

Ohniyou GLX100

Ohniyou 52" Low Profile Ceiling Fan User Manual

Model: GLX100 | Brand: Ohniyou

1. PRODUCT OVERVIEW

The Ohniyou 52" Low Profile Ceiling Fan is a modern and versatile ceiling fan designed for indoor and covered outdoor spaces. It features smart control options via both a remote and a smartphone app, an ultra-quiet DC motor, and dimmable LED lighting with adjustable color temperatures. Its minimalist design with reversible blades allows it to seamlessly integrate into various home decor styles.

- **Smart Control:** Full functionality via included remote and smartphone app (fan speed, light brightness/color, timers).
- **Ultra-Quiet DC Motor:** Operates at noise levels as low as 20 dB, offering 6-speed settings and 4,580 CFM airflow. Reversible motor for year-round comfort.
- **Dimmable LED Lighting:** 18W LED light source with 3000K (warm), 4500K (natural), and 6000K (cool white) options. 5%-100% dimmability and flicker-free illumination.
- **Modern Design:** Double-sided 5-blade design (black and wood-grey) for versatile aesthetic integration.
- **Easy Installation:** Designed for quick setup on flat ceilings, with all necessary hardware and detailed instructions provided.

2. SETUP AND INSTALLATION

This ceiling fan is designed for easy installation, typically taking around 30 minutes. Ensure you have all components before beginning. A detailed instructional video is available to guide you through the process.

3. OPERATING INSTRUCTIONS

The Ohniyou Ceiling Fan offers convenient control via both the included remote and a dedicated smartphone app. Familiarize yourself with the controls for optimal use.

3.1 Remote Control Functions

Multifunctional Remote Control

Mount on the wall as a wall switch

Figure 3.1: Layout of the multifunctional remote control, detailing buttons for light, fan speed, timer, and directional control.

- **Light ON/OFF:** Toggles the LED light.
- **Fan/Light ALL OFF:** Turns off both the fan and light.
- **CCT Change (K+ / K-):** Adjusts the color temperature of the light (3000K warm, 4500K natural, 6000K cool white).
- **Brightness (+ / -):** Dims or brightens the light from 5% to 100%.

- **Night Light:** Activates a low-brightness night mode.
- **Reversible Motor (F/R):** Changes fan direction for summer (downward airflow) or winter (upward airflow) use.
- **Fan Speed (1-6):** Selects one of six fan speeds.
- **Timer Setting (2H):** Sets the fan to turn off automatically after 2 hours.
- **Natural Wind:** Simulates a natural breeze by varying fan speed.
- **Fan OFF:** Turns off only the fan.

3.2 Smartphone App Control

The fan can also be controlled via a smartphone app, offering additional smart features.

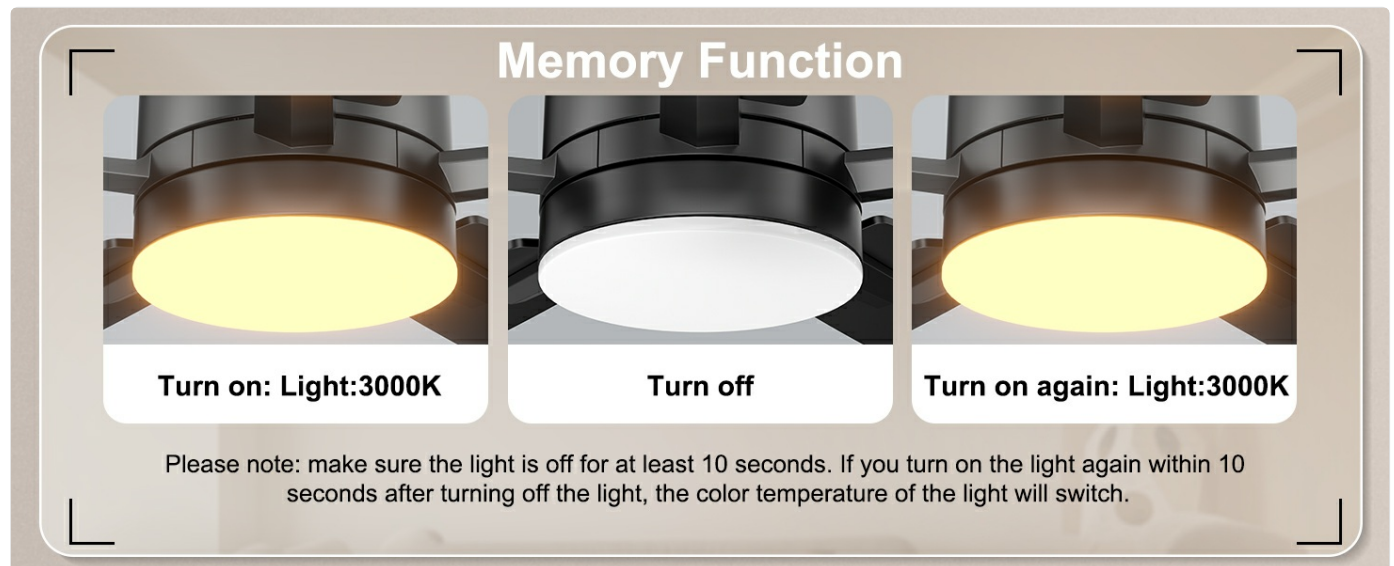

Figure 3.2: Instructions for connecting the mobile app, including a QR code for download and a visual of the app interface.

To match the app:

1. Turn on your phone's Bluetooth.
2. Go back to the app interface.
3. Turn off the wall switch, wait 5 seconds, then turn it on again.
4. Hit the pair button in the app to connect.

Download the app from <http://www.jasonghost.com/fanlamppro/> or search "FanLampPro" in your app store.

3.3 Quiet Operation and Airflow

Quiet Operation

Timed Shut-Off, Comfort at Your Command

Saving

Figure 3.4: Visual representation of the fan's powerful 4580 CFM airflow and its reversible function for year-round comfort.

The fan's DC motor ensures ultra-quiet operation, making it suitable for bedrooms and living rooms. The reversible function allows for downward airflow in summer for cooling and upward airflow in winter to circulate warm air.

4. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your Ohniyou Ceiling Fan.

- **Cleaning:** Dust the fan blades and motor housing regularly with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners.
- **Blade Inspection:** Periodically check that all blade screws are tight. Loose screws can cause wobbling or noise.
- **Light Source:** The LED light source is integrated and designed for long-term use. If issues arise, contact customer support.
- **Motor:** The DC motor is designed for maintenance-free operation. No lubrication is required.

5. TROUBLESHOOTING

If you encounter any issues with your Ohniyou Ceiling Fan, refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
Fan does not operate	No power to the fan; Remote control battery low; Remote not paired.	Check circuit breaker; Replace remote batteries; Re-pair remote following app control instructions.
Fan wobbles	Loose blade screws; Improper blade installation.	Tighten all blade screws; Ensure blades are installed correctly and balanced.
Light does not work	No power to the light; Light panel connection issue.	Check power supply; Verify light panel connection is secure.
Noise from fan	Loose components; Interference with ceiling.	Check all screws and connections; Ensure fan is not touching the ceiling or other objects.

For further assistance, please contact Ohniyou customer service.
