

Epecoya ZL0016

Epecoya 59-Inch Extendable Round Dining Table Instruction Manual

Model: ZL0016

1. SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- Always follow the assembly instructions provided.
- Use caution when extending and retracting the table to prevent injury.
- Keep the table clean and dry to maintain its stability and prevent accidents.
- Do not exceed the maximum weight recommendation of **150 Pounds (68 kg)**.
- Always ensure the table is properly assembled and stable before use to prevent tipping or collapse.
- This table is designed for **Indoor Usage** only.

2. PRODUCT OVERVIEW

The Epecoya Extendable Round Dining Table (Model ZL0016) is a versatile piece of furniture designed to adapt to your dining needs. It features an extendable tabletop, allowing it to transition from a round shape to an oval, accommodating 4 to 6 people comfortably. The table combines a durable wood top with a robust industrial metal frame, offering both style and stability.

Key Features:

- **Extendable Design:** Easily expands to accommodate 4-6 people.
- **Generous Table Top:** Provides ample legroom and comfortable seating.
- **Sturdy Construction:** Crafted with an engineered wood top and a robust black metal frame.
- **Versatile Finish:** Black-brown finish complements various decor styles.
- **Easy Assembly:** Designed for straightforward setup.

Dimensions:

The table measures approximately **43.25"D x 59"W x 29.5"H** when fully extended. The unextended round diameter is 43.25 inches.

3. SETUP AND ASSEMBLY

The Epecoya dining table is designed for straightforward assembly. An assembly guide and installation tool are included in the package. It is recommended that **two people** perform the assembly.

Assembly Tips:

- Refer to the detailed assembly guide included in your package for step-by-step instructions.
- A **manual screwdriver** is recommended for assembly. *Do not use a power driver*, as its torque can strip the screws from the tabletop.
- For easier assembly, consider inserting the supplied leveling feet into the legs **before** attaching the legs to

each other.

- Ensure all connections are secure but do not overtighten screws to avoid damaging the engineered wood.

4. OPERATING THE EXTENDABLE FEATURE

The table features a smooth extension mechanism to easily change its size and shape.

To Extend the Table:

1. Gently pull the two halves of the tabletop apart. This will reveal the central mechanism.
2. Insert the extension leaf into the gap. Ensure the leaf aligns perfectly with the two halves, utilizing its integrated pads for proper height.
3. Push the tabletop halves back together until they are flush with the extension leaf and the snap latches engage.

To Retract the Table:

1. Disengage any locking mechanisms or snap latches holding the tabletop halves together.
2. Gently pull the tabletop halves apart to create a gap.

3. Remove the extension leaf. *Note: The extension leaf does not store inside the table and should be kept elsewhere when not in use.*

4. Push the tabletop halves back together until they form the round configuration.

5. MAINTENANCE

Proper care will ensure the longevity and appearance of your Epecoya dining table.

- **Cleaning:** Wipe the table with a **damp cloth** for general cleaning, then immediately follow with a **dry cloth** to prevent moisture damage.
- **Stain Resistance:** The table is stain resistant, but spills should be cleaned promptly to avoid potential marks.
- **Surface Protection:** While durable, the engineered wood top is not as hard as solid oak. Use placemats, coasters, and trivets to protect the surface from hot items, sharp objects, and excessive moisture.

- **Avoid Harsh Chemicals:** Do not use abrasive cleaners or strong chemical solutions, as these can damage the finish.

6. TROUBLESHOOTING

If you encounter any issues with your dining table, refer to the following common solutions:

- **Wobbly Table:** Check all screws and bolts to ensure they are tightened securely. Adjust the leveling feet on the bottom of the legs to compensate for uneven floors.
- **Difficulty Extending/Retracting:** Ensure no debris is obstructing the extension mechanism. Apply a small amount of silicone-based lubricant to the sliding tracks if movement is stiff.
- **Stripped Screw Holes:** If a screw hole becomes stripped during assembly, it may be necessary to use wood glue and toothpicks to fill the hole, allow it to dry, and then re-insert the screw carefully. Avoid using power tools for assembly to prevent this issue.
- **Surface Damage:** For minor scratches or marks, furniture repair kits designed for engineered wood or oak finishes may be used. For significant damage, contact customer support.

7. SPECIFICATIONS

Specification	Detail
Brand	Epecoya
Model Name	ZL0016
Product Dimensions (Extended)	43.25"D x 59"W x 29.5"H
Item Weight	56 Pounds (25.5 kg)
