manual

Model: GLX100

1. IMPORTANT SAFETY INFORMATION

Please read and understand all instructions before installing or operating this product. Failure to follow these instructions may result in electric shock, fire, or serious personal injury.

- Ensure power is disconnected at the circuit breaker before installation or servicing.
- All electrical connections must be in accordance with local codes, ordinances, or national electrical codes.
- Consult a qualified electrician if you are unsure about the installation process.
- Mounting structure must be capable of supporting the fan's weight (10 pounds).
- Do not operate the fan with damaged blades.
- Keep hands, hair, and clothing clear of moving fan blades.

2. PACKAGE CONTENTS

Verify that all components are present before beginning installation:

- Ceiling Fan with Light
- Manual
- Mounting Hardware
- Remote Control

Figure 2.1: Exploded view of Ohniyou Ceiling Fan components, showing the all-in-one fan motor, mounting bracket, integrated light kit, leaf forks, and engineered wood blades.

3. SETUP AND INSTALLATION

The Ohniyou Ceiling Fan is designed for easy installation, typically within 30 minutes. All necessary mounting hardware and detailed instructions are included.

3.1 Physical Installation

Follow the step-by-step instructions provided in the included manual for secure mounting to a flat ceiling. For visual guidance, refer to the instructional video:

Your browser does not support the video tag.

Video 3.1: Official installation guide for the Ohniyou Ceiling Fan. This video demonstrates the process of mounting the fan and connecting its components.

For additional installation support, you may also refer to this external video guide:<https://www.youtube.com/watch?v=b6PFxq8aHo>

3.2 App Connection and Pairing

The fan can be controlled via a smartphone application. Follow these steps to download and connect the app:

1. Scan the QR code provided in the manual or search for "FanLamp Pro" in your app store.
2. Open the app and add a new device for your fan, naming it (e.g., "Fan 1").
3. Ensure your phone's Bluetooth is turned on.
4. In the app, read and agree to the terms for Bluetooth access.
5. Allow nearby devices to connect.
6. **Reset the fan (IMPORTANT):** Turn off the wall switch controlling the fan's power, wait about 5 seconds, then turn it back on.
7. **Pair to the APP:** Hit the pair button on the app approximately 3 times till you hear a beep from the fan and the light flashes.
8. Try using the app to control the fan.

4. OPERATING INSTRUCTIONS

4.1 Remote Control Functions

The included remote control provides comprehensive control over your ceiling fan and light. Ensure 2x AAA batteries (not included) are installed.

Figure 4.1: Multifunctional Remote Control layout with button descriptions.

- **Light ON/OFF:** Toggles the light.

- **ALL ON/OFF:** Toggles both fan and light.
- **CCT Change:** Cycles through color temperatures (Warm, Natural, Cool White).
- **CCT +/-:** Adjusts color temperature (Warmer/Cooler).
- **Pairing:** Used for initial pairing with the fan.
- **F/R (Reversible Motor):** Changes fan direction for summer (downward airflow) or winter (upward airflow).
- **6 Speed Button:** Selects fan speed from 1 to 6.
- **Night Light:** Activates a low-brightness night light mode.
- **Brightness +/-:** Adjusts light brightness (dimnable 5%-100%).
- **Timer Setting (2H):** Sets a 2-hour auto-off timer.
- **Natural Wind:** Simulates natural breeze by varying fan speed.
- **Fan ON/OFF:** Toggles the fan.

4.2 App Control

The "FanLamp Pro" app offers advanced control features, including fan speed adjustment, light brightness and color temperature control, and timer settings. Refer to Section 3.2 for app connection instructions.

4.3 Light Features

The integrated 18W LED light source offers three color temperatures (3000K Warm, 4500K Natural, 6000K Cool White) and is 5%-100% dimmable. It provides up to 1600 lumens, comparable to an 18W light bulb.

3 Color Dimmable LED Light

1600 Lumens
As bright as a 18w light bulb

3 Color Temperature

0-100% Dimmable

Ohniyou
85% Energy Efficient

Figure 4.2: Dimmable LED light with 3 color temperature options.

4.4 Fan Operation

The fan features a quiet DC motor with 6-speed settings, delivering up to 4,580 CFM airflow. The reversible motor allows for year-round comfort:

- **Summer Mode:** Downward airflow creates a cooling breeze.
- **Winter Mode:** Upward airflow circulates warm air trapped near the ceiling.

Reverse Wind for All-Season Comfort

Dual Blade Colors,
Double Style

Figure 4.3: Reversible wind function for all-season comfort.

4.5 Memory Function

The fan's light has a memory function. If the light is turned off for at least 10 seconds, it will return to the last used color temperature and brightness when turned back on. If turned on again within 10 seconds, the color temperature will switch.

Figure 4.4: Light Memory Function behavior.

5. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your Ohniyou Ceiling Fan.

- **Cleaning:** Use a soft, damp cloth to clean the fan blades and motor housing. Do not use abrasive cleaners or solvents.
- **Blade Inspection:** Periodically check the fan blades for any signs of damage or warping.
- **Tightness:** Ensure all screws and connections remain tight.

6. TROUBLESHOOTING

If you encounter issues with your Ohniyou Ceiling Fan, refer to the following common solutions:

Problem	Possible Cause	Solution
Fan does not operate.	No power, loose wiring, remote/app not paired.	Check circuit breaker. Ensure all connections are secure. Re-pair remote/app (refer to Section 3.2).
Light does not turn on.	Light switch off, loose connection, LED failure.	Ensure light is toggled on via remote/app. Check wiring. Contact customer support if LED is faulty.
Fan wobbles.	Loose blades, uneven blade balance, improper mounting.	Ensure all blade screws are tight. Check blade balance. Verify secure mounting to ceiling.
Remote/App not responding.	Low batteries (remote), app not connected, interference.	Replace remote batteries. Re-pair app. Reduce interference from other devices.

7. PRODUCT SPECIFICATIONS

Feature	Detail
Brand	Ohniyou

Feature	Detail
Model Name	GLX100
Color	Sliver
Electric Fan Design	Ceiling Fan
Power Source	AC
Style	Flush Mount
Product Dimensions	52"D x 52"W x 10.62"H
Room Type	Bedroom, Dining Room, Home Office, Kids Room, Living Room
Special Features	App Operable, Dimmable Light, Quiet DC Motor, Remote Controlled
Recommended Uses	Air Circulation, Cooling
Noise Level	20 dB
Wattage	35 watts
Number of Blades	5
Air Flow Capacity	4580 Cubic Meters per Minute
Blade Length	20.7 Inches
Theme	Modern
Speed	200 RPM
Voltage	120 Volts
Switch Type	Remote Control
Item Weight	10 Pounds
Indoor/Outdoor Usage	Indoor (suitable for covered patio)
Control Method	App, Remote
Light Type	LED
Blade Material	Engineered Wood

8. WARRANTY AND SUPPORT

Ohniyou values customer satisfaction and stands behind the quality of its products. If you encounter any issues or require replacement parts, please contact us directly.
