

## Oulice 3MM Comb Attachment (Compatible with Panasonic ER-GK21-K, ER-GK20, ER-GK20-K401, ER-GK20-K541)

# Oulice 3MM Comb Attachment User Manual

For Panasonic ER-GK21-K, ER-GK20, ER-GK20-K401, ER-GK20-K541 Body Groomers

## INTRODUCTION

---

This manual provides instructions for the proper use and maintenance of your Oulice 3MM Comb Attachment. This accessory is designed to be compatible with specific Panasonic ER-GK series body groomers, including models ER-GK21-K, ER-GK20, ER-GK20-K401, and ER-GK20-K541. It allows for precise 3mm length adjustments for body hair grooming.

## SAFETY INFORMATION

---

- Always ensure the groomer is turned off before attaching or detaching the comb.
- Inspect the comb attachment for any damage before each use. Do not use if cracked or broken.
- Keep out of reach of children.
- Use only with the specified Panasonic ER-GK series body groomers.

## SETUP

---

### Attaching the 3MM Comb Attachment

1. Ensure your Panasonic ER-GK series body groomer is clean and turned off.
2. Align the comb attachment with the groomer head. The attachment is designed to slide securely onto the groomer's blade assembly.
3. Gently push the comb attachment onto the groomer head until it clicks into place, indicating a secure fit. Do not force the attachment.

## Detaching the 3MM Comb Attachment

1. Turn off the body groomer.
2. Gently pull the comb attachment away from the groomer head. Avoid twisting or bending the attachment during removal.

## OPERATING INSTRUCTIONS

---

### Grooming with the 3MM Comb Attachment

The 3MM Comb Attachment provides a consistent 3mm trimming length, ideal for maintaining short body hair or preparing for a closer shave.

- Ensure the comb is securely attached to your groomer.
- Turn on the groomer.
- Hold the groomer with the comb attachment flat against your skin.
- Move the groomer slowly and steadily against the direction of hair growth for an even trim.
- This attachment is suitable for various body areas, including arms, legs, armpits, chest, and delicate VIO zones.

## MAINTENANCE

---

### Cleaning the Comb Attachment

The Oulice 3MM Comb Attachment features a waterproof design, allowing for easy cleaning.

1. After each use, detach the comb attachment from the groomer.
2. Rinse the comb attachment thoroughly under running water to remove any trapped hair and debris.
3. For a more thorough cleaning, you may use a mild soap solution and a small brush to gently clean between the teeth.
4. Rinse again with clean water to remove all soap residue.
5. Allow the comb attachment to air dry completely before storing or reattaching to the groomer.

## TROUBLESHOOTING

---

### Common Issues and Solutions

Problem	Possible Cause	Solution
Comb attachment does not fit or is loose.	Incorrect model compatibility or improper attachment.	Ensure your groomer is one of the compatible Panasonic ER-GK series models. Re-align and push firmly until it clicks.
Uneven trimming.	Hair buildup in the comb or incorrect grooming technique.	Clean the comb thoroughly. Ensure the groomer is held flat against the skin and moved slowly against hair growth.
Comb attachment appears damaged.	Physical impact or wear and tear.	Discontinue use immediately. Replace the attachment with a new one.
